## Snow Issues

- First I want to thank Tom and his crew for all of the work they have put in over the past week. As you know, we have missed five school days since returning from Christmas break due to snow, rain, ice, poor roads, roof leaks, natural gas in the middle school, ice on the roofs, etc...

On Tuesday, January 10<sup>th</sup> we had a lot of students and staff volunteer to help shovel snow at the high school and try to help prevent even more leaking. There is a lot of wet, heavy snow and standing water on the buildings. We are having some of the piles of snow near the schools removed as well. This is a historic weather situation for all of us and everyone is doing what they can to work through it.

We have enough hours built into the schedule to cover the days that have been missed so far. Looking forward, if we need to add days we can add some Fridays or even President's Day rather than extending the school year.
