September 4, 2013

To: Mr. Brandon Robinson & the Unity Board of Education

As Unity High School Principal, I recommend that the Unity Board of Education approve the request of four (4) students from the class of 2014 to graduate from Unity High School in less than four years provided they meet all of the standards for graduation including credits and community service. (Board Policy JEAA)

Attached you will find letters from the four students and their parents requesting early graduation.

Sincerely,

A handwritten signature in black ink, appearing to read "J. M. Cress".

Jason M. Cress
Unity High School Principal
