118585302508	Apr 19 2024 09:55 AM	Learning I believe it is important to the school district and parents that students get a proper education and learn things while they are at school, but I feel that trying too hard to teach some students can have a negative effect. So despite it possibly being easier to cram more time in the classroom per day with one less day, I think it would have adverse effects to that the district wants, simply stressing the students out even further making it harder to focus on their academics. perhaps with an extra day of the weekend the students would be more refreshed coming back to school the next week, and it would feel like less of a slog to come to work/school on Monday.

		Kids need to be taught accountability again. Not enough is expected of them. My kids used to attend Lakeland as well as I did, way back when. Every year, the schools seem to get more and more lenient. Late work is taken FOREVER. Kids need to learn that there are consequences. Teachers need to push consequences. Learning how to do things when you are supposed to, and not get away with things, are just as important as reading, writing and math.

118580257494	Apr 12 2024 01:42 PM	The most important aspect of education is to provide instruction well so students graduated with the skills and knowledge they need to offer productivity to society. Districts in this area already attend less days per year than schools in Washington state and other states. I've seen nothing in this document that suggests solid research supports a 4-day school week schedule.

For the schools to realize times have changed and schools should not be ran the same they were 20-30 years ago. Even 10 years ago for that matter. Kids do not need to be stuck in a classroom 5 days a week. If you look globally kids that go to school less and even start at a later age have way better test results. They need more education on real life situations. Tax's, budgeting, how a home works and what bills come along with having a home, how to prepare food. We need to be teaching these kids how to function and be successful adults.

		It is most important to me that the school board figures out that not everyone who lives in our area is an extreme republican or a conspiracy theorist. Most of the community members trust our teachers, trust public education and Grissom, Thompson and Quimby are not representing us well! Bain and Jones represent the patrons well but Quimby, Thompson and Grissom do not represent our community members accurately. They are listening to their KCRCC cronies and it is obvious they do not support public education. Thompson and Grissom are the most frightening. I'm sure they like reading that comment as they like when they cause friction. However, I want all who read this to know that Grissom and Thompson are ruining our district. They are not as loved and admired as they keep touting ("the public voted for us to be in this position" or "we earned this position and the people have spoken"). Most community members see right through their facade. Their values do not align with the majority of the patrons. Hoping our teachers hang in there until the end of Grissom's and Thompson's terms but I wouldn't blame them at all if they left.

Note: This was written before the special board meeting on April 3rd though my feelings have not changed since watching that board meeting.

What's most important to me? Well for starters, feeling valued as an educator so we can continue to help kids learn and grow into great human beings. Trustee Jones and Trustee Bain support educators and it is very appreciated! Grissom, Quimby and Thompson have made it very obvious that they do not value teachers, counselors, school nurses or any staff in our district. They don't trust us, they don't speak highly of us, they undermine everything we are doing, and they encourage community members to believe that we are indoctrinating children and that we have these hidden agendas. The random card or basket of treats that the board sends to our staff lounge during Teacher Appreciation Week does not help us feel valued--it is disingenuous and none of us buy into it. Positive actions and positive communication about teachers and staff throughout the community are what *could* make us feel valued. Grissom, Quimby and Thompson are so out of touch with what is actually happening in Lakeland schools and instead are listening to a few very loud and misinformed community members. Furthermore, Thompson is sneaky and shady. At small meetings, she pretends she doesn't know the procedures and policies and then at the board meetings it is obvious she has been informed about the procedures and policies. Thompson and Grissom are also all very unprofessional. Listening to them speak at board meetings is like listening to disrespectful teenagers getting sassy with their parents. Frankly, they look and sound ridiculous and are not at all acting like leaders. They often speak poorly of the previous administration. If they didn't see eye to eye with Dr. Meyer then fine, but time to stop throwing her under the bus and blaming all problems on her. Take the high road and move on instead of making catty remarks. It's tacky and not how we want our board to represent our district.

