BOARD OF EDUCATION

FOR ACTION

Subject: Approval of Fee Collection Agency

As mentioned in the attached memorandum from Ms. Varhalla, the District has over \$13,000 in uncollected fees from parents of students. A solution discussed with the Board of Education is the use of a third party collection agency to recover as much of the past due fees as possible. Through a referral process, two firms were interviewed with Rozlin Financial Group, Inc. earning tonight's recommendation to the Board. The firm is compensated by taking a percentage of the fee amount collected with their involvement.

It is my recommendation to the Board to approve the use of Rozlin Financial Group, Inc. in the collection of past due fees owed to the District, as presented.

Recommendation: The Board approve Kozlin Financial Group, Inc., as presented.
