

FIVE YEAR GRANTS, APPLICATION INSTRUCTIONS v2 –APRIL 2015

Submission and Approval Instructions

The initial five year grant application package was issued in March, 2014. This set of instructions has been edited for clarity and organization but contains the same content. Programs may begin using the updated instructions as early as April 2015, and all programs should submit applications based on this version by July 1, 2015.

The grant application package must be developed and submitted in an electronic format using the Head Start Enterprise System (HSES) at <https://hses.ohs.acf.hhs.gov/hsprograms>. **The Administration for Children and Families will no longer accept a hard copy of the application.**

Training materials and a User's Guide can be found in the "Instructions" section of HSES. Complete and submit the application in the HSES tab for "Financials," then "Grant Applications."

A **complete grant application package** requires the following tabs in HSES:

- Program Schedule
- Budget
- Other Funding
- SF-424A
- SF-424^a
- Documents:
 - Upload the **Application and Budget Justification Narrative** document (Limit 60 pp, additional instructions re: narrative requirements follow)
 - Upload supporting documents (Limit 50 pp total) in their respective folders in HSES:
 - Results of Self-assessment and Improvement Plan
 - Training & Technical Assistance Plan
 - Governing Body and Policy Council Decisions^b
 - Indirect Cost Rate Agreement, or records showing adoption of 10% de minimis indirect cost rate, **if applicable**.
 - Sample Delegate and/or Partnership Contracts **if applicable**. NOTE: sample contracts do NOT count toward the 50pp limit.
 - Other Supporting Documents

For further assistance, please contact help@hsesinfo.org or 1-866-771-4737. **Incomplete applications will not be processed.**

^a When grantees enter data for the SF-424 and then submit the application package, HSES automatically generates the following electronically signed Assurances and Certifications as a single PDF file. These can be downloaded at the bottom of the SF-424 tab.

1. SF-424B, Assurances – Non-Construction Programs;
2. Certification Regarding Lobbying;
3. Certification Regarding Compliance with Compensation Cap (Level II of Executive Schedule); and
4. Tax Certification Form.

^b Include the following evidence of Governing Body approval and Policy Council approval or disapproval:

1. Signed statements of the Governing Body and Policy Council Chairs;
2. Governing Body and Policy Council minutes documenting each group's participation in the development and approval of the application; and
3. If the Policy Council did not approve the application, submit the required letter from the Policy Council indicating its reasons for withholding approval.

Application and Budget Justification Narrative: Instructions and Definitions

Content of Application and Budget Justification Narrative

Applications for Federal financial assistance to operate a Head Start and/or Early Head Start program must provide a comprehensive description of the organization's plans to deliver quality Head Start and/or Early Head Start services and a detailed budget to support the planned delivery of services. Applications to obtain a grant for a five year project period or to continue operations during the five year project period contain two sections and are prefaced by a Table of Contents that follows the format and numbering of these Instructions:

- Section I. Program Design and Approach to Service Delivery
- Section II. Budget and Budget Justification Narrative

Section I, Program Design and Approach to Service Delivery, specifies the organization's plans to operate the Head Start and/or Early Head Start programs. Detailed information is requested for the criteria outlined in five sub-sections:

- A. Goals;
- B. Service Delivery;
- C. Approach to School Readiness;
- D. Parent, Family, and Community Engagement (PFCE); and
- E. Governance, Organizational and Management Structure, and Ongoing Oversight.

Section II, Budget and Budget Justification Narrative, must identify and describe the resources needed to implement the project plans and approach described in Section I, Program Design and Approach to Service Delivery. The information in Section II must align with the data contained in the HSES tab for "Financials", then "Grant Applications," then within this current application, the "Budget" tab.

Organizations are required to submit either a Baseline Application or Continuation Application. The criteria for both types of applications are outlined below for each section and sub-section. A determination on the acceptability of the application will be made based on the extent to which each item is addressed.

Should I submit the Baseline Application Narrative or the Continuation Application Narrative for the various Sections and Sub-Sections?

Normally, grantees applying for a new five year project period, whether competitively or non-competitively, would follow the instructions for submitting a Baseline Application Narrative for the first year. Then grantees would follow the instructions for submitting a Continuation Application Narrative in future years of the five year grant.

FIVE YEAR GRANTS, APPLICATION INSTRUCTIONS v2 –APRIL 2015

Some grantees were already in a five year project period when these Instructions were first published in March, 2014. If this is your first time writing a five year application package, follow the Baseline Application Narrative instructions for Sub-Section I-A regarding Goals. There you will describe your program's plans for what you will accomplish during the remaining years of the grant. For the other sub-sections, follow the Continuation Application Narrative instructions.

Length and formatting requirements for Application and Budget Justification Narrative:

1. The information presented in Sections I and II cannot exceed 60 pages, not counting the Table of Contents.
2. Each page must be double-spaced, with one-inch margins on all sides.
3. Use a font size of 12.
4. A Table of Contents must be provided. Follow the format and numbering of these Instructions.
5. Each page must be numbered in the lower right hand corner.

Length and formatting requirements for Supporting Documentation:

1. Supporting documentation and appendices are limited to 50 pages.
2. Required supporting documents include:
 - i. Results of Self-assessment and Improvement Plan
 - ii. Training & Technical Assistance Plan
 - iii. Governing Body and Policy Council Decisions
 - iv. Indirect Cost Rate Agreement, or records showing adoption of 10% de minimis indirect cost rate, ***if applicable***.
 - v. Sample Delegate and/or Partnership Contracts ***if applicable***. NOTE: sample contracts do NOT count toward the 50pp limit.
 - vi. Other Supporting Documents

Terms and Definitions

Long Range Goals— Broad, inspirational statements that describe what you seek to accomplish; targets to be reached. (BROAD = **B**old/**B**eyond current expectations, **R**esponsive, **O**rganization-wide, **A**spirational, and **D**ynamic)

Program Goals— Broad statements that support the program's mission to serve children, families, and the community. In Head Start, program goals may include goals related to parent, family, and community engagement; finances; service provision; etc.

School Readiness Goals— The expectations of children's status and progress across domains of language and literacy development, cognition and general knowledge, approaches to learning, physical well-being and motor development, and social and emotional development that will improve their readiness for kindergarten. (45 CFR 1307.20)

Short Term Objectives— Subparts of goals that are **S**pecific, **M**easurable, **A**ttainable, **R**ealistic and **T**imely (= SMART).

FIVE YEAR GRANTS, APPLICATION INSTRUCTIONS v2 –APRIL 2015

Outcomes – Something that happened as a result of an activity or process. The actual results achieved. The term *outcome* is also used to refer to **Expected Outcomes**, that is, the results you *expect* to see because of an activity or process.

Program Impacts – The influence or effect on a specific Head Start population (e.g. staff, children, families, communities). Note: this term is often used in other settings to signify the findings from an experimental or quasi-experimental research study. Within Head Start’s five-year project period, *impact* refers to how the program, child, family, and/or community changed as a result of what the program did.

Progress – Forward movement toward the achievement of goals, objectives, and outcomes

Evidence – Facts, information, documentation, or examples given to support an assertion.

Resources

Training & Technical Assistance materials are available to help grantees complete their application narrative, particularly the sub-sections concerning planning. See the “Foundations for Excellence: Planning in Head Start” series available at <http://eclkc.ohs.acf.hhs.gov/hslc/tta-system/operations/planning.html>.

Section I. Program Design and Approach to Service Delivery

SUB-SECTION A: Goals

Requirements for Baseline Application Narrative

Describe your program's plans for what you will accomplish during the five year project period or, for programs already operating in a five year project period, plans for what you will accomplish in the remaining years of the grant.

Notes/Definitions/Resources specific to Sub-Section A:

- **Program Goals** are broad statements that support the program's mission to serve children, families, and the community. (See [Foundations for Excellence: Planning in Head Start](#), Topic #1: *Understanding Goals, Objectives, Outcomes, Progress, and Action Plans*)
- **School Readiness Goals** are the expectations of children's status and progress across the domains of language and literacy development, cognition and general knowledge, approaches to learning, physical well-being and motor development, and social and emotional development that will improve their readiness for kindergarten. (See [Foundations for Excellence: Planning in Head Start](#), Topic #3: *Program Goals and School Readiness Goals—Understanding the Relationship*)
- Re: the integration of **Parent, Family, and Community Engagement (PFCE)**: Note that programs may develop PFCE goals as part of program goals that are broad statements that describe what a program intends to accomplish in its work with (and in support of) families. Alternatively, programs may find it more appropriate to develop objectives related to family outcomes and in support of *other* program goals and/or school readiness goals. (See [Foundations for Excellence: Planning in Head Start](#), Topic #5: *Program Planning and Parent, Family, and Community Engagement*)

1. What are your program goals, objectives, and expected outcomes for the next five years?
(*Examples of possible areas to consider: outcomes for children and families; family engagement or related family outcomes, program and fiscal management systems, oversight, and accountability; enhanced community involvement and resources; and unique community and organizational goals.*)
For **each Program Goal**, include:
 - a. **Long Range Goal** statement that is BROAD (**B**old/**B**eyond current expectations, **R**esponsive, **O**rganization-wide, **A**spirational, and **D**ynamic), i.e., what does the program want to accomplish?

FIVE YEAR GRANTS, APPLICATION INSTRUCTIONS v2 –APRIL 2015

- b. Under each goal, **Short Term Objectives** that are SMART (Specific, Measurable, Attainable, Relevant and Timely) for each year of the five year project period, i.e., what does the program plan to do to meet the goal?
 - c. **Expected Outcomes**, i.e., what does the program expect the results will be?
 - d. Data, Tools, or Methods for tracking **Progress**, i.e., what information will the program use during the next five years to determine how they are doing?
2. Demonstrate how your program's **Long Range Goals** and **Short Term Objectives** are informed by the findings from your communitywide strategic planning/needs assessment and the findings of your annual self-assessment. *(Examples of possible areas to consider: priority service areas, special populations, family needs, child health needs.)*
3. Provide the list of your program's **School Readiness Goals** across the five domains *(language and literacy development, cognition and general knowledge, approaches toward learning, physical well-being and motor development, and social and emotional development)*.
 - a. Include **Evidence** of your **School Readiness Goals** alignment with the Head Start Child Development and Early Learning Framework, State early learning guidelines as appropriate, and expectations of the local schools where children will transition.
 - b. Discuss how your program involved parents and the governing body in developing **School Readiness Goals**.
4. Discuss possible **Program Impacts** your program will achieve—i.e., at the conclusion of the five-year grant period, what difference will your program have made for children, families, and the community?

Requirements for Continuation Application Narrative

1. If applicable, list any additions, deletions, or revisions to your program's **Long Term Goals**, **Short Term Objectives**, and **Expected Outcomes** that have occurred since last year's application. If no updates or changes have occurred, include a sentence to that effect.
2. For each program **Long Term Goal**, describe your progress this year toward meeting your **Short Term Objectives** and **Expected Outcomes**. In your discussion, you may use the Data, Tools, or Methods for tracking **Progress** identified in your baseline application, or additional Data, Tools, or Methods identified since then.
3. Discuss **Progress** toward broad **Program Impacts**—i.e., at the conclusion of the five-year grant period, what difference will your program have made for children, families, and the community?

FIVE YEAR GRANTS, APPLICATION INSTRUCTIONS v2 –APRIL 2015

4. If applicable, list any additions, deletions, or revisions to your program's **School Readiness Goals** that have occurred since last year's application. Include information on how parents and the governing body were involved in changes. (Additional information on progress toward meeting School Readiness Goals is included in Sub-Section C.) If no updates or changes have occurred, include a sentence to that effect.

SUB-SECTION B: Service Delivery

Requirements for Baseline Application Narrative

In this section, provide a detailed plan to meet the need for comprehensive child development services for Head Start and/or Early Head Start eligible children and families in your service area.

1. Needs of Children and Families:

Include the following data. Throughout Sub-Section B, describe how the data informs or relates to your detailed plan for comprehensive child development services:

- a. the estimated number of eligible children under five years of age and pregnant women by geographic location, and estimated number of children needing full day & full year care;
- b. data regarding the education, health, nutrition, social service, child care, and other service needs of the proposed children, families and pregnant women;
- c. the needs of children with disabilities; dual language learners; homeless children; children involved in the child welfare system and receiving foster care; working families; and pregnant women, if applicable.

