Prairieview Elementary School

August 2026 Board Report

Goal One – Learning

The Prairieview Building Leadership Team met on Wednesday, July 15, to begin planning for a successful 2026–27 school year by reviewing key events, establishing priorities, and identifying grade-level needs. Highlights from our meeting included developing plans for our opening week, Meet the Teacher Night, Teaching and Learning Night, and the Boosterthon Fun Run. We also discussed the continued development of the school's School Improvement Plan with a focus on safety, school climate, and the MTSS process. Our focus then turned to reviewing the draft master schedule, establishing grade-level collaboration meeting times, and answering questions around curriculum, assessment, and budget areas that will guide future planning. Our meeting concluded with all BLT members sharing their commitment to collaboration and ensuring a strong, organized start to the new school year. There is a genuine sense of excitement and optimism as we prepare to welcome students and families back to Prairieview. Together, we look forward to building on our strengths, supporting one another, and creating an outstanding year of learning, growth, and success for every member of our learning community!

Goal Two – Whole Student Development

As we prepare to welcome our students back to Prairieview, we are excited about the opportunities a new school year brings. While academic growth will always be a priority, we know that students learn best when they feel safe, valued, connected, and supported. Our goal is to help every child grow—not only as a learner, but also as a kind, confident, and responsible person. That happens through strong relationships, engaging learning experiences, a positive school culture, and a team of dedicated educators who care deeply about every student. We know that when schools and families work together, amazing things can happen! We are incredibly excited about the year ahead and confident that, by working together, we will create an environment where every Prairieview student has the opportunity to learn, grow, and succeed.

Goal Three – Environment

On **Monday, August 17th from 5:00-6:30 PM** Prairieview School will be opening the school doors for all **4th and 5th grade** students and families to meet their teacher, drop off school supplies, and check out the classroom. On **Tuesday, August 18th from 5:00-6:30 PM** we will be opening the school doors for all **3rd grade** students and families to meet their teacher, drop off school supplies, and check out the classroom. We invite both students and parents/guardians to join us for this opportunity to help set our Panther students up for success starting on Day One!

Our summer focus has been getting the building and grounds ready for our students and staff. Once again, our custodial staff has done an amazing job getting our facility ready for students and staff to return.

Finally, we are both so grateful to be returning to Center Cass this school year and to be taking the helm at Prairieview. We look forward to another wonderful school year together. Thank you to our CCSD66 Board of Education for your faith in us, your constant encouragement, and your unwavering support!

#It'sAPerfectDayToBeAPrairieviewPanther!
