April 26, 2023

State Board of Education,

The Wynne School District is seeking a waiver from the 178 school day requirement. Our community was devastated by a tornado on March 31, 2023 which resulted in the complete loss of our high school and damage to multiple campuses. The district through the support of multiple agencies and a resilient community returned to onsite in-person learning within a week by establishing an alternate site for our high school students as well as reutilizing space differently in existing campuses.

Respectfully,

Dr. Kenneth Moore
Superintendent
