- The district has established a "Tomorrow's Teachers" Program. This program addresses the need for qualified teachers in all areas of education and plans to meet the challenge by "growing our own" teachers from the talented pool of United I.S.D. students.
- The District is currently reviewing budget allocations to plan accordingly.
- The District is evaluating the dual language program at each of its schools.
- The District has called for a bond election in November to address our enrollment growth: The bond was approved by the voters and the District is currently in the process of awarding contracts to initiate construction of new schools.
