## **Board Salute**

### **Jennifer Totman & Tori Farquhar - Turner Elementary School**

*Submitted by: Megan Czach, parent*

Jennifer Totman and Tori Farquhar are the librarians at Turner. These women are in charge of keeping the shelves full of wonderful books for the kids to read and they do a great job. I asked if they could help my son find a book series that would interest him and they didn't disappoint.

My son is interested in reading again and thanks to his love of Desmond Cole Ghost Patrol, the shelves are stocked with them and more children now love them. This is all thanks to two librarians who took the time to help a student find his love of reading. For this, I believe that Jennifer and Tori deserve a Board Salute.