2. Service Area:

- a. Identify the service and recruitment areas for proposed Head Start and/or Early Head Start operations. Provide a map labeling these areas.
- b. Provide **Evidence** to demonstrate that the proposed area(s) is the area(s) of greatest need.
- c. If delegates are proposed, identify the specific service area for each delegate, including the communities in which they will operate, the number of children proposed to be served, and proposed program option(s). If applicable, upload a sample delegate contract to the application Documents folder in HSES for "Sample Delegate and/or Partnership Contracts." This will NOT count toward the 50pp limit on supporting documents.
- d. If child care partners are proposed, identify the number of children proposed to be served through partnership slots. If applicable, upload sample partnership contracts for family child care and/or center based program options to the application Documents folder in HSES for "Sample Delegate and/or Partnership Contracts." These will NOT count toward the 50pp limit on supporting documents. Note that grantees are responsible for keeping the location of all services, including partner sites, up-to-date in the "Centers" tab of HSES throughout their five-year project period.

FIVE YEAR GRANTS, APPLICATION INSTRUCTIONS v2 –APRIL 2015

3. Justification of Proposed Funded Enrollment and Program Options:

First, go to the HSES tab for “Financials,” then “Grant Applications,” then “Program Schedule,” and complete that tab for Head Start and/or Early Head Start. This tab includes funded enrollment by program option, as well as detailed program schedules for each program option and program option variation. Then, in this application narrative:

- a. Discuss how the program options and program option variations are most appropriate to meet the needs of children and families in your service area. Discuss both the program options (i.e., center-based, home-based, combination option, family child care, or approved locally designed option) and the intensity of services (part-day, full-day, part-year, or full-year models).
- b. Special Situation: Enrollment Reduction or Expansion. Are you proposing to reduce or expand funded enrollment in Head Start and/or Early Head Start since last year? If so, state the difference and explain the rationale. You will include more detailed information on the budget implications in Section II: Budget and Budget Justification Narrative.
- c. Special Situation: Conversion. Are you proposing to convert Head Start funds to provide Early Head Start services? If so:
 - i. Specify the planned reduction in Head Start enrollment and the number of infants, toddlers and pregnant women proposed to be served.
 - ii. Provide information on the amount of funds re-allocated from the Head Start program to support Early Head Start services. You will include more detailed information on the budget implications in Section II: Budget and Budget Justification Narrative.
 - iii. Describe how the needs of infants, toddlers and pregnant women will be met. If the agency does not currently operate an Early Head Start program, provide a detailed explanation of how Early Head Start is proposed to be operated, including the service and recruitment areas, program options, qualifications and training of staff, and the physical infrastructure, including facilities.
 - iv. Provide a description of how the needs of eligible Head Start children will be met.
 - v. Discuss the transition plan between Early Head Start and Head Start.
 - vi. Specify the proposed timeline for implementation of the conversion.

4. Centers and Facilities:

First, enter and/or review all data in the “Centers” tab in HSES to ensure the locations of all services are identified, including family and center based child care partners, home based socialization sites, and locations where pregnant women meet as groups. Then, in this application narrative:

- a. If applicable, list any additions, deletions, or revisions to your service locations since last year, including child care partners, and describe the reasons for changes.

FIVE YEAR GRANTS, APPLICATION INSTRUCTIONS v2 –APRIL 2015

- b. Explain how your choice of locations will ensure services are provided to areas with the greatest need.
- c. Describe plans to ensure the health and safety of children and staff at each center and to meet or exceed State and local requirements for licensing of facilities.

Describe planned changes that involve centers with Federal Interest, e.g., proposed loans, subordination agreements, major or minor renovations. Note that proposed facilities activities must be requested using the SF-429 Real Property Status Report and its relevant Attachments.

5. Recruitment and Selection:

- a. Describe the recruitment strategy and selection criteria to ensure services will be provided to those in greatest need of Head Start and/or Early Head Start services.
- b. Describe how the program will ensure that not less than 10 percent of the actual enrollment will be children with disabilities.

6. Transportation:

- a. Describe the level of need for child transportation services.
- b. Describe how the program will either directly meet transportation needs or assist families in accessing other transportation so that children can attend Head Start and/or Early Head Start services.

7. Educational Services:

- a. Describe how the program will meet the educational needs of Head Start and Early Head Start children for each program option. (Note: additional information around School Readiness is in Sub-Section C.)

8. Health:

- a. Describe how the program will meet the health, mental health, nutritional, and oral health needs of children.
- b. Describe the system for health screening and services that will ensure children are accurately referred for necessary follow-up evaluation and treatment within timeframes specified by Head Start regulations.

9. Family Services and Social Services:

- a. Discuss program plans to support families in obtaining needed family services and social services in support of family well-being. (Note: additional information around Parent and Family Engagement is in Sub-Section D.)
- b. Describe program services designed to facilitate parent engagement and parent involvement through meaningful staff-family relationships and program activities.
- c. Describe how individual family assessments will be used to individualize the approach for each family. Specify the number of families assigned to each family service worker and the number of planned contacts per family.

FIVE YEAR GRANTS, APPLICATION INSTRUCTIONS v2 –APRIL 2015

- d. Describe program services to facilitate parent participation, including, if applicable, transportation and child care services.
- e. Describe program services to support maximum child attendance.

10. Early Head Start Specific:

- a. Provide **Evidence** to demonstrate how the proposed service plan for Early Head Start addresses the need for continuity of services and provides a minimum of 48 weeks of service
- b. If the program will not operate for a minimum of 48 weeks per year, provide **Evidence** to demonstrate how quality services are maintained throughout the year.
- c. Describe the services to be provided to enrolled pregnant women.

11. Transition:

Describe a systematic procedure for transitioning children and parents, including pregnant women. As applicable, include a description of how the program will support transition:

- a. from Early Head Start to Head Start or other community-based programs;
- b. from Head Start to the local school system, including kindergarten; and
- c. within Head Start and/or Early Head Start, including serving infants upon birth, and moving a child from one program option to another or from one classroom to the next.

12. Coordination:

- a. Describe how the agency coordinates resources with other child care and preschool programs, State pre-kindergarten programs, and Local Education Agencies to provide high quality child health and developmental services.
- b. Describe the coordination of resources with community programs under Part C and Part B Section 619 of the Individuals with Disabilities Education Act (IDEA) to ensure high quality education and child development services.
 - i. If Memorandum of Understandings (MOUs) were established, describe how the MOUs include the process for referrals, intervention services and the development of individualized educational programs for preschool children, and individualized family service plans for infants and toddlers.
 - ii. If MOUs were not established, provide an explanation for the reasons they were not established with Part C or Part B Section 619 agencies in the service area.

FIVE YEAR GRANTS, APPLICATION INSTRUCTIONS v2 –APRIL 2015

Requirements for Continuation Application Narrative

In this section, discuss any updates to your plans to meet the need for comprehensive child development services for Head Start and/or Early Head Start eligible children and families in the following categories. For each category, if no updates or changes have occurred, include a sentence to that effect. **See Requirements for Baseline Application above for additional detail on each category.**

1. Needs of Children and Families
2. Service Area
 - a. Include any changes to delegate agencies and/or child care partners.
3. Justification of Proposed Funded Enrollment and Program Options
 - a. First, go to the HSES tab for “Financials,” then “Grant Applications,” then “Program Schedule,” and complete that tab for Head Start and/or Early Head Start.
 - b. Special Situation: Enrollment Reduction or Expansion
 - c. Special Situation: Conversion
4. Centers and Facilities
 - a. First, review and/or update all data in the “Centers” tab in HSES to ensure the locations of all services are identified, including child care partners.
 - b. Discuss any changes, including changes to centers with federal interest. Note that proposed facilities activities must be requested using the SF-429 Real Property Status Report and its relevant Attachments.
5. Recruitment and Selection
6. Transportation
7. Educational Services
8. Health
9. Family Services and Social Services
10. Early Head Start Specific
 - a. Continuity of services (48 weeks per year)
 - b. Pregnant women services
11. Transition
12. Coordination

FIVE YEAR GRANTS, APPLICATION INSTRUCTIONS v2 –APRIL 2015

SUB-SECTION C: Approach to School Readiness

Requirements for Baseline Application Narrative

In addition to setting School Readiness Goals, included in Sub-Section A of this application, your program's approach to school readiness includes child assessment data and curriculum, and may include staff-child interaction observation tools.

1. Child Assessment Data:
 - a. Identify the child assessment(s) used or to be used by your program and discuss how it is developmentally, linguistically, and culturally appropriate for the group of enrolled children.
 - b. Describe your program's system to analyze child assessment data to individualize the instruction and learning for each child and to aggregate and analyze child assessment data at least three times per year. Note that Migrant and Seasonal Head Start programs operating less than 90 days are required to aggregate data at least twice within their operating period.
 - c. Explain how the child assessment data analysis, in combination with other program data, will be used to:
 - i. Determine the agency's progress toward meeting its goals and intended impacts
 - ii. Inform parents and the community of results
 - iii. Direct continuous improvement
 - d. Describe a plan to ensure the fidelity of assessment tools will be maintained.
2. Curriculum:
 - a. Identify the curriculum(a) used by your program and discuss how it is developmentally, linguistically, and culturally appropriate for the group of enrolled children.
 - b. Discuss how the curriculum(a) relates to the child assessment(s) used.
 - c. Include **Evidence** that your curriculum(a) is aligned with the Head Start Child Development and Early Learning Framework, State early learning guidelines as appropriate, and expectations of the local schools where children will transition to kindergarten.
3. Staff-Child Interaction Observation Tools:
 - a. Identify whether staff-child interaction observation tools (i.e. CLASS, HOVRS, Arnett Caregiver Interaction Scale) will be used by the program. If not, skip the remaining parts of this question.
 - b. Explain how the staff-child interaction tools will be used.
 - c. Describe your program's plan to use this data to improve the quality of children's experiences.
 - d. Describe a plan to ensure the fidelity of the assessment tools will be maintained.

FIVE YEAR GRANTS, APPLICATION INSTRUCTIONS v2 –APRIL 2015

Requirements for Continuation Application Narrative

In addition to setting School Readiness Goals, included in Sub-Section A of this application, your program's approach to school readiness includes child assessment data and curriculum, and may include staff-child interaction observation tools.

1. Updates to Approach in School Readiness, if applicable. If no updates or changes have occurred, include a sentence to that effect.
 - a. Discuss any change in child assessment(s) used by your program since last year's application
 - b. Discuss any change in curriculum(a) used by your program since last year's application
 - c. Discuss any change in staff-child interaction observation tools (i.e. CLASS, HOVRS, Arnett Caregiver Interaction Scale) used by your program since last year's application
2. Report on the progress of children and the program towards achieving school readiness in each of the five domains. Provide specific examples as appropriate.
3. Describe program improvements implemented in response to the analysis of child assessment and other data. Provide specific examples as appropriate.

SUB-SECTION D: Parent, Family, and Community Engagement

Requirements for Baseline Application Narrative

In Sub-Section A, programs will have identified program level goals and/or objectives related to family outcomes. (For a discussion of the difference between program goals related to family outcomes and individual family goals related to individual family strengths, needs, and aspirations, see [*Foundations for Excellence: Planning in Head Start*, Topic #5: Program Planning and Parent, Family, and Community Engagement.](#)) In this Sub-Section D, programs will describe the processes and data sources for developing their PFCE goals/objectives related to family outcomes.

1. Describe the process to be used to identify and prioritize PFCE goals and/or objectives. (For example, will families be involved in the goal-setting process? Will information such as aggregated family assessment data be used to target outcome areas? Will the program seek staff input on priority goals/objectives?)
2. Identify the data, tools, or methods that will be used to support implementation of and track progress toward PFCE goals and/or objectives. (Examples could include evidence-based measures, National Center assessment tools, parent surveys, or other program-designed methods.)

FIVE YEAR GRANTS, APPLICATION INSTRUCTIONS v2 –APRIL 2015

3. Describe how aggregated program data related to family progress may also be analyzed in support of children's school readiness goals, as applicable.

Requirements for Continuation Application Narrative

For continuation applications, the following information must be provided:

1. In Sub-Section A, programs listed any additions, deletions, or revisions to the program Long Term Goals, Short Term Objectives, and Expected Outcomes. Did any of these changes involve program goals and/or objectives related to family outcomes? If so, describe the reasons and process for making changes. If no updates or changes have occurred, include a sentence to that effect.
2. If applicable, describe any new data sources used since last year's application to support the implementation and evaluation of PFCE goals and/or objectives. If no updates or changes have occurred, include a sentence to that effect.
3. Describe program data related to family progress that also supports children's school readiness. Provide specific examples as appropriate.
4. Describe how program progress toward PFCE goals and/or objectives is communicated to families. Provide specific examples as appropriate.

