Student Outcries

Students often reach out to our coordinators for emotional support. Throughout the week, students can count on our office being open & welcoming.

- IHS had 5 student outcries to the coordinator
- IHS' coordinator provided emotional support one time to an IHS student NOT in our program.

*Students in the program for any length of time Aug. 2024 – Jan. 2025

What our most recent 2024 graduates are doing after graduation from IHS

FROM THE STUDENTS

47%

of Mentors Care students did not have a safe person to talk to prior to Mentors Care

“Before joining this program, I honestly didn't know what I would do after high school, but my mentor helped me make a plan and think about what kind of person I wanted to be. I am so grateful for my mentor and everything she helped me with.”

–Mentors Care Student

ITALY HIGH SCHOOL COORDINATOR

“Mentors Care at Italy High School strengthens our community, students, and mentors. By giving and receiving support, we all grow. Our carefully selected students may not always know how to ask for help, but Italy’s caring staff recognizes when they need it. While classroom demands limit one-on-one attention, Mentors Care provides each student with a dedicated mentor, offering guidance, encouragement, and friendship. These mentors instill confidence, courage, and motivation, helping students thrive. Time and again, our program proves its impact!”

–Carol Noel
