Dear Ms. Sharp,

My name is Andrea Parr, and I am requesting early graduation from the Cameron Academy of Virtual Education. By December 2013, I will have fulfilled my graduation requirements for receiving a CAVE diploma.

I have a one-year-old daughter named RyLeigh and believe that graduating early will help me be able to spend more time with her. Also, it will allow me to get a start to getting a good job to support her and myself. In January I would like to start attending college classes. I have been looking into and filling out applications. My top two colleges I would like to attend are UW Stout and Indiana University Bloomington. I would like to go to college to minor in Mathematics and major in Early Childhood Development. Getting an early start to college would make me one step closer to fulfilling my dreams of being a Math teacher.

Sincerely,

A handwritten signature in black ink that reads "Andrea Parr". The signature is written in a cursive style with a period at the end.