SUB-SECTION E: Governance, Organizational and Management Structures, and Ongoing Oversight

Requirements for Baseline Application Narrative

In this section, describe the governance, organizational, and management structures that provide ongoing oversight to support quality services and maintain accountability, efficiency, and leadership within the program.

1. Describe the governing body structure and show how the structure meets the program governance composition requirements established in Section 642(c)(B-D) of the Head Start Act, including at least one member:
 - a. with expertise in fiscal management or accounting;
 - b. with expertise in early childhood education and development; and
 - c. who is a licensed attorney familiar with issues that come before the governing body.Also provide information to assure that governing body members do not have a conflict of interest with the Head Start and/or Early Head Start programs, any delegate programs or other partners/vendors. If the program meets any criteria for exceptions in Section 642(c)(B-D) of the Head Start Act, discuss here also.

FIVE YEAR GRANTS, APPLICATION INSTRUCTIONS v2 –APRIL 2015

2. Describe how the program governance requirements established in Section 642(c) of the Head Start Act are met, including:
 - a. exercise effective oversight of program operations and accountability for Federal funds;;
 - b. monthly reporting of required information to the Governing Body and Policy Council;
 - c. involvement of the Governing Body in the selection of the program's auditor and receipt of the annual audit report;
 - d. include the Policy Council in the planning and decision-making process;
 - e. assure representation of the diverse community served;
 - f. set and monitor overall agency priorities and operational systems; and
 - g. conduct the community assessment, annual self-assessment, ongoing monitoring and outcome-based evaluation.
3. Provide an explanation of the delegated responsibilities of any advisory committees, if applicable, that the Board has established to oversee key responsibilities related to program governance and improvement of the Head Start program. Include a description of the membership of each advisory committee.
4. Provide a description of the composition of the Policy Council and Parent Committees. Describe how parents are meaningfully involved in setting direction for the program.
5. Provide an organizational chart identifying the management team and staffing structure, including:
 - a. the executive director,
 - b. program director,
 - c. managers, and
 - d. other key staff.

Include assigned areas of responsibility and lines of communication and reporting. Identify staffing patterns and supervisory structure to accomplish goals and plans across systems and services.
6. Provide a description of the systems developed to ensure criminal record checks occur prior to hire for all staff working in the Head Start and/or Early Head Start program. Include a description of the procedure followed to ensure staff remain up to date on required health exams and tuberculosis screenings.
7. Demonstrate how all employees meet staff qualification requirements by identifying the qualifications of and competencies for staff, including Head Start and/or Early Head Start director(s); education and child development staff; health services staff; nutrition services staff; mental health services staff; family and community partnership staff; parent involvement services staff; disability services staff; and fiscal staff.

FIVE YEAR GRANTS, APPLICATION INSTRUCTIONS v2 –APRIL 2015

8. Describe how staff will plan, organize and provide comprehensive services that include:
 - a. facilitating effective educator-child relationships that support children’s development;
 - b. ensuring staff are prepared for and supported in implementing evidence-based instructional practices that are individualized based on the ongoing assessment of each child to support positive child outcomes;
 - c. ensuring staff successfully partner with families in supporting children’s development; and
 - d. supporting staff, through regular provision of feedback, supervision, coaching and other mechanisms.
9. Describe the management systems in each of the following areas:
 - a. program planning;
 - b. internal and external communication;
 - c. record-keeping and reporting;
 - d. ongoing program and fiscal monitoring; and
 - e. annual self-assessment, including a summary of the process used to conduct the self-assessment, the results of the most recent self-assessment conducted within the last year, and the improvement plan addressing any issues, including action steps, person(s) responsible, and timeframe for corrective action.
10. Upload, in the application Documents folder in HSES for “Training & Technical Assistance Plan,” a comprehensive Training and Technical Assistance plan that addresses mandatory training and priorities identified from ongoing monitoring and the annual self-assessment. Describe planned training for staff, parents, volunteers, governing body members and Policy Council members.

Requirements for Continuation Application Narrative

For continuation applications, the following information must be provided:

1. Describe changes to the roles and responsibilities of the Board and Policy Council, if applicable. If no updates or changes have occurred, include a sentence to that effect.
2. Include a current organizational chart.
3. Provide updates of staff qualifications or competencies for the following groups: Head Start and/or Early Head Start director(s), education and child development staff, health services staff, nutrition services staff, mental health services staff, family and community partnership staff, parent involvement services staff, disability services staff, and fiscal staff. If no updates or changes have occurred, include a sentence to that effect.
4. Describe changes to the management systems for planning, communications, record- keeping and reporting, ongoing monitoring, and self-assessment. Include a summary of the results of the most recent self-assessment and the improvement plan addressing the issues, action steps, person(s) responsible, and timeframe for planned or completed corrective action.

FIVE YEAR GRANTS, APPLICATION INSTRUCTIONS v2 –APRIL 2015

5. Upload, in the application Documents folder in HSES for “Training & Technical Assistance Plan,” a comprehensive Training and Technical Assistance plan that addresses mandatory training and priorities identified from ongoing monitoring and the annual self-assessment. Describe planned training for staff, parents, volunteers, governing body members and Policy Council members.

Section II. Budget and Budget Justification Narrative

Requirements for All Applications

A comprehensive budget that aligns with the proposed program approach and identifies allowable, reasonable, and allocable costs must be submitted for each year of the five year project period. First, go to the HSES tab for “Financials,” then “Grant Applications,” then within this current application, complete the following tabs:

- Budget
- Other Funding
- *SF-424A
- SF-424

Additional Notes:

* The SF-424A, Budget Information Non-Construction Programs, must provide the distribution of funds **by object class categories in separate columns** for Head Start Program Operations, Head Start Training and Technical Assistance, Early Head Start Program Operations and Early Head Start Training and Technical Assistance for the grant and for each delegate agency.

Also note that if applicable, you will include separate proposed budgets for Head Start and Early Head Start and each delegate agency. Then, in Section II of your **Application and Budget Justification Narrative** document, justify the budget by addressing the following items:

1. Provide a detailed budget narrative and justification that identifies the amount of funds and a description of the intended use of program operations and training and technical assistance funds by object class category for Head Start and/or Early Head Start. Include any one-time costs, for any proposed conversion requests, if applicable.
2. Demonstrate the proposed budget supports all direct costs and indirect costs, if appropriate.
3. Demonstrate funds are budgeted to provide all required comprehensive Head Start and/or Early Head Start services to eligible children and families in a cost- effective manner as indicated in Section I, Program Design and Approach to Service Delivery.

FIVE YEAR GRANTS, APPLICATION INSTRUCTIONS v2 –APRIL 2015

4. If applicable, provide a detailed budget narrative for the planned use of any cost-of-living adjustment (COLA) increases included in the projected funding level for the budget period. Describe the plans to increase the hourly rate of pay for staff and the pay scale subject to the provisions of Sections 653 and 640(j) of the Head Start Act. Specify the other planned uses of the funds to offset higher operating costs. Demonstrate the COLA increase was provided to all delegate agencies or provide a justification if the full percentage is not provided to delegate agencies.
5. Describe the organization's financial and property management system and internal controls in place to maintain effective control of and accountability for grant funds, property and other assets.
6. Identify each source of non-federal share match, including the estimated amount per source and the valuation methodology. Demonstrate that the amounts and sources that will contribute to the required non-federal share match of the total project cost are allowable sources. Provide a detailed justification that conforms with the criteria under Section 640(b)(1)-(5) of the Head Start Act if the application proposes a waiver of any portion of the non-federal share match requirement.
7. Demonstrate the ability to meet the 15 percent limitation on funding and administrative (F&A) costs. Provide a detailed justification that meets the conditions of 45 C.F.R. 1301.32(g) if the applicant proposes a waiver of the limitation on development and administrative costs.
8. Discuss the source and amount of cash, donated goods and services, and other resources proposed such as United Way, State and/or local grant funds, etc. to support allowable non-federal match to the project, in addition to the federal funds requested.
9. Submit a cost allocation plan for any proposed costs to be shared between or among programs, including shared staff. Indirect cost must be included in the cost allocation plan unless the applicant has a negotiated indirect cost rate agreement or has adopted use of the 10% de minimis rate.
10. If applicable, in the application Documents folder in HSES for "Indirect Cost Rate Agreement," upload a copy of the current or proposed negotiated indirect cost agreement between the agency and/or delegate agencies and the respective cognizant Federal agency. If using the 10% de minimis indirect cost rate, upload a copy of the policy or other written record indicating date upon which the rate was adopted.
11. Special Situation: Reduction. If applicable, describe the planned use of the funds to support requests for enrollment reductions and proposed budget savings, if any.
12. Special Situation: Conversion. If applicable, identify the amount of funds that will be re-allocated by object class category to convert from either part day to full-working day services or from Head Start to Early Head Start services. Explain the changes in each object class category.

FIVE YEAR GRANTS, APPLICATION INSTRUCTIONS v2 –APRIL 2015

13. Provide a detailed explanation and supporting documents for any proposed use of Head Start grant funds for the initial or ongoing purchase, construction and major renovation of facilities. Identify all proposed sources of funding for facilities activities. Submission of form SF-429 and relevant Attachments and compliance with application requirements in 45 C.F.R. Part 1309 will be required. No Head Start grant funds may be used toward the payment of acquisition, construction or major renovation of a facility without the express written approval of the Administration for Children and Families.
14. Provide explanation of the method of procurement to be used for any proposed equipment purchases over \$5,000.

SECTION 1

PROGRAM DESIGN AND APPROACH TO SERVICE DELIVERY

SUB-SECTION A: GOALS

1. The only revision to our Long-term Program Goals was in the rewording of the following goal:

Strategic Plan goal #2- Families will serve as the primary nurturers of their children and will build upon their strengths as leaders and advocates through parent-initiated program supported activities such as leadership training, parent committees, and policy council.

This goal was changed to- Parents will be active participants in their child's learning, in continuing parent education, in parent leadership opportunities, and progressing on family goals to improve outcomes.

*The justification for this change was to make the goal easier to read, measure, and to report progress (see p. 9-12)

Long-Term Goal 1: Children in our program will show enhancements in their growth and development that is greater than 85% mastery.

2. Progress on Short-Term Objectives/Expected Outcomes	3. Progress toward Program Impacts
	We created a schedule for our campus meeting days. On this schedule, there

<p><u>Year 3 Goal:</u> Our campus will utilize true Professional Learning Communities (PLC) within our school.</p> <p><u>Progress on Short-Term Objectives:</u></p> <p>*Team Leaders and staff will participate in training that addresses the purpose of a PLC. and *Co-workers will use collaborative efforts to assist a child in learning.</p> <p>On Oct. 27, 2016 we trained our staff at our Faculty meeting on the (RTI) Response to Intervention process. When students are identified as performing below where they are expected, the teachers bring that data to their Pod PLC meetings and discusses appropriate interventions. The teachers then plan together using CLI engage intervention resources and form small groups to work with using these targeted interventions.</p>	<p>are designated meetings for PLC work and IEP/RTI work (see p. 13). We gave each Pod \$200.00 in supply money for Intervention materials to help support the student's learning. There are team leaders for each Pod that help to lead the PLC planning meetings. As pods meet, they look over student data from the CLI engage assessment, DIAL-4, anecdotal records, portfolio samples, etc. They use this data to plan purposeful interventions for their small group instruction time. Teachers note these small groups in their lesson plans. These supports have helped us to decrease the number of needed official RTI meetings. We have seen progress in our at-risk student's skills (see p. 14-15 and 37-39). Our district has been approved to be a District of Innovation. This allows us to be more creative with our school calendar. For the</p>

	2017-18 school year, we will have PLC days embedded in our calendar for our teachers (see p. 16).

Long-Term Goal 2: Parents will be active participants in their child’s learning, in continuing parent education, in parent leadership opportunities, and progressing on family goals to improve child outcomes.

