RE: Iowa Jobs for America's Graduates (iJAG) MOU

As you may recall, United Township has partnered with Iowa Jobs for America's Graduates (iJAG) for 16 years to provide additional programming and classroom experience for our students. We currently have a junior/senior program at UTEC and a freshman/sophomore program at UT.

A memorandum of understanding (MOU) is attached for consideration and recommended approval. This agreement covers the 2026-27 school year.

We are still awaiting information on grant availability through the United Way of the Quad-Cities. Grant funding from the United Way has helped offset the cost of iJAG over the past several years.
