RE: Proposed Revision of Policy 5131.6, “Drugs, Alcohol, and Tobacco”

Based on last evening’s meeting of the Policy Committee, please find attached a proposed revision of Policy 5131.6 to represent changes required by Connecticut Public Act 21-2 in regard to cannabis, as well as other changes to align with statutory updates and the recommendations of the Connecticut Association of Boards of Education (CABE). The proposed changes are represented in red.

The proposed revised policy is brought forward to you tonight for adoption.

Students

Drugs, Alcohol, and Tobacco

Drugs and Alcohol

For purposes of this policy, “drugs” are defined as any substance other than food or water that is intended to be taken or administered (ingested, injected, applied, implanted, inhaled, etc.) for the purpose of altering, sustaining, or controlling the recipient’s physical, mental, or emotional state. Drugs may include, but not be limited to, alcoholic beverages; controlled substances such as marijuana (cannabis), hallucinogens, cocaine, barbiturates, amphetamines, narcotics and non-authorized prescription drugs. For purposes of this policy, “controlled substances” shall include all controlled substances prohibited by federal and State law, look-alike drugs, alcoholic beverages, anabolic steroids, drug paraphernalia, any volatile solvents or inhalants, such as but not limited to glue and aerosol products, and prescription or patent drugs, except those for which permission for use in school has been granted pursuant to Board policy. For purposes of this policy, “under the influence” shall include any consumption or ingestion of controlled substances by a student.

The Board of Education prohibits student possession, use, and/or distribution of any drugs, alcohol or drug paraphernalia or being under the influence of any drug or alcohol. Any student found to be violating this student conduct policy will be dealt with in accordance with the regulations set by the ~~school-system~~ District. The consequences of such violations may result in ~~the~~ expulsion from school and/or criminal prosecution **at any time, including in any school building, on any vehicle provided or contracted by the District, on any school grounds, or during any District-/school-sponsored activity.**

Recognizing the potential of each student and that drug or alcohol abuse and dependency can seriously impair a student's ability to learn, it is the policy of the ~~Beecher School~~ District to take positive actions to prevent drug and alcohol abuse. These actions will be through education, early intervention, parental involvement, medical and/or assessment referral, and police referral in the handling of incidents in the schools involving the possession, sale, and/or use of behavior-affecting substances. ~~These substances shall include but not be limited to marijuana, LSD, inhalants (which have behavior-affecting ingredients), alcohol, and barbiturates.~~

School properties may be inspected by school authorities in the interest of maintenance, health and safety. Inspections for the location of drugs, narcotics, liquor, weapons, poisons and missing properties are matters relating to health and safety and may be regarded as reasonable purposes for inspection by school personnel.

Disciplinary procedures will be administered with the best interests of the student, school population and community in mind as the result of a team decision. Personal privacy rights of students shall be protected as provided by law. ~~Disciplinary action taken against a student for the use, sale, or possession of marijuana (cannabis) on school premises or at any District-/school-sponsored activity shall not result in any discipline, punishment, or sanction greater than that which a student would face for the use, sale, or possession of alcohol.~~

Tobacco

For purposes of this policy, “electronic nicotine delivery system” is defined as an electronic device that may be used to simulate smoking in the delivery of nicotine, cannabis, or other substance to a person inhaling from the device, and includes, but is not limited to, an electronic cigarette, electronic cigar, electronic cigarillo, electronic pipe, or electronic hookah and any related device and any cartridge or other component of such device. For purposes of this policy, “vapor product” is defined as any product that employs a heating element, power source, electronic circuit, or other electronic, chemical, or mechanical means, regardless of shape or size, to produce a vapor that may or may not include nicotine or cannabis that is inhaled by the user of such product.

~~Smoking is prohibited by law in the school building and grounds while classes are in session or student activities are occurring. Disciplinary actions will be in accordance with regulations provided by the administration.~~ There shall be no smoking or any other unauthorized use or possession of tobacco, tobacco products, including chewing tobacco or tobacco paraphernalia, electronic nicotine delivery systems, or vapor products by students in any school building, on any vehicle provided or contracted by the District, on any school grounds, or during any District-/school-sponsored activity at any time. Disciplinary action taken against a student for the use, sale, or possession

of marijuana (cannabis) on school premises or at any District-/school-sponsored activity shall not result in any discipline, punishment, or sanction greater than that which a student would face for the use, sale, or possession of alcohol.
