

2025 Varsity Boys Basketball Overnight Information

We would like to repeat our yearly overnight trip with the boys basketball program to play in the shootout at the University of Dubuque in Dubuque, Iowa. We have taken 6 overnight trips since I have been the coach and all have gone well, without any incidence or concern. It is a great opportunity for games against opponents that we don't traditionally see but are similar in size to us and it works very well to build team chemistry. The overnight trip is separate from the rest of our summer camps and games to ensure that students who are unable or don't want to attend are not paying for it. The cost is split between the players who attend and from the boys basketball account (with money raised from fundraisers throughout the year). This is the first year that we will include the JV team in the overnight trip, but I don't anticipate it causing any additional stress or issues as we have the same expectations for all students that we have had in the past.
