

Site Report – Nondalton – March 2021

To: Superintendent Ty Mase and LPSD School Board Members	From: Moon McCarley, Principal
Outstanding Activities and Events	
<ul style="list-style-type: none">Teacher's conducted Parent Teacher conferences over the phone, during our most recent Covid closure.	
Personnel	
<ul style="list-style-type: none">It's been difficult to keep our school fully staffed due to travel restrictions related to Covid. We don't have a substitute pool.	
Standards Based System/Curriculum Progress	
<ul style="list-style-type: none">The secondary students are laser focused on finishing standards and levels.A big focus will be on getting through the remaining material in math now that distance instruction has ended.Miss Ward's class is reading the book Hatchet and doing some very engaging projects based on the book.Miss Cassie's class has been visited by a leprechaun and the Easter Bunny recently. Unfortunately they've been unable to catch a glimpse of the elusive creatures but there has been ample evidence.	
Technology Progress	
<ul style="list-style-type: none">The new server for PEAKS assessments has been installed.All students and teachers have their new devices.	
Facility Update	
<ul style="list-style-type: none">Nondalton's new truck is on site. We are very appreciative of the generosity of the borough. It was much needed.	
LSAC Activity	
<ul style="list-style-type: none">We were able to have a fully attended LSAC meeting to address the school calendar and federal programs. We look forward to resuming a regular schedule next year.	
Volunteer Report	
<ul style="list-style-type: none">Nothing to report	
Professional Development	
<ul style="list-style-type: none">The late start Mondays have really been missed. They were a valuable time for the instructional team to collaborate.During our last closure we spent some of each day pre planning for the 21-22 school year. Teachers spend most of each day putting together homebound learning materials, making videos and meeting	

with students online and by phone. However, they've found that 8:00-9:00 isn't a very popular meeting time so we were able to collaborate as a staff.

Pupil Attendance

- We had to move to distance delivery for a brief time. The participation and engagement from students working at home was really good. Unfortunately we've had time to work out a lot of the issues that negatively impact homebound learning.

Student and Staff Safety

- We were forced to close because of students who tested positive for Covid. As in every case, there was no spread at school it all originated outside of school.

Subsistence Calendar

- Nothing new to report.
