

§118.38 Waiver Application Background and Guidance

Waiver Provisions

Under Wisconsin Statutes [§118.38](#), a school board may request a waiver of any requirement in Wisconsin Statutes Chapters 115 to 121 or related administrative rules, except for statutes or rules related to any of the following:

1. The health or safety of pupils;
2. Pupil discrimination under s. 118.13;
3. The pupil assessment program under s. 118.30 and the standardized reading test required under s. 121.02 (1) (r);
4. Pupil records under s. 118.125;
5. The collection of data by the department;
6. The uniform financial fund accounting system under ss. 115.28 (13) and 115.30 (1) and audits of school district accounts under s. 120.14;
7. Licensure or certification under s. 115.28 (7) or (7m) other than the licensure of the school district administrator or business manager;
8. The commencement of the school term under s. 118.045; and
9. The requirements established for achievement guarantee contracts under s. 118.43 and for achievement gap reduction contracts under s. 118.44.

In requesting a waiver a school board must hold a public hearing in the school district on the request. The school board is also required to specify in its request for a waiver its reason for requesting the waiver. If requesting a waiver for hours of instruction, a resolution must also be submitted along with information detailed in Wisconsin Administrative Code [PI 8.01\(4\)\(b\)](#). In reviewing waiver requests, the Department of Public Instruction (DPI) must consider whether the statute or rule requested for waiver impedes the district's progress in achieving educational goals to best serve all students.

For any hours of instruction waiver requests as per statute, the DPI must additionally consider the response of the community to the proposed waiver, the length of the school closure, and whether there is sufficient time before the end of the school year to adjust the school calendar to provide the required hours of direct pupil instruction missed (See appendix A on page 6).

Considerations Before Applying for a Waiver

School districts have flexibility to implement changes regarding how a program is delivered, how much of a program is delivered, and who delivers it. Temporary variations like this to planned school operations do not need a waiver. They temporarily disrupt the normal flow of programming implementation or delivery, but do not necessarily require an entire program or service to be discontinued for the school year.

Consideration should be given to the flexibility or options available under the law. For instance, what are the minimum requirements? Are there alternative compliance options? The DPI has published documents detailing flexibility around aspects of the law and is available to answer your questions.

A waiver should only be considered when a school district anticipates or has determined it cannot offer a program or service required under the law during the school year. A waiver may also be desired if a school district does not anticipate being in compliance with a statutory requirement by virtue of the design of its plan of instruction or an innovation it desires to implement. Where this is the case, a school board may complete a request for waiver from a particular statute or administrative rule and explain the circumstances that will require a formal waiver.

District Waiver Application

Applications will be accepted on a rolling basis.

The waiver application includes the following seven components.

- I. **General Information:** The information in this section details which schools are affected by the request. Waiver requests could apply to one school, more than one school, or all schools in a district. As a result, this section of the application should note the specific schools included in the waiver request. If all district schools are impacted, the applicant should note that the request applies district-wide.
- II. **Waiver Request:** The applicant will specify the statutory and/or administrative rule provisions for which they are requesting a waiver. Additional information about statutory requirements can be found in the [2021 Legislative Fiscal Bureau Informational Paper #31, Statutory Requirements for School Districts](#).
- III. **Statement of Need:** This section of the application should address the district's rationale for the requested waiver(s).
- IV. **Abstract:** Address how the granting of the waiver impacts the school and/or school district's ability to meet educational goals and, if applicable, improvement plans.
- V. **General Assurances:** This portion of the application is intended to ensure that several steps have occurred. Specifically:
 - Stakeholder engagement has occurred, including a school board hearing and a board resolution or vote approving the flexibility application;
 - The district has conducted a financial review and can assure the plan's fiscal viability;
 - The district's flexibility request is in full compliance with all state and federal laws, including those outlined above regarding waiver requests; and
 - The district has developed a process for reviews of the implemented flexibilities with its local school board, and those reviews will be publicly available.
- VI. **Certifications/Signatures:** The application requires the signature of both the district administrator in charge of implementing the waiver and the school board president, certifying school board approval of the request.
- VII. **Appendix A:** There are additional administrative rule requirements for the hours of instruction waiver request. This appendix details those additional requirements which must be completed in addition to the rest of the form.

II. REQUESTED WAIVERS

Detail the statutory and/or administrative rule provisions for which a one-year waiver is being requested. *Limit response to space provided.*

The D.C. Everest Area School District requests a one-year waiver of the minimum instructional hours requirement under Wis. Stat. §121.02(1)(f) and related administrative provisions. The waiver request applies to Riverside Elementary for the 2025-26 school year and is necessitated by the loss of instructional hours resulting from a tornado that caused significant damage to the school facility and required the temporary closure of the school.

The District seeks waiver of the instructional hours that could not be recovered through reasonable calendar adjustments while maintaining safe and effective educational operations for students and staff.

III. STATEMENT OF NEED

Address the rationale for the requested waiver(s) *Limit response to space provided.*

The D.C. Everest Area School District requests this waiver due to instructional hours lost as a result of the April 17, 2025, tornado that impacted the Ringle area. The severity of the storm led Governor Tony Evers to declare a state of emergency for affected areas, including Marathon County. Due to damage to Riverside Elementary, the school was closed on April 20 and 21 to assess damage, ensure safety, and develop a continuity of instruction plan. Instruction was relocated to an alternate site from April 22 through April 30 while temporary repairs were completed. The school remained closed on May 1 and reopened on May 4 following safety inspections and temporary repairs. Permanent repairs will be completed during the summer.

Despite the District's efforts to minimize disruption and continue instruction, the closure and transition period resulted in instructional hours that could not be fully recovered within the remaining school calendar. The requested waiver is necessary due to this unforeseen natural disaster and the resulting loss of instructional time beyond the District's control.

IV. ABSTRACT

Address how the granting of the waiver impacts the school and/or school district's ability to meet educational goals and, if applicable, improvement plans. *Limit response to space provided.*

Granting this waiver will support the D.C. Everest Area School District's ability to continue meeting its educational goals following the tornado that impacted Riverside on April 17, 2025. Although instructional hours were lost due to the disaster and subsequent recovery efforts, the District acted quickly to minimize disruption to student learning by developing a continuity of instruction plan and relocating educational services to an alternate site, our community center, from April 22 through April 30. As a result of previous inclement weather days and the tornado, Riverside Elementary is short 12.5 hours of instruction.

The District's ability to resume instruction in an alternate location and return students and staff to the school building on May 4 following temporary repairs allowed educational programming, student services, and school improvement initiatives to continue with minimal interruption. Permanent repairs were completed during the summer, ensuring the facility was fully restored without further disruption to student learning.

Granting this waiver acknowledges the extraordinary circumstances associated with a state declared emergency while recognizing the District's successful efforts to maintain educational continuity throughout the recovery process. The waiver will not adversely affect the District's ability to achieve its educational goals or implement improvement plans. Rather, it recognizes that the temporary loss of instructional hours was the result of circumstances beyond the District's control and supports the District's continued commitment to student achievement, continuous improvement, and providing a safe and effective learning environment for all students.
