

Superintendent Board Update December 2024

1. READ Act Update: Staff are moving along with the READ Act training. Below is our current completion rate as of December 12.
 - Module 4 = 99% complete
 - Module 5 = 91% complete
 - Module 6 = 61% complete

Staff Members will need to complete Module 6 on December 19. Our next synchronous session is on December 19 from 1:00-2:00.

I am very proud of the work our staff is doing. This training is not easy and I am pleased on how are staff are keeping pace with our schedule.

2. IAQ Project Update: Based on the recommendation from SiteLogiq, we have preordered equipment based on the necessary lead time to complete the project. Below is an estimated timeline:
 - 50% CD - December 6 (main MEP concepts nailed down, major equipment located on plans, duct and pipe main routes roughed out)
 - 75% CD - December 27 (duct mains sized, pipe mains sized, panels located, initial lighting layout, one-line electrical diagrams developed, fairly developed eqpt schedules on the plans)
 - 95% CD - January 10 (everything except specs will be reviewed, a few minor details need to be finalized)
 - 100% CD - January 21
 - Public Bid Notice – week of January 27
 - Bid Docs available – Feb 3
 - Pre-bid Walk Thru – Feb 13
 - Bids Due / Opening - Mar 11 or Mar 18
 - Bid Recommendation – Mar 18 or 25
 - School Board Approval
3. Happy Holidays to all of our staff, students, and community members.

Respectfully submitted,

Dr. Trish Perry, Superintendent
Foley Public Schools
