Fort Smith K-8 Conversion Charter

Conversion Charter Process

Conversion Charter School

A **district conversion charter school**:

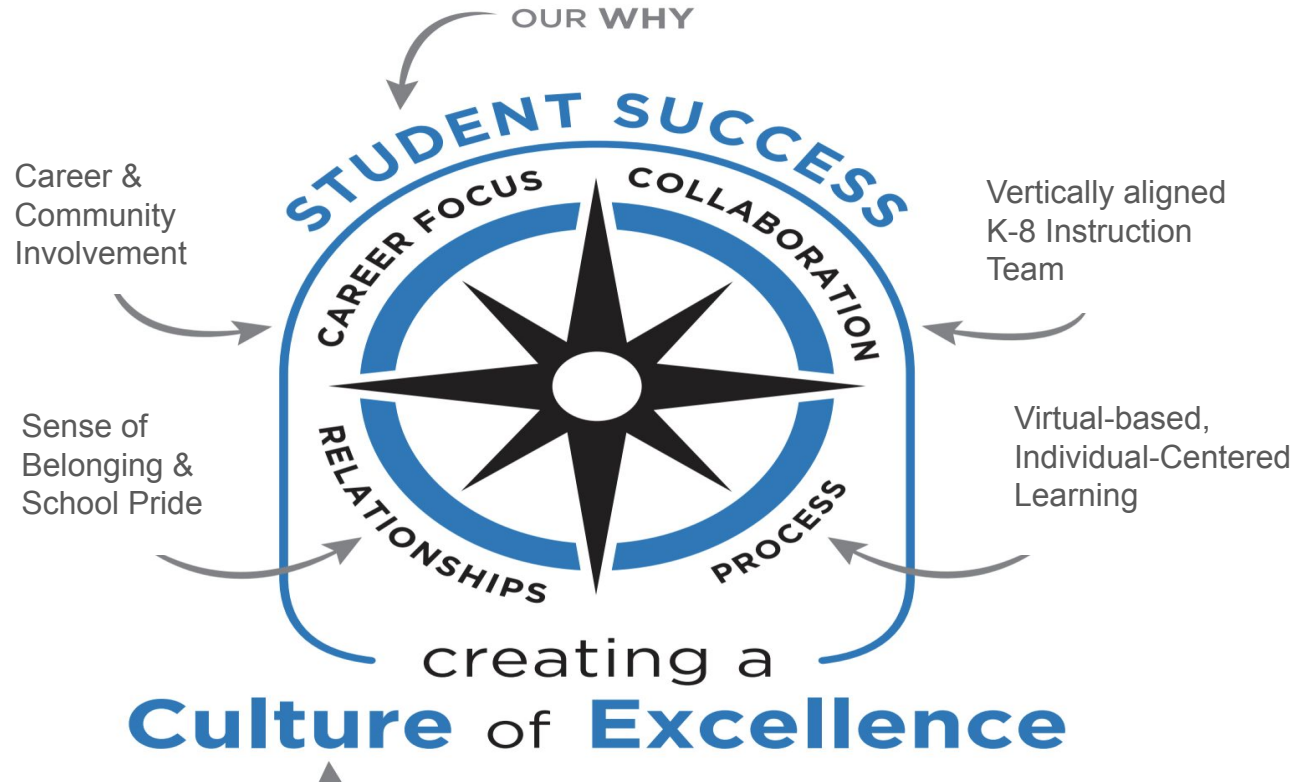

- is a public school converted to a public charter school with freedom from many of the regulations that apply to traditional public schools.
- is based on the charter, or contract, detailing the school's mission, program, goals, students served, and methods of assessment.
- can only draw students from within the school district's boundaries.
- may encompass concepts as broad as the imagination.
