BOARD OF EDUCATION
Bloomington, Illinois

Regular Meeting September 23, 2024

FOR DISCUSSION:

Subject: Enrollment Update

As I mentioned at the last meeting in August, there was no enrollment report as school had just started and many families were still trying to complete full registration of their children even after the first day of school. Attached in the "For Information" section of the packet is the report with the 1st day, 6th day, and September enrollment figures.

Inclusion of the first day is to illustrate the difference in the numbers in each of the columns over time. The sixth day was typically reported to the State in the past in helping determining enrollment data for the calculation of General State Aid. The State no longer requires this data, nor does it provide General State Aid since the development of Evidence Based Funding several years ago. These figures are included for historical context.