2. Progress on Short-Term Objectives/Expected Outcomes	3. Progress toward Program Impacts.
<p><u>Year 3 Goal:</u> Parents will clearly identify their needs upon enrollment using the Parent Needs Survey.</p> <p><u>Progress on Short-Term Objectives:</u></p> <p>*More parents will participate in our parent education opportunities:</p> <p>Our program has continued to try to increase efforts in increasing attendance to our parent education opportunities.</p>	<p>Our program is in tune with our family needs. Their needs help to drive our direction of our program. We are working alongside our district Coalition to become a School-Based Community. Our families need basic resources such as food and clothes. We have applied with Food for Kids and are on a waiting list to get food delivered to our campus to send home with identified kids in need for the</p>

<p>We have increased our advertisement efforts. We have seen an increase in our Saturday event attendance this year. We also increased our teacher incentives for recruiting parents to attend. This has helped to get more parents at our classes (see p. 17)</p> <p>*Our Parent education classes will match the needs of our parents:</p> <p>Parents fill out a Parent Needs Survey which helps to identify the classes that we need to offer for the year. Our PFCE looks at this data from the survey and plans our classes (see p. 18-19)</p> <p>*Parents will be connected to the community resources that they need:</p> <p>Our social worker tracks family needs and updates our MOU partnerships each year. When a family identifies a need, she works with them to try to help them with this need. She keeps a log of this activity.</p>	<p>weekend. We are in the beginning stages of starting a clothes closet as well. Since many of our families struggle with transportation issues we have identified this as our next focus as well as finding ways to get parents more involved in the classrooms. Most of our parents volunteer on big events and planning. We want to increase efforts in getting more in the classrooms. We are trying to expand our partnerships/resources. The Coalition has helped with this initiative.</p>

Long-Term Goal 3: To provide children with the necessary Health and Nutritional Services. Children in our Head Start Program will show an increase in their overall health as documented by 1) a decrease in the number of cases of obesity 2) an increase in the number of parents advocating for their children by obtaining services to address medical, dental, and mental health issues, and 3) an increase in parents advocating for children with disabilities.

2. Progress on Short-Term Objectives/Expected Outcomes	3. Progress toward Program Impacts
<p>Update on <u>Year 2 Goal</u>: The school nurse will chart height and weight for all children</p>	<p>The school nurse continues to track height and weight on all students. The data we collect is hard to compare to last year's data because it represents a mix of previous students and new students. Regardless, we still want to continue to track the percentages each year so that we see these needs more clearly. We have discussed our concerns with increasing obesity rates each year with our Health Advisory Committee and with</p>

<p><u>Year 3 Goal:</u> Based on the Parent Needs Survey completed at the time of enrollment, parent needs related to medical and dental services for their child will be identified.</p> <p><u>Progress on Short-Term Objectives:</u></p> <p>*The number of children who have medical and dental homes will be 100% by the 2nd quarter program review.</p> <p>*Parents will utilize provided information to obtain services.</p>	<p>our Head Start Nutritionist. She has increased efforts in providing Healthy snack lists and reviewing portions that students should be receiving. We offer parent nutrition classes and send home letters explaining the BMI for each child along with resources for them.</p> <p>(see p. 20)</p> <p>Our program tracks whether or not families have medical and dental homes. They look at which families have insurance and which ones do not. If they do not have insurance then we try to find out why and help them to obtain some form of coverage. Our data shows that</p> <p>78.7% of families have Medicaid</p> <p>11.2% Private Insurance</p> <p>10.1% No insurance (the reasons for no insurance are also tracked) (see p. 21)</p> <p>Page 6</p>

Long-Term Goal 4: To maintain a well-managed Head Start Program where everyone is working collaboratively toward a common goal.

2. Progress on Short-Term Objectives/Expected Outcomes	3. Progress toward Program Impacts
<p><u>Year 3 Goal:</u> To use data to drive our program's direction in all areas.</p> <p><u>Progress on Short-Term Objectives:</u></p> <p>*To have all parties involved trained to look to the data for program planning: We trained the teachers to look at CLI engage and DIAL-4 data to help to drive instruction for (IDP) Individual Development Plans, Interventions, Small group instruction, etc. They do this work through their PLC meetings. The Program managers watch webinars, attend trainings for their area, view resources on</p>	<p>Being intentional in the data that we collect has been crucial. We know that data collections tell our story and that it is an ongoing process. When we take time to really look at the data, it highlights the needs in our program in all areas. In turn, this helps us to know where our focus needs to be. The data provides direction for our program. Data collected this year helped us to individualize for families and students:</p> <p>*RTI data</p> <p>*CLI engage data</p> <p>*Student Height/Weight data</p>

<p>the ECLKC, receive PD from the TTA specialist, etc. to help to decide on what our data collections will be. The Community Assessment and Self-Assessment process help to set our goals that we want to track each year. Our Strategic Plan captures our goals and our focus well (see p. 9)</p>	<p>*Family Service Needs data</p> <p>*Attendance data</p>

4. For our School Readiness Goals, the Education Specialist along with our Head Start Teachers looked over the results of the CLI data. They decided to change 3 of our current SR goals to align with our current needs that they identified. These changes were made on the goals for Cognition, Perceptual/Motor/Physical Development, and Approaches to Learning (refer to 9 and 22)

PROGRAM GOALS:

1. Children in our program will show enhancements in their growth and development that is greater than 85% mastery.
2. Parents will be active participants in their child's learning, in continuing parent education, in parent leadership opportunities, and progressing on family goals to improve child outcomes.
3. To provide children with the necessary health and nutritional services. Children in our Head Start Program will show an increase in their overall health as documented by 1) a decrease in the number of cases of obesity 2) an increase in the number of parents advocating for their children by obtaining services to address medical, dental, and mental health issues 3) an increase in parents advocating for children with disabilities.
4. To maintain a well-managed Head Start Program where everyone is working collaboratively toward a common goal.

School Readiness Goals:

1. **LANGUAGE AND LITERACY:** Child understands and uses a wide variety of words for a variety of purposes.
2. **COGNITION:** Child understands addition as adding to and subtracting as taking away from.
3. **PERCEPTUAL, MOTOR, & PHYSICAL DEVELOPMENT:** Child will develop knowledge & skills that help promote nutritious food choices and eating habits; will demonstrate knowledge of personal safety practices & routines.
4. **APPROACHES TO LEARNING:** Child demonstrates initiative and independence; shows interest in & curiosity about the world around them.
5. **SOCIAL AND EMOTIONAL DEVELOPMENT:** Child manages emotions with increasing independence.

DISD HEAD START STRATEGIC PLAN 2017-2018

PFCE Goals:

1. **Families will** serve as the primary nurturers of their children.
2. **Families will** build upon their strengths as the initial educator.
3. **Families will** choose goals based on needs assessments and actively work towards mastering them to improve child outcomes.
4. **Families will** build upon their strengths as advocates and leaders in parent-initiated program supported activities.

Data for 31 students placed into the Response to Intervention Process (RTI) were analyzed. The profile of these students on the Denton ISD Universal Screener indicated a need for Tier 2 or Tier 3 Intervention. Intervention at the Tier 2 level is provided by the teacher in consultation with his/ her Professional Learning Team.

Children at Tier 2 demonstrate a need of weekly small group lessons and ongoing monitoring to assure that they are acquiring the missing skills. Ongoing monitoring of skill development is conducted by the classroom teacher. Results of the data analysis indicate that one student placed at Tier 2 moved to Tier 1 indicating no need for small group interventions.

Of the 31 students 6 students were placed in Tier 3. Students at Tier 3 demonstrate a need for daily one-on-one instruction and ongoing monitoring to assure that they are developing the missing skills. One student's needs previously in Tier 3 was being addressed through Tier 2. Of the 6 students initially placed, 4 continued to demonstrate a need for Tier 3 intervention. Two (2) students initially placed at Tier 2 demonstrated throughout the year a need for more intense intervention and were moved to Tier 3.

The state of Texas adopted a new teacher performance instrument with an emphasis on intentional planning for those children identified as in the "low group." The district also moved to the use of purposeful planning during Professional Learning Community meetings resulting in more strategic planning for those children in need of support. The campus provided additional materials for the Professional Learning Communities to use in planning.

2016-17 DENTON ISD HEAD START NEEDS ASSESSMENT RESULTS

The following information was gathered during the 2016-2017 Head Start Application during the eligibility and recruitment phases of the ERSEA process. 147 applicants selected the areas of greatest need they/their family have under each heading. Our program is using this information to plan and implement ongoing parent education for the 2016-17 school year.

25 - Returning students remain on high BMI list

6 - Returning students no longer are on the list

10 - Returning students are new to the list this school year

The parent needs survey was added to the online enrollment. This allowed the school nurse and the social worker to collect medical information on families in a timely manner. The information gathered identified the number of children with a dental and medical home. Looking at the data the school nurse and social Worker can see who are insured and what are the reasons for no insurance coverage. The data continues to show us that more effort is needed in this area.

MONITORING CHART FOR 2017-2018 GOALS

DENTON ISD HEAD START SCHOOL READINESS GOALS	Effort (source Texas Prek Guidelines)	Plan of Action	Child Outcomes/Effect (CLI Measure)	Maximum Score	Wave 1	Wave 2	Wave 3
Approaches to Learning: Child demonstrates initiative and independence; shows interest in and curiosity about the world around them.	The teacher: *provides a variety of learning centers and activities that meet the needs and interests of different children. *gives children opportunities to make independent decisions about which learning center or materials to work with. *models appropriate use of materials for independent work or play. *comments on the contributions of children in activities, tasks, and play. * teaches and encourages children to solve problems and persist at challenging tasks. *prepares ahead for group activities so that children are not left waiting with nothing to do.	*Teachers set up classroom environment as recommended by state guidelines. Administration and Education Specialist will conduct walkthroughs frequently and provide constructive feedback. *Teachers collect and analyze data from the developmental screeners, classroom observations, work samples, and child information from the IDP. *Teachers and parents collaborate in creating individual goals and track student progress together throughout the year.	CLI Measure: Approaches to Learning Students will demonstrate initiative and independence; shows interest in and curiosity about the world around them at an 80% mastery level (12)	15			
Social and Emotional Development: Child manages emotions with increasing independence	The teacher: *establishes consistent signals to prompt children to become quiet and listen to instructions. *models and prompts children to use effective strategies for calming down when they are too excited. *creates a daily schedule that balances quiet and active times, and allows children opportunities to expend physical energy and be noisy. *arranges the classroom to provide areas for quiet, calm activities	*Parents and teachers formerly meet four times a year. *Teachers facilitate CLI Engage Progress Monitoring three times a year. Teachers use aggregated data for intentional teaching (individual and school readiness goals).	CLI Measure: Emotion and Behavior Regulation Students will manage emotions with increasing independence at an 80% mastery level (19.2).	24			
Language and Literacy: Child understands and uses a wide variety of words for a variety of purposes.	The teacher: *models appropriate language usage. * engages children verbally in center activities, role playing, and modeling desired language skills. * provides experiences that require children to talk, play and work cooperatively.	*Parent Education classes are offered to help parents fulfill roles as first teacher. *Teachers participate in ongoing instructional support and professional development.	CLI Measure: Rapid Vocabulary Students will understand and use a wide variety of words for a variety of purposes at an 80% mastery level (44).	55			
Cognition: Child understands addition as adding to and subtracting as taking away from	The teacher: *uses fingers to show children how to put together an addition problem. *sets up a row of objects and asks child to devise a story using the objects. *models addition using a set of objects and extends to the use of joining three sets. *models and demonstrates the use of a five frame to organize their work. *incorporates number games and finger plays that show addition.	*School Readiness Outcomes are shared with parents, staff, governing board, and the community.	CLI Measure: Operations Students will understand addition as adding to and subtracting as taking away from at an 80% mastery level (2.4).	3			
Perceptual, Motor, and Physical Development: Child will develop knowledge and skills that help promote nutritious food choices and eating habits; will demonstrate knowledge of personal safety practices and routines.	The teacher: *Discusses and models good habits of personal health, including songs. *Engages children in dramatizing safety procedures. *engages children in creating charts, class-made books, and collages of healthy & unhealthy foods. *engages children in active play, games, and exercise.		CLI Measure: Gross Motor Students will demonstrate increasing control, strength, and coordination of small muscles at an 80% mastery level (12).	15			

SUB-SECTION B: SERVICE DELIVERY

1. Needs of Children and Families-

There are no significant changes to the detailed plan to provide child development services for Head Start children and families. We are continuing to strive to look at children and family needs to plan our program direction. We currently have 77 on our priority list. During eligibility, recruitment, and selection, there was an increase in the number of 3 year olds that applied and enrolled in our program. This is partly due to the district opening up more Pre-K options. Obesity levels continue to be a concern and our program is trying to increase awareness/efforts in this area. Our work with our Coalition helped us to see that we need to strive to become a School-Based Community. We are taking steps toward this goal. We continue to have parents that struggle with means of transportation. We are increasing efforts in this area.

2. Service Area-

There are no significant changes in the service and recruitment areas and the recruitment and selection criteria. DISD continues to grow and the boundaries are expanding farther North. With this expansion, we realize that we will need to increase our efforts in advertising our programs to increase parent awareness of the services that we offer. We continue to have a MOU with a neighboring child care center that offers extended care to our students before &/or after school hours at reduced rates. DISD

provides the transportation to and from this center. We currently have **16** Head Start students accessing these services. This option helps our working parents to be able to keep their jobs.

