CANDIDATE QUESTIONNAIRE

OSBA Board of Directors

Name: Kris Howatt

Region: Multnomah

District/ESD/CC: Gresham-Barlow School District Position #: 18

I certify that if elected I will faithfully serve as a member of the OSBA Board of Directors. My nomination form has been submitted to OSBA (or is attached to this document) as evidence.

Kris Howatt
Name

Be brief; please limit your responses to 50 words per question.

1. Describe in your own words the mission and goals of OSBA.

OSBA exists to train and support locally elected school board members. They enable school board members to effectively serve the students in their respective community. OSBA provides a perspective beyond local districts, advocating at the State and National level.

2. What do you want to accomplish by serving on the OSBA board of directors?

Over the years, OSBA has become a "go-to" organization for education issues in the State. Our board members are invited to meet around key legislation, emerging issues, and trending developments. I want to continue to advance the impact of OSBA and maintain their relevance in the education sphere.

3. What leadership skills do you believe you bring to the board of directors? Give an example of a situation in which you demonstrated these skills.

I do my research and make sure that I am including the relevant perspectives. I have been directly involved in OSBA's governance remodel, the realignment of OSBA goals, expanded opportunities for our students through CTE and the additional resources from the Corporate Activity Tax. My success in these endeavors hinged on bringing other supporters along and encouraging collaborative efforts.

4. What do you see as the two most challenging issues faced by OSBA?

The political polarization of education in the State. The changing demographics of our student population, and how to better support these students and their communities.

5. What do you see as the two most challenging issues faced by your region?

Supporting our diverse student population. Engaging our newly elected board members in timely and appropriate training opportunities.

6. What is your plan for communicating with boards in your region?

COVID adjustments have provided a nice platform to view regional board meetings, but they aren't a perfect substitute for in-person conversation. I'm looking forward to a return to in-person training, conferences, roundtables, and regional meetings. In the meantime, virtual, email, and phone are the communication methods.

Deadline: October 1, 2021, 5 pm

OSBA Legislative Policy Committee

Be brief; please limit your responses to 50 words per question.

1. What do you want to accomplish by serving on the Legislative Policy Committee (LPC)?

As an out queer parent, I want to lift up the concerns of LGBTQ+ students and families. I am passionate about student voice, and curious how we might intentionally invite student input into OSBA policies. As a long-time resident, I want to represent the diverse needs of East County.

2. What leadership skills do you bring to the LPC? Give an example of a situation in which you demonstrated these skills.

I'm a relentless advocate. Recently I worked, over a two-year period, to enact a national gender equity and safety commitment within my organization (the United Church of Christ). I mobilized a solid regional coalition, built national connections, and leveraged an education partner to accomplish this work.

3. What do you see as the two most challenging legislative issues faced by OSBA?

We need adequate and sustainable **funding** for the State School Fund that frees us from the constant crisis of looming budget cuts. Despite recent **equity** legislation (HB2935, SB732), school districts remain entrenched in patterns of white supremacy. As the takeover and firing of superintendents across the state has shown, community accountability mechanisms are lacking.

4. What do you see as the two most challenging legislative issues faced by your region?

Policing. Our region struggles with gun violence and excessive use of force by police officers that deeply impact communities of color. The policing system has a long history of racist behavior and broken promises for reform.

Funding. The tax base of older, retired, white homeowners are increasingly disconnected from schools which are majority students of color, often renters, immigrants and/or refugee.

5. What is your plan for communicating with boards in your region about legislative issues?

I'm looking forward to communicating with and through the Multnomah Education Service District Regional School Board Equity Team and local community leaders.

Be brief; please limit your responses to 50 words per question.

1. What do you want to accomplish by serving on the Legislative Policy Committee (LPC)?

My hope is to lend my expertise and leadership in PK12 Education and represent my community of East Portland. My hope is also to work on shifting power across the state and within school districts to promote equitable education. It is my mission to help elevate and strengthen the voices of students of color and students who experience the most systemic barriers and provide a platform for advocacy.

2. What leadership skills do you bring to the LPC? Give an example of a situation in which you demonstrated these skills.

My leadership style is collaborative, innovative, and driven by racial equity. As part of the Design Team for the Regional Kindergarten Readiness Network (RKRN), I help facilitate a collective of 60 regional, cross-sector partners working together to ensure that all systems are ready to serve all of our kids on their journey to kindergarten and beyond. I've co-led the development of design criteria and an initial list of potential metrics for the Kindergarten Readiness Snapshot as part of this transformational work

3. What do you see as the two most challenging legislative issues faced by OSBA?

There has been historic investment in education equity through Student Success Plans. OSBA's legislative priorities should be to maintain full funding for the implementation of those plans and to hold districts accountable to improving outcomes called out in those plans. I would also say the second most challenging issue for OSBA will be regarding its role in Board Development, particularly around racially just learning and a Board Member's role in governance. There have been board members across the state that are confusing their own political agendas with statewide policies meant to protect students. OSBA has a critical role in educating and training those boards.

4. What do you see as the two most challenging legislative issues faced by your region?

Student retention (high mobility rates) due to gentrification and lack of affordable housing and lack of mental health and counseling supports. Our students who have enrollment gaps or transitions are graduating at a lower rate than their peers who remain in one school district. There is a lack of continuity when a student moves from one district to another and causes a significant disruption to their success. Additionally, students in our region are not receiving the adequate support they need to feel and be healthy. Living with trauma and/or mental health illness decreases the likelihood for a student to thrive and achieve the academic potential.

5. What is your plan for communicating with boards in your region about legislative issues?

My plan is to create meaningful platforms of communication that align with existing regional efforts. First and foremost, I want to listen to my colleagues and be responsive to the unique challenges and opportunities of each district. In my current MESD Zone, I cover all of David Douglas, Parkrose, Centennial, and a small part of Portland Public Schools. Serving on the MESD Board for Zone 4 (East Portland), positions me to best represent my region. I live, work, and serve in my region.
