Type of Item: ☐ Informational ☒ Action

Please state your proposal briefly and clearly. What do you want the board to know, discuss, or decide?

I would like approval to apply for the Technical Assistance Program Grant for Seismic Assessments for the district.

Provide history/background information on your proposal:

The district has contracted for 3 seismic assessments this year and we are eligible to apply for the TAP grant to reimburse for those costs. While one of those assessments was graciously contracted as pro-bono from our local vendor, we are still responsible for two of them.

List the advantages of your proposal:

If the district were awarded the TAP grant, it would save approximately \$8,500 currently encumbered.

List possible disadvantages of your proposal:

none

List possible alternatives that could also offer a solution to your proposal. Why were they not recommended?