4. Centers and Facilities-

5. Recruitment and Selection-

In school year 2015-2016 the Denton ISD Head Start online application was created and implemented for the school year 2016-2017. The new online application was revised to provide the following:

- Clarity to questions
- Revision of the parent section to gather information for the PIR

The online application provided the opportunity to increase productivity by collecting accurate information and allowing us to spend time on sending the returning student

intent to return letter. It also allowed us to develop the priority list sooner so that the families may be informed that they are accepted for enrollment into Head Start and not seek out other pre-school options.

Since information is gathered automatically during round up, this allows a deeper focus on attendance. Parents were given a comprehensive review of each student's attendance. An overall program mid-year report regarding attendance was created.

This report will be generated at the beginning and the end of each school year.

We serve 193 students per the grant, and the remaining students are placed on the waiting list which is called the priority list. Our priority list for the school year 2016-2017 averaged about

77 students not receiving services and 22 over-income students waiting on the list after the income eligible to enroll in the program. The opening of pre-k classes indicates that pre-kindergarten enrollment in Denton ISD is needed and is on an up-ward trend.

Child is currently enrolled.. (125 responses)

6. Transportation-

DISD continues to provide transportation services for our Head Start students with special needs in order for them to access services. They also provide transportation to the child care center that we have a MOU with for extended care options. There are also 3 local child care centers that will provide transportation to their center for after school care services. The city of Denton has public transportation that is also available to transport families to and from school and there is a bus stop near our campus. As transportation continues to be a struggle for some of our families, we are working to try to find ways to expand options for this need.

7. Educational Services-

Within the first 45 days of enrollment, our program completes developmental screenings on all children. Parents also provide baseline information of their child's development by completing the Ages and Stages Questionnaire. During home visits, teachers collect data from parents on child interest, temperament, cultural background, and developmental strengths and weaknesses, and share student strengths and weaknesses observed in the classroom. Teachers and parents collaboratively develop individual student goals--one goal per each essential domain from the Head Start Early Learning Outcomes Framework. Teachers assess daily and use data to drive instruction. Teachers use student portfolios to reflect student growth and progression towards individual goals. Teachers and parents meet formerly four times a year to discuss student progress, concerns, or make changes to the IDP as needed. Teachers receive ongoing support and professional development. Through Professional Learning Communities and Horizontal meetings, teachers work together to analyze data for intentional teaching. Through classroom observations and walkthroughs, we ensure the classroom environment and teacher student interactions are nurturing and engaging.

In FY 16, three of our Head Start teachers piloted See Saw, which is a digital portfolio system that allows teachers to share student progress with families and administration in real time. In FY 17, we plan to implement See Saw in all Head Start classrooms. In FY 16, Denton ISD implemented a new teacher appraisal system called T-TESS. The T-TESS model allows for administration to coach staff as they grow professionally. In FY 17, our program will begin implementing Practice-Based Coaching in addition to T-TESS.

8. Health-

There are no significant changes noted in the way our program delivers Health and Nutritional Services. However, we are trying to increase our efforts in the following areas:

Nutrition & Obesity levels: Through our Health Advisory Committee, we are working

with our Nutrition Specialist to begin to take a closer look at portion size requirements, healthy snacks, etc. We are providing our teachers with Professional development on the importance of daily gross motor skill time. We also hold 504 meetings for children who have severe allergies to certain foods or have food intolerances in order to come up with an individualized plan for them.

Policies & Procedures alignment with the new standards: We are working with our Health Advisory Committee to update our policies and procedures for the Health area. One main update will be on how we determine to document employees and volunteers being free of communicable diseases. We are working with our district personnel on this task as well.

Increase in Partnerships/Resources: Our school is working with our Coalition to become a School-Based Community where we form partnerships with Community Resources in the needed areas such as Dental, Medical, Mental Health, Nutrition, etc. in order to bring these needed services to our school for our families.

9. Family Services and Social Services-

Within the area of social services there has been an increase in number of times follow-up is done for the family partnership agreement. Follow-up has increased from twice a year to four times a year. At round-up, a family's data is collected from parents using a needs assessment. At enrollment, families determine the goal(s) to work on for the year. During the fall and spring home visits, teachers collaborate with the parents to update goals. The social worker, social

service assistant, and parent, family, community engagement specialist are informed by the teachers when parents need formal or informal networking (additional resources). The family service workers used this data to reflect progression toward the individual goals and family engagement outcomes.

Our families continue to struggle with transportation issues. Out of 193 families 11 families (5.69%) needed help with transportation this school year. We are looking at a strategy that was suggested by parents during our annual self-assessment. We are in our beginning stages.

Other areas our families identified as a need:

- Rent (4.6 % families)
- Electric (7.25% families)

These families were referred to local resources in the community. Shelves are in place for the clothing closet. There is a local child's clothing store that donates clothing to our community clothing closet. There are plans to open a community resource center on the school campus.

10. N/A (We do not have Early Head Start)

11. Transition Updates-

Implementing transition strategies and practices Our program contacts the local elementary schools and frequently checks their websites for campus kindergarten transition activities to share with transitioning families. Flyers are printed and sent home, included in the monthly school newsletter, phone blasts, and social media.

Family collaborations for transitions Kindergarten Transition is discussed during parent orientation, home visits and parent teacher conferences. Parents receive progress reports after each CLI wave so they can support learning outside of the classroom. Each child receives a summer transition packet full of activities, parent education information, and the upcoming school calendar to help encourage learning during summer vacation. Home visit forms and IDPs (student goal sheets) include the transition year to help parents understand that daily activities are intentional and lead to children transitioning to Kindergarten.

Community collaborations with transitions Our program collaborates with Denton ISD Social Services Coordinator to host a Kindergarten Parent Transition Fair, which provides

parents an opportunity to meet and seek assistance through community agencies.

12. Coordination-

Through our work with the Coalition, we are continuing to increase our efforts in community outreach/partnerships. We have developed a name and mission for our Coalition...

Early Childhood Coalition: Serving the North Texas Region

“To engage and empower parents, families, professionals, and communities to provide enriched environments for all children birth-8 years through: Advocacy; Resources; and Comprehensive Services.”

We developed and held a Summit on Early Childhood where we invited key community professionals in order to gather input on our direction and purpose. Through survey results, we realized that there is a need for School-Based Communities. As a result, our campus is in the beginning stages of planning to become one.

Coordination of services for Disabilities- Plans established in November 2014 for gathering information during Round-Up continue to be effective. The district discontinued the use of its Universal Screener due to the adoption of CLI Engage as its Pre-K progress monitoring tool. Denton ISD Head Start Program continued with its established policy of using the DISD Universal Screener as a tool for immediately identifying students in need of RTI Strategies (see pages 14-15).

The DISD Head Start Program began the 2016-17 school year with nine (9) returning students identified with a disability. Five (5) students were identified as potentially Head Start eligible from other programs within the district (PPCD-Preschool Program for Children with Disabilities & Pre-K) with information about the Head Start Round-up shared with parents. These students were added to the Disability List upon their enrollment into the program at the beginning of the school year. During the year one student moved out of the attendance area for the program. Eleven (11) students were identified as having possible delays and were referred to the district for testing. Additionally, three (3) parents have also requested testing. To date, eleven (11) students have been found eligible for Special Education services. Two (2) of these eleven (11) were withdrawn, one by parent and one by a state agency. Three (3) were found to not be eligible (see chart below).

SUB-SECTION C: APPROACH TO SCHOOL READINESS

1. Updates to Approach in School Readiness-

- a. Our program continued using CLI Engage Progress Monitoring to measure school readiness outcomes.
- b. No significant updates or changes have been made to our curriculum since last year. Our program implements the curriculum with fidelity as directed by the Denton ISD Curriculum Department.
- c. There are no changes in staff-child interaction observation tools used by our program since last year's application.

*Note: The district administrators no longer uses PDAS to appraise classroom teachers. We now use the (T-TESS) Texas Teacher Evaluation and Support System instrument. It is a coaching model that helps teachers to identify their “glow” and “grow” areas. There is also a goal-setting piece for the teachers to set individual goals and to track their progress. This is required by the school district and the Head Start Director uses this tool.

During FY 16, our program piloted Texas School Ready’s CLI Engage as our progress monitoring tool for student outcomes for individualized goals and program school readiness goals. Our students have made gains in each domain for 2015-16. School Readiness goals were measured by CLI Engage Progress Monitoring Tool (English and Spanish). In the Language and Literacy

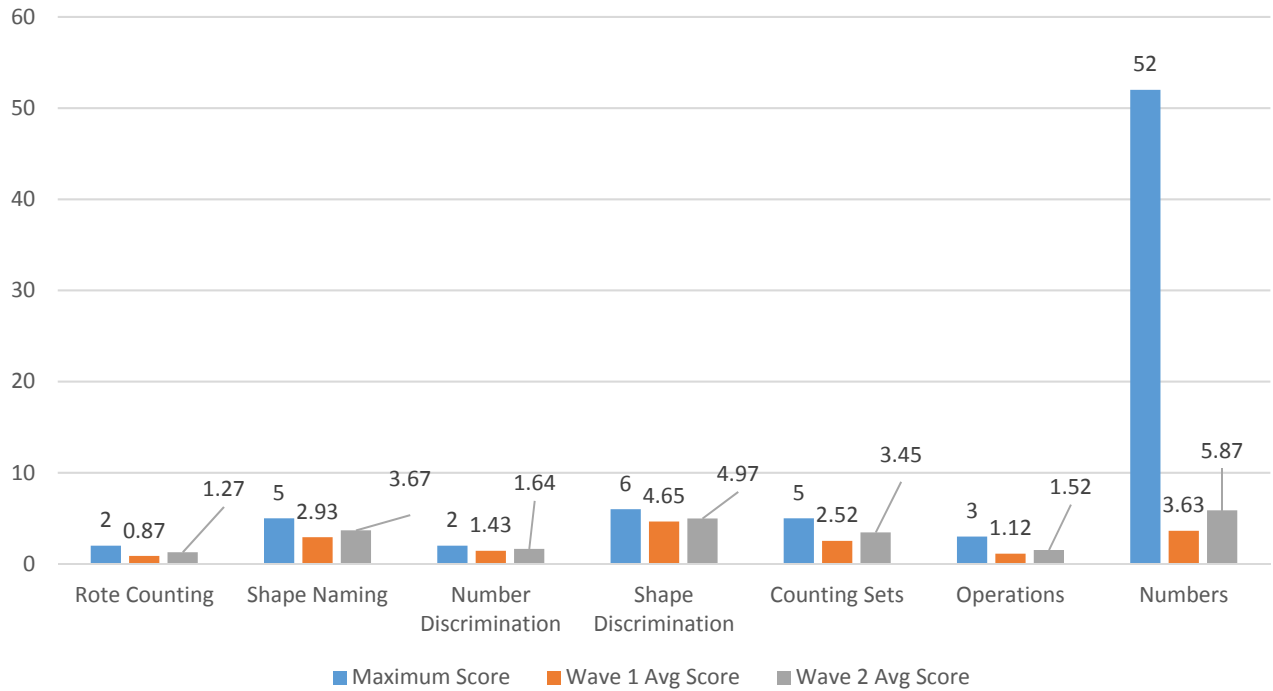

domain (the maximum score is 7), our students scored 2.5 (Wave 1), 3.8 (Wave 2) and 4.8 (Wave 3); in the Cognition and Knowledge domain (maximum score is 24), students scored 15.8 (Wave 1), 18.2 (Wave 2), 19.9 (Wave 3); in the Physical Well-Being and Motor Development domain (maximum score 12), our students scored 9 (Wave 1), 11.1 (Wave 2), and 11.04 (Wave 3); in the Approaches to Learning (maximum score 18), students scored 12.8 (Wave 1), 13.6 (Wave 2), and 15.4 (Wave 3); and in the Social and Emotional Development (maximum score 24), our students scored 18 (Wave 1), 19.6 (Wave 2), and 21.7 (Wave 3). Our students are very close to meeting mastery on all our school readiness goals.

