Re: High School Principal Report January 2021

We are officially into the second semester of the 2020-2021 school year. With that there is always the adjustments being made to students schedules and making sure that we are getting all the students into the right classes. With the online portion of our student body it creates a little more work on Mrs. Flaming as well as Mrs. Levinski as schedules get set and we get classroom sizes adjusted in the best interest of everyone involved. We are lucky to have a strong veteran staff at HHS to help handle the load during these challenging times.

With some of the new guidelines that have been set forth regarding sporting events we are excited to see more people in the stands during the competitions to create more of the “normal” atmosphere that we are all accustomed to. As a school we will continue to do everything in our power to create a safe environment where students can attend in person and receive the best education possible. This month we are kicking off the second semester with our PBIS theme of Respect as we shuffle through our themes once again this school year. Our goal as always is to help create a well rounded student both academically as well as socially during their experience here at HHS. Looking forward to a positive start to the second semester and to 2021!
