Procurement Card Usage Procedures

The following procedures will be followed for Procurement Cards:

The District Business Office will authorize the use of a Procurement Card (P-Card) to an employee for one of the purposes outlined above.

In person Purchases

When a purchase is to be made the P-Card User will:

1. Create a purchase order made out to the actual vendor with the “remit to” as the **MasterCard Co.**
2. Presents goods or services for purchase to a vendor who accepts MasterCard.
3. Receives the merchandise and a copy of the receipt.
4. Retains the original receipt and remits to the District Business Office or their building/department bookkeeper, as with any other purchase.

Internet Orders

The P-Card User may purchase supplies or services via the Internet over a secured transmission. The supplies or services must be immediately available for pickup, or must be shipped or delivered within the monthly billing cycle. The order should not be placed without this assurance. No back-ordering is allowed when using the P-Card.

Telephone Orders

The P-Card User must confirm that the vendor will charge the P- Card when shipment is made so that receipt of the supplies may be certified on the monthly statement. This is also a requirement of the vendor's contract with MasterCard.

Prohibited Purchases

The P- Card is to be used for District-authorized purchases only. The Procurement Card cannot and is not authorized to be used for any personal use.

The following supplies and services shall not be purchased with the Procurement Card:

Sales & Use Tax

The District is exempt from paying any State of Idaho (and generally all other states') sales and/or use tax, even when the purchase is made with the Procurement Card. The District's sales tax exemption number is printed on the face of the procurement card. It is the responsibility of the P-Card User to make the vendor aware that the sale transaction will be tax-exempt prior to processing the sale.

If the vendor charges sales tax, it will be the responsibility of the P-Card User to contact the vendor and obtain a credit equal to the amount of the sales tax. Do not permit the vendor to issue cash to settle a sales tax error. If you have a problem with any vendor about sales or any other tax, please contact the Business Office.

Documentation

For **all transactions**, the P-Card User must retain the original customer's copy of the summary charge slip, along with the detail receipt which identifies every item purchased and the corresponding item cost.

For **telephone orders**, the P-Card User must retain the receipt and/or packing slip. If necessary, the P-Card User must request a receipt from the vendor that shows vendor name, date of purchase, and itemized charges. The P-Card User must also write the account number or a narrative description of the account/project to be charged on the back of each receipt. Receipts can also be scanned in using the mobile app.

Missing Documentation

Where supporting documentation is missing, the P-Card User must contact the vendor and request a duplicate receipt. If the P-Card User is unable to obtain documentation, The Business Office should be contacted. Failure to provide adequate documentation could result in disciplinary action, and employees may be required to make payment for such transaction.

Denied Purchase

The P-Card User may report a denied point of sale or other rejected purchases to The Business Office to get the limit adjusted to finalize the sale.

If a vendor refuses to accept a Procurement Card, the P-Card User should report this fact to The Business Office.

Violations

The following actions are prohibited:

- Purchases of items specifically prohibited by policy
- Purchases that exceed the Procurement Card limits
- Not reporting lost or stolen cards
