Student Health Services

Student Health Services

The district shall maintain health records as required by the district, state or federal law, and the State Board of Education. The district may maintain a prevention-oriented health services program which may provide emergency health care, infectious disease control, adaptation of services for students with special health needs, vision and auditory screening, and coordinator with the district health education program.

The superintendent shall develop regulations for the administration of the health services program. Information about the health services program shall be readily available to parents, students, and personnel.

In accordance with the requirements of the No Child Left Behind Act of 2001, the district recognizes its responsibility to notify parents in advance of any non-emergency, invasive physical examination¹ or screening that is required as condition of attendance; administered and scheduled by the school in advance; and not necessary to protect the immediate health and safety of the student, or of other students.

Notification will be provided at least annually at the beginning of the school year or when enrolling students for the first time in school and will include the specific or approximate dates during the school year when such activities are scheduled or expected to be scheduled.

Procedures shall be developed and implemented to carry out this policy. All district employees will be apprised of their responsibilities in this area. Parents shall have the opportunity to request their students be exempt from participation in vision or hearing screening. The district will abide by those requests.