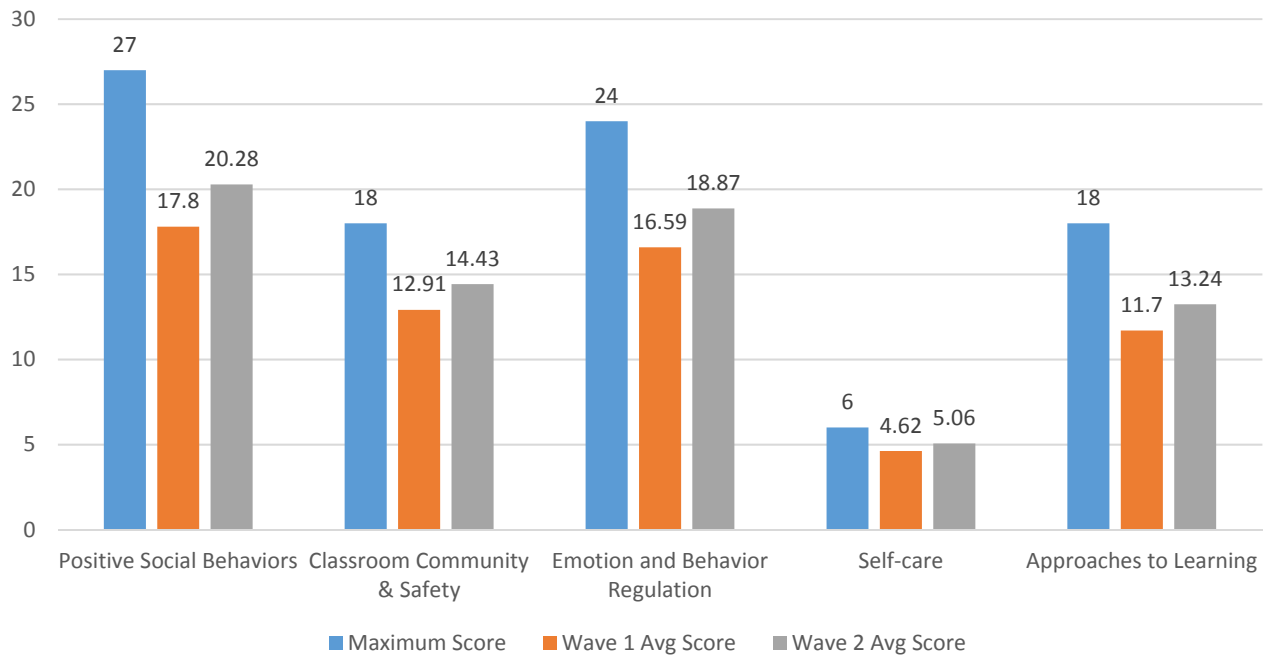

CLI Engage analyzes and aggregates data to show which students scored low in certain areas. It also provides suggestions or recommendations of online activities teachers can implement to help students improve in those low areas. CLI Engage has an online component that includes lessons teachers can easily prepare and implement. These lessons are aligned to the state guidelines and are available in English and Spanish. Once teachers have completed the CLI progress monitoring, the Education Specialist runs classroom and program reports for teachers to use for intentional planning and teaching. She also sends home quarterly CLI progress reports after each wave for the entire program. Teachers use the data to help update students' individual goals on the IDPs and print individual CLI reports for parents. During Home Visits, parent teacher conferences, and through weekly newsletters, teachers share student progress with parents and encourage parents to implement home learning activities. The individual CLI reports provide parents with students' strengths and weaknesses so that parents can be actively engaged in their child's learning. Teachers collaborate during PLCs to develop and implement instructional strategies for continued growth individually and collectively.

SUB-SECTION D: PARENT, FAMILY, AND COMMUNITY ENGAGEMENT

1. The one change mentioned in Sub-Section A on our Long-term Program goals does affect our PFCE area (See pages 10-12).

Our old program goal: Families will serve as the primary nurturers of their children and will build upon their strengths as leaders and advocates through parent-initiated program supported activities such as leadership training, parent committees, and policy council.

Our new revised program goal: Parents will be active participants in their child's learning, in continuing parent education, in parent leadership opportunities, and progressing on family goals to improve child outcomes.

The reasons for the revision were:

- *To broaden and define

- *To make the goal more specific and more measurable

- *To make the goal more attainable & more intentional for PFCE goals

Note: The old goal was difficult to determine how to measure it. We therefore aligned the goals and the effort to better master outcomes.

2. New data sources used since last year's application to support the implementation and evaluation of PFCE goals and/or objectives are:

Google Docs with Head Start Application, Round-up & Orientation Sign-in, Home Visit forms, Parent/Teacher Conferences, Parent Education Sign In sheets & pre/post-tests or surveys, ASQ-Parent Developmental Report, Policy Council/Parent Committee, Sign-In sheets for specific family engagement activities, & Volunteer Books.

3. To assist families in making progress toward helping their child meet their School Readiness goals, we first assess the families' needs. Parents complete a needs assessment to determine family needs and parent interest in parent education classes/resources. We provide enriched opportunities for parents and their children to be engaged in very positive interactions where the child is learning, doing, and growing and the parent is helping the child learn, behave, and grow in appropriate ways. One of the classes we offered this year was **Children Guidance/ Discipline (Behavior)**. There were 15 parents present that completed surveys. For results (see page 17) on **PFCE Data: Parent Education Interest Survey and see Child Behavior**. Offering classes and activities to families and children and community members helps with engagement outcomes in Family Well-Being, Parent-Child relationships, Families as lifelong Educators and learners, Family Engagement in Transitions, Connection to peers and Community and Family as Advocates and Leaders (Pages.10-12).
4. Progress toward PFCE goals and/or objectives is communicated to families in multiple ways. If the parent education classes are in a series, progress is reported out and celebrated along the way and at the end of the series. We acknowledge accomplishments within the classes to encourage continual growth. The progress toward PFCE goals is also communicated to families on an individual basis through verbal communications with the PFCE specialist, through our Annual Report, in data collections for our grant application, in our Policy Council/Parent Committee meetings, through home-visits/parent-teacher conferences, through pre/post-surveys results, and End of Year Program Survey results.

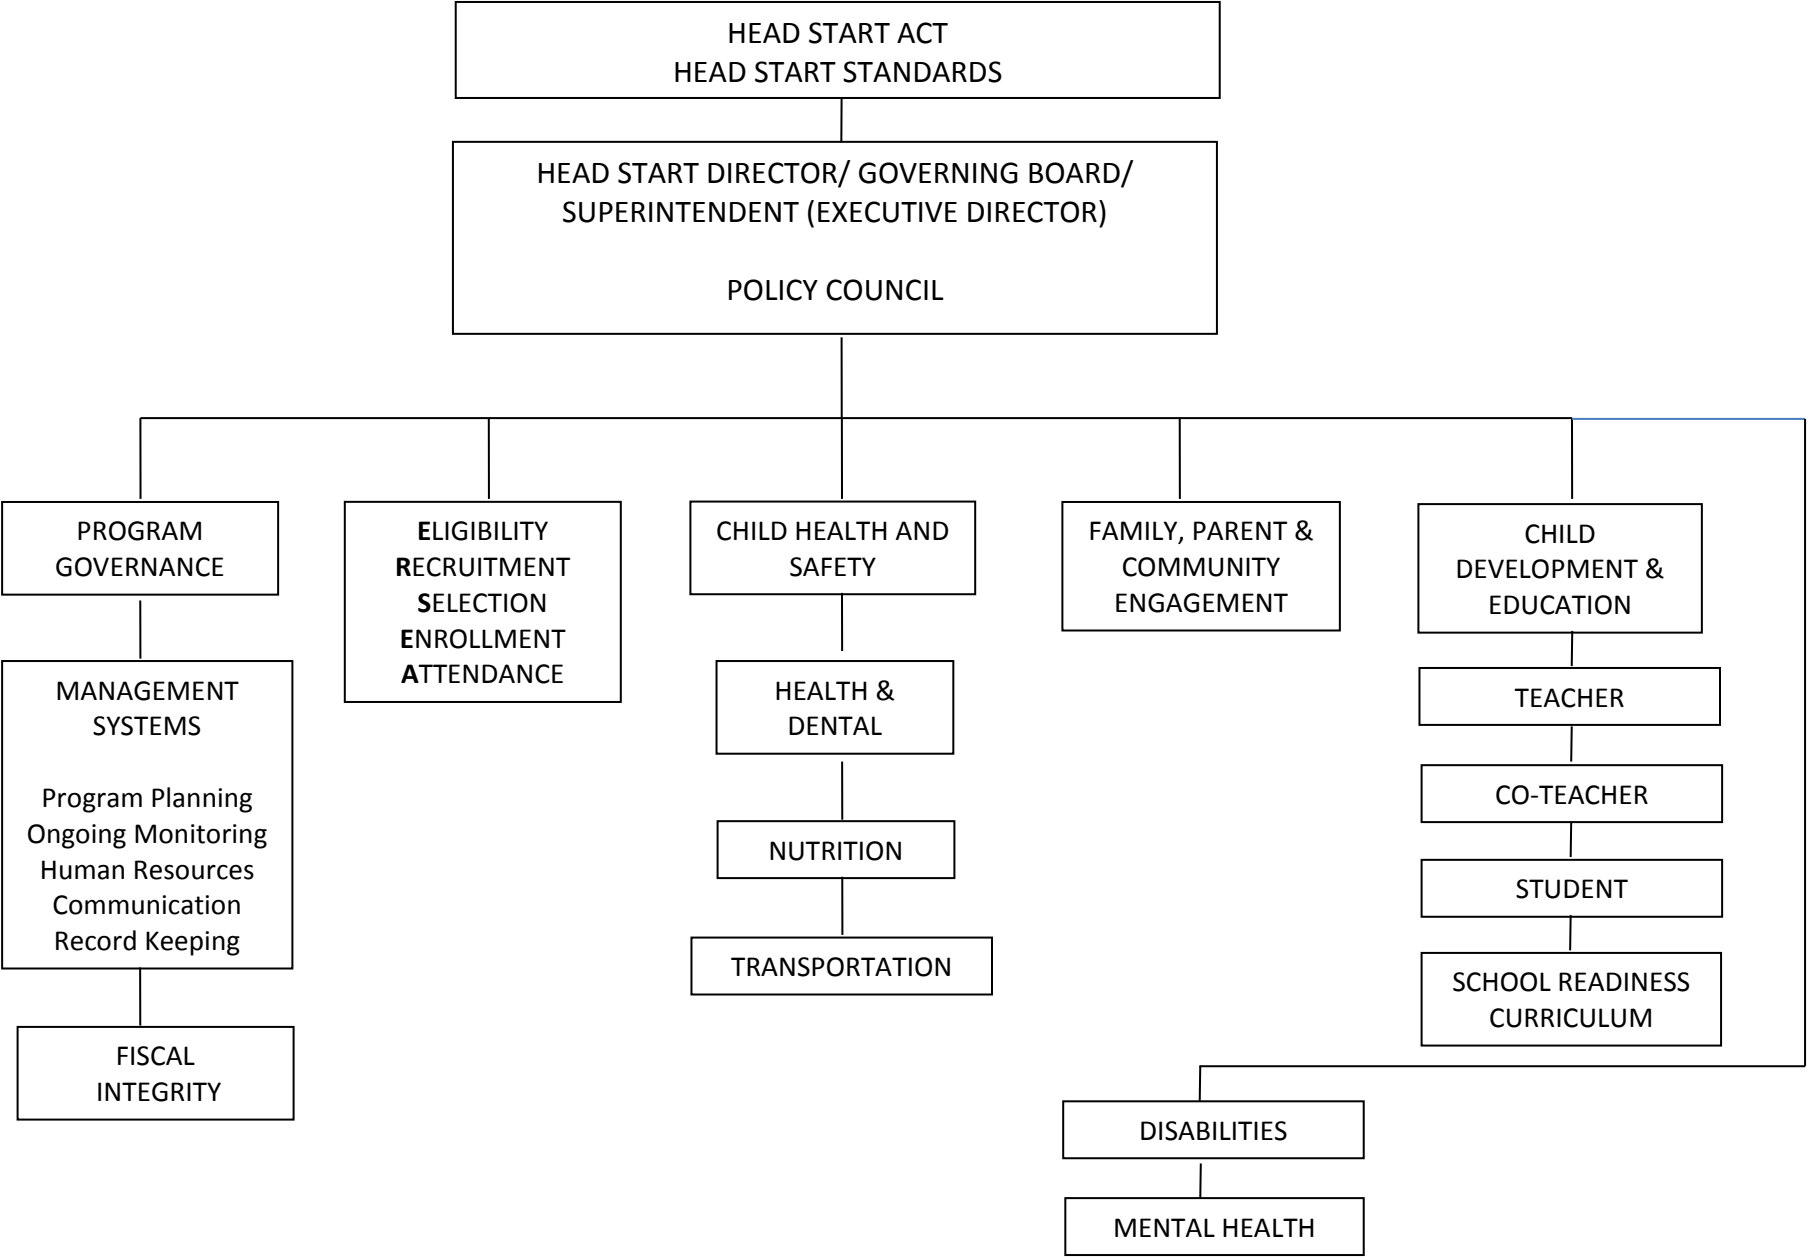

SUB-SECTION E: GOVERNANCE, ORGANIZATIONAL AND MANAGEMENT STRUCTURES, AND ONGOING OVERSIGHT

1. No changes have been made in regards to the roles and responsibilities of the Board and Policy Council. We are currently updating our Policy Council By-Laws in order to align them with the new standards.
2. A current Organizational Chart can be found on [page 43](#)
3. Our program managers serving in key roles of our Head Start program are the same staff from the Baseline grant. No significant changes were made in these positions.
4. Updates/Changes to our management systems are noted below:
 - *Communications:** Our program has expanded our means of communications this school year. We have added Twitter, Facebook, Remind 101 through texting/email, and google docs.
 - *Record-Keeping & Reporting:** Program managers using google docs for multiple purposes.
 - *On-going monitoring:** We have passed all of our Head Start reviews up to this date in the areas of Health/Safety, CLASS, Comprehensive Services and School Readiness, and ERSEA.

