9A ACADEMIC UPDATE/TIA UPDATE

Rachel Medrano reported that, as always, the district's vision and mission drive the teaching and learning, along with the four pillars. Amy Chase from the Education Service Center Region 2 came out on Friday afternoon to meet with the teachers on the Early Childhood Literacy Coalition to conduct the second part of the training. At the meeting, they came up with a vision and plan to be accomplished by the end of the month of May. The plan is to design a year-long PD plan (will cover the summer, fall and the spring semester) and administrator-level training in foundational literacy. Belinda Alaniz presented the EOC 2025 data. The EOC are the five tested subjects that the students need to take to graduate. She shared the increases in English I, English II, Algebra, Biology, and a slight decrease in US History. They are working on different strategies for students who keep retesting. Also, she reported that House Bill 8 would go into effect in 2027-2028, and it will include mitigating potential student test anxiety, grades 3-8 will be tested in the beginning/middle/end of year assessments. The end-of-course options, English II EOC assessment is being eliminated, and shorter assessments for faster results. Rachel Medrano also reported that they have started working on the Twenty-first Century Grant, a community survey was sent out, and they received around five hundred responses. They have secured MOU's with Keach Family Library, the Robstown Young Future, and Agrilife. They will be taking a tour of the Robstown Young Future on Friday, January 16th, and the application is due on February 16, 2026. Diana Silvas reported that they met with the teachers at San Pedro, who were absent during the first round of TIA, the team provided a TIA update to the DEIC, the team met to discuss which CTE classes should be included in Phase 2, and the team attended a webinar to learn about the fall updates to the 2027 school year.

M & O UPDATE

Ron Lawver reported that hopefully, after this evening, he will have a start date on the field house. He met with the superintendent and project manager of the company that will be renovating the RECHS Field House last week. They were impressed that, at this time, the building was empty and the shape that it was in. They are looking forward to starting the work. At this time, they are doing a field house at Bishop ISD. The smart thing to do was to just get new air-conditioning units for the field house and reuse one at Hattie Martin, and donate the other one. The units are in working condition, but a new field house needs new air-conditioning units.
