

SCHOOL BOARD MEETING REPORT

Board Meeting Date: February 19, 2025 Superintendent: Dave Valenzuela

Administrator/Staff: Saunders

Type of Item: Informational Action

Please state your proposal briefly and clearly. What do you want the board to know, discuss, or decide?

We would like your approval to attend Jamf's next annual customer conference, the Jamf Nation User Conference (JNUC) 2025, which is taking place on October 7–9, 2025, in Denver, Colorado. JAMF is an essential product for the tech department that is how we support teaching and learning with Apple devices.

List the advantages of your proposal:

Be surrounded by the brightest minds in the Apple ecosystem to exchange ideas and best practices around managing and securing devices.
Gain new insights and ideas that help our team take our investment in Jamf and Apple to the next level.
Learn advanced workflows that will benefit our organization.
Attend customer-led sessions and technical deep dives to show me how IT and InfoSec leaders are using Jamf to maximize their Mac, iPad, iPhone and Apple TV initiatives.
View product demos from Jamf experts to learn best practices and get a preview of new functionality.

List possible disadvantages of your proposal:

It is an expensive conference but we have found it to be well worth the investment.

List possible alternatives that could also offer a solution to your proposal. Why were they not recommended?

There is online training available but we have found that our staff gains much more from this conference than the online training.

Superintendent's recommendation(s): Approve: Yes No