***Self-Assessment:** We have aligned our Self-Assessment process this year with the monitoring protocols. A copy of our Self-Assessment results along with our Self-Assessment Improvement plan can be viewed as [Attachment 1](#)

5. **TTA plan** has been updated and can be viewed as [Attachment 2](#)

06CH7130 – FY 17 – GRANT APPLICATION
BUDGET AND BUDGET JUSTIFICATION

Policy Council Approved: March 10, 2017

Governing Board Approved:

SECTION II: BUDGET and BUDGET JUSTIFICATION

FEDERAL

1. The refunding amount of \$1,322,869 is divided into three categories. These are payroll, supplies, and TTA.

The payroll is broken down into three areas. These are salaries, fringes, and substitute's pay. As one will note from the earlier SF424A form, the amounts requested for this category are \$1,064,864, \$173,342, and \$30,000 respectively. This is a total of \$1,268,206 or approximately 96% of the total federal funds requested. Programs integrated within a school district generally have higher salaries. Salaries must stay competitive with the area school districts, which accounts for the percentage of personnel and fringe in excess of the normal 60-80% of the total federal budget.

A salary comparison for our area can be found on [pages 52-53](#).

These funds are to be used to pay the salaries for twenty seven (27) Head Start personnel. These personnel include one (1) education (content area) specialist, eleven (11) teachers, eleven (11) teacher aides, one (1) social worker, one (1) parent, family and community engagement specialist, one (1) family services aide and one (1) Facilities-Safety Manager/Clerical. See the Employee Compensation Cap section ([pg. 49](#)) for a complete list of Head Start salaries paid by federal funds. It may be noted that the Director's salary and salaries of key personnel are not funded by Head Start. These personnel are paid entirely by Denton ISD.

- The total amount of funds requested for the supplies category is \$30,987. This will be budgeted for food services and classroom supplies. Each of the 11 classroom receives \$150.00 monthly for food items (snacks and cooking) for a total of \$16,500.00. We have budgeted \$3,150 for office supplies, detailed below:

Laminating film (\$300.00)

Printer ink (\$1,000.00)

Printer drums (\$1200.00)

Copy paper (\$400.00)

Postage (\$250.00)

We have budgeted \$7,700 for a laptop for each classroom, and \$1,437 for replacement of some classroom furniture.

The DISD campus budget will supplement the Head Start budget for any additional supplies needed.

- \$1,700.00 is budgeted for a mental health consultant.
- \$810.00 is budgeted for student liability insurance which is paid yearly through the Dwight Jones Agency.

2. The current indirect cost rate (Page 54) allowed is 2.14%. \$0 will be charged to the Head Start Grant. The district will cover the total amount. There are no shared costs. Please note in the In-Kind Expense Report, (See page 55) DISD Central Services staff assistance (Child Nutrition, Human Resources, Payroll, Purchasing, Accounts Payable, Grant Accountant, Staff Development personnel, Bilingual services, Counseling Services) is not included in the dollars shown. The report submitted is for the 2015-2016 school year. That is the most current data available at the time of the grant submission.

TTA/TRAVEL

5. Denton ISD has a strict financial management system in place. The Denton ISD Head Start program, as part of the Denton ISD, follows standard and acceptable accounting practices as prescribed by the State of Texas. All transactions are accounted for from purchase orders to payment of employees. The district has been recognized by the state as a leader in this area. The purchasing process from start to finish involves multiple departments with separation of duties in place. One person, alone, can never complete the process. The procedures and guidelines are regularly checked and improvement is made when necessary. The district employs a fiscal manager. All purchase orders must first be approved by the Director, then the fiscal manager. The PO is then sent to the purchasing dept. for approval and is then sent to the appropriate vendor. When the product is received, the campus secretary, receives the order, checks it in, signs the PO and sends the signed PO to the accounts payable dept. who then pays the vendor. No cash is ever transacted. The use of credit cards is prohibited. There is a district card available to use for lodging expenses while traveling. A Head Start budget report is approved by Policy Council and the School Board monthly.

6. NON-FEDERAL

The Denton ISD Head Start Program is requesting refunding in the amount of \$1,322,869. The district's non-federal share is \$330,717, with a total grant amount for 2017-2018 being \$1,653,586. Volunteer hours are calculated in the amount of \$15.00 per hour for assistance in the classroom and to the teachers to prepare lesson materials. Volunteer resources are \$330,717.00. Through February of 2017, our volunteer hours for Ann Windle School for Young Children, totaled 20,393.76. Calculated in the amount of \$15.00 per hour, that totals \$305,906.40. We are confident that we will exceed our \$330,717.00 non-federal share before the end of the school year. We have approx. 250 volunteers that help with classroom preparation, classroom volunteers, Policy Council meeting (10 monthly meeting, 2 hours each, approx. 20 volunteers), Parent Committee meeting (10 monthly meeting, 2 hours each, approx. 15 volunteers), Board members (10 monthly meeting, 2 hours each, 1-2 volunteers) and community members.

7. No administrative salaries are paid from the Head Start budget. These salaries are paid 100% by the Denton Independent School District. The ability to meet the 15% limitation for administrative costs is not applicable.

Why Does UEA Print This Salary Comparison?

For the past 25 years, UEA has printed a comparison of teachers' salaries from area school districts. It allows teachers the opportunity to see how their district compares to others. It also proves to be a valuable tool that superintendents, administrators, and school boards use in determining salaries. Just like our regular newsletter, this will be distributed to over 90,000 school employees.

*Numbers provided by Arlington ISD are average salaries for that year of experience.

**Coppell ISD pays teachers on a salary range and Dallas ISD pays under a pay-for-performance scheme. Exact salaries cannot be determined.

FY 16 DISD HEAD START SELF ASSESSMENT

Leadership, Governance & Management Systems (LGMS)

Program Planning: Effective program management begins when the Head Start program determines how the program intends to deliver quality comprehensive services to children and families. This strategic planning process includes:

- Adhering to an agency-wide mission that aligns with the priorities of Head Start and the needs of the community. ([Head Start Mission and Vision Statements](#))
- Encouraging community and organizational participation in the mission-based planning process ([Policy Council](#), [Parent Committee](#), [ERSEA Committee](#), [Health Advisory](#), [School Readiness Advisory](#), [PTA](#))
- Setting Head Start program goals that are beyond compliance, responsive to community needs, organization-wide, aspirational, and dynamic (BROAD) to describe what the program intends to accomplish ([Strategic Plan](#), [Self Assessment Improvement Plan](#))
- Developing objectives that are specific, measurable, attainable, realistic, and timely (SMART) and align with the program's goals ([Strategic Plan](#), [Self Assessment Improvement Plan](#))
- Creating and communicating plans that outline the steps the program will take to achieve its goals and ensure the provision of high-quality and comprehensive services as well as the health and safety of Head Start facilities and learning environments. ([Parent Orientation](#), [Home Visits](#), [Parent Teacher Conferences](#), [Policy Council](#), [Parent Committees](#), [School Newsletters](#), [Head Start Reports](#), [Policies & Procedures](#))

Strengths	Recommendations for Improvement
<ul style="list-style-type: none"> • Process in place to serve a diversified population. • Great parent engagement • Schoolwide and classroom newsletters • Encouraging community & organizational participation in planning • Developing objectives • We are reaching community with social media • Newsletters: School & Classroom • Phone Blasts • Marquee • Home visits • Program actively seeks involvement from community agencies in the planning process • Program goals are routinely reviewed • Over & beyond • Good communication • Program managers are knowledgeable in their areas and they seek out professional development in their areas and share what they learn with the Program Team. • Teacher involvement with parent teacher conferences • Newsletter always informative • Good communication 	<ul style="list-style-type: none"> • More resources available for families without transportation, food, clothing • Need more parent participation in existing parent activities • Have more mentors from the community to work directly with students • Having PTA in the PM • Accountability piece for parents to support school goals and child development • Parenting classes • More parent participation • Need more information given out • Need to write our new policies and procedures that are aligned with the new standards. • Get more staff/teacher input on activities planned for the year

Leadership, Governance & Management Systems (LGMS)

Developing and Organizing Resources: Based on the planning process, our program develops and organizes resources in preparation for implementing our plans and achieving our goals. This includes:

- Recruiting and hiring staff to create an organizational structure that supports achieving the program's goals (our program follows DISD hiring procedures. Policy Council plays an important role in the hiring process)
- Training and supporting staff in the delivery of high-quality comprehensive services (Training provided by DISD Curriculum Department, Campus Administration, and Head Start Program Team. See TTA Plan)
- Training and supporting staff in establishing and maintaining practices to create a healthy and safe environment for Head Start children and families. (Training provided by DISD Curriculum Dept., Campus Administration, and Head Start Program Team. See TTA Plan)
- Securing finances, infrastructure, equipment and facilities, materials, and community partnerships to support the delivery of services and achievement of the program's goals (Cathi Robbins is our fiscal manager. The fiscal manager, the director and the secretary collaborate to ensure compliance. Fiscal monthly report shares program expenditures)
- Establishing and using a governing body and Policy Council to provide direction and guidance to the program in developing and achieving its goals (Monthly meetings are held with Policy Council, Board Meetings, Head Start Staff)
- Developing policies and procedures that outline the processes used to support the delivery of services and achievement of goals (Policies and Procedures, Strategic Plans)

Strengths	Recommendations for Improvement
<ul style="list-style-type: none"> • Follow Denton ISD Procedures • Current staff/parents sit in on interviews • Parent involvement in hiring process • Make an effort to hire former Ann Windle parents • Policy Council members meet regularly • Strong/involved policy council • Trainings geared toward EC • While district training is generic in that it is developed and presented for all district PK teachers, the primary district trainer is a former Head Start teacher who assures that information is useful for Head Start teachers • Education specialist assures that Head Start teachers and co-teachers receive training specific to Head Start • Excellent performance • Board members are actively involved in Policy Council that value Early Childhood. • DCCDS offered to parents with DISD transportation (extended care) • Organization with monthly meetings as well as policies, procedures 	<ul style="list-style-type: none"> • Inform people how hiring process works and who's involved • New teachers (new to head start) – more/additional training about the Head Start requirement before starting • Sometimes DISD takes too long to hire • Information about upcoming events need to be given in one/two weeks ahead of the event. • More than 1 person to proofread. Too many mistakes (grammar) • Too many date changes • Better preparation for events • More diverse trainings • Curriculum for parenting classes • Review procedures for use of professional goals of staff and linking training to those goals • Need dental and Medical MOU • More initial training provided to new Head Start staff (orientation of staff up front)

Leadership, Governance & Management Systems (LGMS)

Operating and Implementing the Program: Program operation and implementation are driven by the program's plan to achieve its goals, deliver high-quality comprehensive services, and provide safe and healthy learning environments for children and families. Operating and Implementing the program includes:

- Supervising and supporting staff ([Director](#), [ERSEA/Social Workers](#), [PFCE Specialist](#), [Health Specialist](#), [Disabilities/Mental Health Specialist](#), [Nutrition Specialist](#), [Education Specialist](#))
- Ongoing interactions and communication, both within the organization and with external stakeholders ([Program Team Meetings](#), [Policy Council](#), [Parent Committee](#), [Instructional Support](#), [Health Advisory Committee](#), [ERSEA Committee](#), [Denton ISD Resources](#), [Early Childhood Coalition](#), [Parent Teacher Conferences & Home Visits](#))
- Collecting, recording, and reporting program data to track progress in providing services and achieving program goals ([Self-Assessment](#), [Director's Monthly Report](#) includes data from [ERSEA](#), [PFCE](#), [Health & Safety](#), [Disabilities/Mental Health](#), [CLI](#), [Student Portfolios](#), [Annual Report](#), [PIR](#))
- Delivering high-quality comprehensive services to children and families ([Health](#), [Education](#), and [Parent, Family, Community Engagement](#))
- Ensuring healthy and safe environments for Head Start children and families ([Classroom environmental checklists](#) and [monthly walkthroughs](#))

