Michelle

OK – so we could not find Red – we can order Red but would be more expensive and take 4-6 months

We found a white 15 passenger (see pic) for a great deal.

We were able to get a \$2,300.00 discount on this chassis.

So cost for this one converted into a legal 10 passenger with storage in the back is \$74,103.00 plus tax

Please review and get back with me soon as this is a great deal and I might just have to make it a stock unit 😊

Aprox time to convert is 2-3 weeks

Thank you!!!!

We've Moved!!!!

New Address is -

17102 US Highway 10 Southeast

Big Lake MN 55309
