### Principal's General Narrative:

The Tennis and Track seasons are starting off well. Students have participated in a tennis tournament in Sabinal and have more tournaments to come. Teachers are working extremely hard to make sure all students are prepared and ready for the state assessments that are coming up soon. Teachers and coaches are working well together to make sure academics comes first and all responsibilities in this area are taken care of prior to participation in extracurricular activities. Our students are seeing first-hand what it takes to start a project from the ground up with our design build taking place right outside our buildings. They are excited to see the day to day construction process. All in all the spring semester may be crazy busy but I feel very fortunate to be able to be a part of these students lives on a day to day basis.

Respectfully,

*Christy Price*