Leadership, Governance & Management Systems (LGMS)

Evaluating Performance and Stimulating Ongoing Improvement: To inform planning, assess progress, and stimulate ongoing improvement, leadership must ensure that there are methods to evaluate program performance. Evaluating performance and stimulating ongoing improvement includes:

- Aggregating and assessing program data (CLI, Self Assessment Improvement Plan, Strategic Plan, Parent/Staff surveys, Director Report)
- Reassessing and modifying the action plan and/or objectives based on assessment of data to promote accountability and continuous improvement
- Communicating progress to governing bodies, families, staff, and the community (Parent Committee, Campus Newsletters/websites, Annual Report)

Strengths	Recommendations for Improvement
<ul style="list-style-type: none"> • Data driven • Monitoring assessment • Great data collection • CLI • Set assessing program • Good communication with staff, families, etc. • Director attends some of the monthly school board meetings and shares information • Participation, hard work • Flexibility • Excellent, thinking outside the box • The Board of Trustees in addition to monthly reports, receives an Annual Campus Improvement Plan and attends Head Start training sessions. 	<ul style="list-style-type: none"> • CLI – 3 yr. old level and a 4/5 yr. old level be available • CLI still needs improvement • Provide funds for subs for CLI training, IDP, goals • Clerk to bill Medicaid for speech program • Continue finding ways to keep parents informed, involved, and engaged in student learning and their own learning journey • Continue to work on disaggregation of data with more than one person trained in how to do and share data • Increase ongoing learning and monitoring • Conduct periodic file reviews

FY 16 DISD HEAD START SELF ASSESSMENT

Fiscal Integrity

Financial Management Systems: The grantee's financial management systems provide for effective control over and accountability for grant and sub-grant funds, property, and other assets and ensure they are used solely for authorized purposes. The grantee sought and received prior approval in writing for budget changes where prior approval is required and received approval for hiring designated key personnel. The grantee has obtained and maintained required insurance coverage for risks and liabilities.

Reporting: Financial reports and accounting records are timely and complete and contain accurate information pertaining to grant or sub-grant awards, authorizations, obligations, unobligated balances, assets, liabilities, outlays (total expenditures), income, and interest.

Procurement: The grantee implemented procurement procedures that met, at a minimum, all requirements specified in the applicable Federal, State, and local statutes, regulations, and administrative rules for Federal grants, including a written code or standards of conduct governing the performance of its employees engaged in awarding and administering contracts. The grantee can demonstrate that contractual agreements were met.

Compensation: Original time records are prepared and properly signed by the individual employee and approved by a responsible supervisory official, and an appropriate methodology is used to allocate salaries among Head Start and other programs.

Cost Principles: The grantee has implemented procedures to determine allowability, allocability, and reasonableness of costs charged against its Head Start and Early Head Start (EHS) grant awards as required by the applicable cost principles.

Facilities and Property: The grantee has established the allowability of costs for owned or leased facilities and has adequately protected any Federal Interest in facilities through the filing of Notices of Federal Interest, insurance, and maintenance of property records

Strengths

- District also monitors program
- Fiscal procedures are monitored effectively
- Head Start provides a raise each year
- Yearly audits
- District provides personnel qualified to monitor budget
- District provides facility and utilities
- District provides maintenance (in-kind)
- Has great strength
- Appreciated for great performance
- All budgets are overseen by highly qualified members of the DISD Finance Dept. under the direction of the awarded CPA Debbie Monschke.
- Procurement falls under the state laws of TX. And the TX. Education Agency.

Recommendations for Improvement

- More classroom funds to be applied as needed
- Develop a process to identify risks and have cost-effective insurance for those risks.

FY 16 DISD HEAD START SELF ASSESSMENT

Eligibility, Recruitment, Selection, Enrollment, and Attendance (ERSEA)

Attendance and Participation: Causes of absenteeism are analyzed and the program initiates appropriate family support as needed when monthly average attendance falls below 85% (except in the case of illness or well-documented absences)

Eligibility: Program staff verified each child's eligibility and included in each file an eligibility determination record. The program enrolls children who are categorically eligible (who fall within defined income-eligibility requirements)

Enrollment: Actual program enrollment is composed of at least 10% of children with disabilities. The program enrolls 100% of its funded enrollment and ensures an active and ranked waiting list is maintained always.

Strengths	Recommendations for Improvement
<ul style="list-style-type: none"> • We ask parents if students have special needs, receive therapies and we do early screening on Dial-4 • Screening process is adequate • With doors locking at 8:00, parents are here on time • Good accountability system through Head Start • Now that many docs are available via google, data is accessible • Enrollment: Round-Up • Ongoing great performance • Reports every 2 weeks on attendance • Percentage for the month • Give parents an overview of attendance • Good communication with parents that are having attendance problems • Round-Up every year • A team to do eligibility • Letters in the summertime • Waiting list up to date • Inclusion of kids with special needs • Enrollment process is extremely organized • Attendance well discussed through newsletters and notices on school doors • AWSYC is very experienced and fully understands and implements the rules of the OHS. • Our parents and staff reach out to the community in our recruitment efforts 	<ul style="list-style-type: none"> • All students' parents/guardians need to be given more information about the importance of consistent attendance. • No bus services • Ride/share transportation service • No strong system in place for attendance issues • Accountability to attendance • Continue finding ways to streamline processes of ERSEA • PTA can help ask to be in a carpool program to help attendance • Post of Facebook communities • Have toys available for Round-Up • Childcare for Round-Up • Have food available at Round-Up • Track the reasons for drop out of students • Takes a long time to complete the enrollment process • Offer enrollment twice a year • Remind 101 • More recruitment in the African American community.

FY 16 DISD HEAD START SELF ASSESSMENT

Comprehensive Services and School Readiness (CSSR)

Focuses on our performance providing comprehensive services and promoting school readiness to children and families enrolled in Head Start.

Identifying Child and Family Strengths and Needs:

*Build collaborative relationships with families

- Collect data that are relevant to children's and families' lives
- Understand the cultural context of each family (such as nutrition practices and home-language preference)
- Ensure data are accurate and timely
- Respectfully share and collect data from families

Addressing Child and Family Needs, our program:

- Actively works to address children and families identified needs and interests.
- Supports children with identified and recurring medical, dental, developmental concerns or disabilities and their families.
- Individualizes services for children and families.
- Provides information that strengthens parenting skills.
- Provides services to promote the mental health of children, families, and staff.

Providing High Quality Teaching and Learning:

- Program takes steps to achieve the school readiness goals.
- Teachers provide high-quality instruction and caregiving.
- The classroom environment promotes high quality instruction.

Planning for Transition: Children and families receiving Head Start services have successful transitions into and out of Head Start.

Strengths	Recommendations for Improvement
<ul style="list-style-type: none"> • Required parent orientation and home visits • Teacher training • RTI process is strong • Transition planning • Our curriculum • highly trained teacher (certified) • Early screenings before school starts • Providing needs • Good relationship between families and social worker/teachers • Offer parenting classes • Social worker and counselor on site if needed for support • 2 Home visits and PTC per year and IEP mtgs. • IDP and CLI data to drive instruction • Collect family cultural data on IDP • Parent Progress Reports (CLI) individual & program wide 	<ul style="list-style-type: none"> • Add special areas – music/PE/art • Increase attendance rate of parents attending classes • Healthier food choices with less syrup • Parenting classes • Clothes closet • Education for parents on differing disabilities • Continue focusing on insurance • Continue to have uninsured apply for insurance • Not rushing orientation • Ongoing • According to CLASS data, find ways to provide more guidance/PD/instruction on increasing concept development or any lower areas. • Look at K data of our students to track progress further.

FY 16 DISD HEAD START SELF ASSESSMENT

<ul style="list-style-type: none"> • creative transition folders for incoming students • DISD Elementary kinder transition activities & transition boxes • Passed OHS-CSSR,CLASS, Health & Safety and ERSEA reviews • Education specialist has experience in the classroom providing instruction to PK children with disabilities • Education specialist meets routinely with Head Start teachers and co-teachers • For children with disabilities, information about the child is sent to the receiving campus and an IEP meeting is held with the receiving campus invited. • Focus on strength of individual • Promotes higher learning • School relationship & planning & training • Access to specialized staff (OT,PT, APE, MT, VI, AI, Speech, LSSP, etc) • Reach out to partners & churches for help for our families in need • Supportive of family needs • School Readiness is a priority in this District and we pride ourselves on our student success.

DENTON INDEPENDENT SCHOOL DISTRICT
HEAD START PROGRAM

The Head Start Policy Council for the Denton Independent School District's Head Start Program at Ann Windle School for Young Children, along with DISD board members, met on March 10, 2017. The purpose of this meeting was to review the 2017-2018 Head Start Refunding Grant. The Policy Council reviewed the budget and discussed the grant including the line item budget and other items and authorizes the Director to make application for the 2017-2018 school year for the following:

1. Refunding
2. Training and Technical Assistance

The Policy Council also authorizes those making application for any other additional funds for which the program has reasonable needs for the 2017-2018 school year.

Head Start - Application Summary Items

This report uses values from the Budget, Program Schedule and Other Funding tab. This report does not include any values from the SF424A that were not pre-populated from the Budget tab.

1. Administrative Costs:

The maximum allowable expenditure for administrative costs is 15% of the total budget.

	<i>Amount</i>
Total Admin Cost	\$31,716.00
Total Budget	\$1,653,586.00
Admin as a % of Total Budget	1.92%

2. Non-Federal Share:

For most grantees, a minimum of 20% of the total budget must be non-federal share:

	<i>Amount</i>
Total Non-Federal Costs	\$330,717.00
Total Budget	\$1,653,586.00
Non-Federal Share as a % of Total Budget	20.00%

3. Average Class Size:

Average class size for CB Program Schedules that involve double sessions should be between 13 and 20.

Average class size for the CB and CO Program Schedules (including double sessions) should be between 15 and 20:

Center-Based Double Sessions	0.00
Center-Based AND Combination Non-double Sessions	17.55
All Center-Based AND Combination Sessions	17.55

4. Cost Per Child and Hours of Service Per Child:

LOBBYING, TOBACCO USE POLICIES, DRUG FREE WORKPLACE REQUIREMENTS

Associations and Political Activities

The district will not directly or indirectly discourage employees from participating in political affairs or require any employee to join any group, club, committee, organization, or association. Employees may join or refuse to join any professional association or organization.

An individual's employment will not be affected by membership or a decision not to be a member of any employee organization that exists for the purpose of dealing with employers concerning grievances, labor disputes, wages, rates of pay, hours of employment, or conditions of work.

Use of district resources, including work time, for political activities is prohibited.

Tobacco Use – Policies DH, GKA, FNCD

State law prohibits smoking or using tobacco products on all district-owned property and at school-related or school-sanctioned activities, on or off campus (including the use of electronic cigarettes or any other electronic vaporizing device). This includes all buildings, playground areas, parking facilities, and facilities used for athletics and other activities. Drivers of district-owned vehicles are prohibited from smoking while inside the vehicle. Notices stating that smoking is prohibited by law and punishable by a fine are displayed in prominent places in all school buildings.

Alcohol and Drug-Abuse Prevention

The district shall maintain a drug free environment and shall establish, as needed, an Employee Assistance Program (EAP) complying with federal and state requirements. Policies DI (local) and DI (Exhibit (Local) contain specific information regarding employee welfare.

Transportation Department personnel must comply with Department of Transportation (D. O. T.) drug and alcohol policies and testing procedures. Each bus driver must pass a pre-employment drug screen and ARE subject to random testing throughout his/her driving tenure. In the event of a bus accident, the involved driver may be subject to testing at that time.

Drug Abuse Prevention – Policies DH, DI *TASB Required Notification*

Denton ISD is committed to maintaining an alcohol and drug-free environment and will not tolerate the use of alcohol and illegal drugs in the workplace and at school-related or school-sanctioned activities on or off school property.

Employees who use or are under the influence of alcohol or illegal drugs as defined by the Texas Controlled Substances Act during working hours may be dismissed.

Drug-Free Workplace, DI *TASB Required Notification*

The District shall maintain a drug-free environment and shall establish, a drug-free awareness program complying with federal requirements. All fees or charges associated with drug/alcohol abuse counseling or rehabilitation shall be the responsibility of the employee.

FEDERAL DRUG FREE WORKPLACE ACT –
