

April 2015
Beaverton Student Advisory Committee
Meeting Notes

If you were a member of the School Board, what would be your goal for the District?

- Leveling the playing field and providing equal access to opportunities
- Teacher relationships with students
- Health centers in all schools
- Teacher evaluations by students
- Staff diversity – teachers that look like students
- Giving students a voice/empowering them
- Post high school planning in various professions

Goals

- Giving students access to resources needed to succeed academically.
- Providing the best possible education to students.
- Achieving these goals while maintaining transparency to the public, and especially to students
- More ways to have student voices heard
- Transparency – awareness of Board work
- Access to budget – in a way that's easy to understand
- Opportunities for CTE/career courses – more options, especially ways to learn
- Access to resources need for success
- Provide best education possible – content and environment (comfortable, safe, involved, engaged)
- Transparency to students and public
- Equity
- Empowering students
- Teachers involved with students
- Teachers evaluated by students
- Staff Diversity
- Post high school planning – guests and teachers
- Providing access to equal opportunities
- Personal, comfortable relationships with students
- Approachable staff
- Diversity
- Mental health centers
- More post-hs planning
- Promoting student initiative
- More real, more relatable
- Leveling playing field
- Providing equal access/opportunity
