Re: Bid Results for Construction Re-bids – Elementary School Projects

As part of the 2013 bond issue, we will renovate Grant, Hoover, and Randolph Elementary Schools this summer. It was necessary to re-bid three divisions of work for the construction project; Roofing and Metal Studs/Drywall/Plaster/ Exterior Insulation and Finishing Systems (EIFS) and Painting. We would like to discuss the responses received on two of the trades at the next Building and Site Committee meeting on February 1, 2016.

The RFB for the renovations projects for Roofing and Metal Studs/Drywall/Plaster/EIFS was made available on January 11, 2016. The bid responses were due on January 25. Plante Moran Cresa is currently reviewing the information. The process for evaluation will be in accordance with the criteria that were established previously.

The bid responses will be available in the Business Office conference room for any Board member who would like to look at the documents provided by the various firms.

On Monday, February 1, 2016 at the Building and Site Committee meeting Plante Moran Cresa will present the results of their evaluation to the Board of Education and provide recommendations for next steps in the process of selecting the vendors to provide the Roofing and Metal Studs/Drywall/Plaster/EIFS work for the Phase III elementary construction project.
