

Rocky Boy Elementary Board Report

By Principal Clintanna Colliflower

Curriculum & Instruction: Teachers are finishing up the with the end of their content curriculum. They have been going on their end of school year field trips. We are starting to plan for next school year.

Supervision & Evaluation: All evaluations are complete. We have two teachers on plans of improvement for next year. I had one new employee rebuttal his last evaluation. We had a meeting with this individual to go over his concerns with me as his supervisor.

Culture & Language: We have IEFA funds that need to be spent from our small grant we received from the state. We want to bring in elders on the last week of school.

Behavior Management: Mr. Harkins does well with behavior management. We have a few students on half days. Those half days are getting harder for them to contain themselves in the classrooms. It seems as they are making it their mission to cause constant classroom disruptions and continue with their disrespectful behaviors.

Daily Management: Since we completed the SBAC testing, we have been trying to plan for the next school year. We will be setting school wide, grade level, teacher, and principal goals. We will be working towards a school wide writing plan, implementing it with fidelity in the fall. We are also working on getting a testing committee together to help plan for proctors and reading data.
