

**Resolution to transfer equipment between  
the Tupelo Public School District and the Union County School District**

The Tupelo School District has found and determined that certain property is no longer needed for school district or related purposes and is not to be used in the operation of the schools of the district. The board has deemed this equipment surplus property and to be removed from the district inventory. The school board feels it is in the best interest of the school district to donate the equipment listed below to the Union County School District instead of selling by public auction. Therefore, the Tupelo School District will enter into a private treaty with the Union County School District, a local governing authority, to donate the following items:

Description	Model Number	Serial Number	Value
312 Lenovo Thinkpads	X11E	Various	Original Cost \$391.14/each Current Salvage Value \$3.91/each
See corresponding listing of assets to be removed by board action numbers 70-232 and 234-383			

As a condition of this transfer, the Union County School District agrees to completely wipe out all information currently on the hard drives of all devices and certify, in writing, to the Tupelo Public School District that this has been done.
