RE: Resignation from BES 2nd Grade Teaching Position

Greetings everyone,

I am writing to inform you of my January 23, 2025 resignation date. As many of you may already know I have been struggling with my health for the past few years. This fall was a major turning point in the opposite direction in my health. I had wanted to complete this teaching year. With much thought, the best option for my students and myself is to resign to give them consistency and to focus on my health. I can no longer adequately perform my duties as a teacher. Despite my efforts to continue I've had to take many days of FMLA leave. The stress has had a huge impact on my inflammation. Unfortunately, I now suffer headaches daily after having two mini strokes in October. My body is in constant pain and I have not been able to manage it. I need to focus on my health for my future. It has been a very difficult decision to make, but I can no longer deny the fact that I can no longer perform my duties and continue to be a successful teacher. It has been my greatest pleasure to serve the students of BPS #9 and thank you all for the opportunity to make a positive impact on my many past students. I humbly ask to have the penalty fee waived for early resignation, as I am resigning for medical reasons.

Sincerely,

Jennifer J. Fenner