I am so exhausted by the political school board who is constantly trying to find staff doing something outside of their political beliefs. The staff are good people who are educating kids, not pushing agendas. Idaho statute states that school boards are non-partisan. So, I can't understand for the life of me why this board can't hold to that and continues to sell the community on how conservative they are. Boards should be at the 30,000 ft level and admin should be at 30 ft. I work in the district and opt my kids into a bordering district because of how political this board is.

118574915652	Apr 05 2024 09:17 AM	The most important thing to me is that my children have the opportunity to be taught by the best of the best. With the salary in Washington and the 4-day weeks around us, it only makes sense that our teachers have options. The economy is not getting cheaper, and we cannot blame teachers for either needing more money or being able to have flexibility on a weekday to bring in another source of income. Our kids deserve the best, and teachers need to quit being ridiculed for expecting to be treated as more than childcare.

118574882087	Apr 05 2024 08:28 AM	There are 115 public schools in Idaho for 44 counties an extreme overkill to taxpayers pocketbooks if the state would cut down the number of school districts to one or county that would provide many more millions of dollars for school budgets. We lived in NV which was 23 counties over double the ID population. I never saw any school levies and NV functions well with approximately 30 public school districts.

Less than 30% of your budget goes to teachers and bussing. ALL we REALLY Need are teachers and bussing (the buildings are already paid for) expansion can be warehouse style inexpensive class rooms. We should NOT be a premier babysitting experience but an affordable (to the tax payer) good basic education. 3. Turn the athletes over to a parent/community led volunteer organization with support in bussing and location. 4. Arm your school staff. Arrange for them to certify with the Kootenai County SWAT team each year and then give them a \$3,000 annual bonus if they certify and carry t protect the schools. If only 1 in 4 did

		As to what is most important to me? Students should, of course, receive a quality education but what does it matter if they have little regard for the place in which they live?

I feel that they learn how to use technology to accomplish their educational goals. I have the opportunity to read letters written by high school graduates who can't write a complete sentence. Young people don't understand how to count change. Because of this, I would like to see a lot less use of technology in the lower grade levels. I'm an old guy, so maybe I'm out of touch. I do believe you must be competent in the basics to master the higher concepts.

11858546079	Apr 19 2024	1 I've read that later day starts are best for teens. I personally think that they need to get more real time live human person to person interactions vs taking a day off of the 5 day school week. They get way to much only online time dealing with other kids bragging

An "a/b" day schedule: 1-3 on Monday and Wednesday then 1-3 on Tuesday and

There are many good things this school does good and a few more it does perfectly, as someone who doesn't pay attention to sports and focuses purely on education I believe it would be very beneficial, to students, to spend slightly more time in classes and get a

11858524571 Apr 19 2024 C Having a five day school week.

11858524734 Apr 19 2024 C Communication to students and parents. And time management.

11858524347 Apr 19 2024 C longer lunch

11858524553 Apr 19 2024 C be stricter with some things like leaving class
The department's board meetings. The supplemental curricular's in the school district have needed to present their play ideas to the board before approving them for action. However this leads to tragic timings, delays in productions, ect. A great way to change this is to send permission slips home to parents of the parents and getting it signed off.

11858525326 Apr 19 2024 C This gives written permission from parents to produce a play, prevents any mishaps, ect.

11858524856 Apr 19 2024 C School being a little later than 7:35 am.

11858524523 Apr 19 2024 C Remove the unneccassry censorship of the books and preformences the school does
I feel like we could improve the communication and proficiency between the school board and the school district about education and things that need to be approved on time.

11858524590 Apr 19 2024 C Four day week possibly

Teaching methods. Utilize the differences of how students learn and take that to finding ways to help them succeed rather than giving them work and expecting everyone to understand and work for that when many may not understand that method. Introduce

11858524568 Apr 19 2024 C teachers to different methods of teaching to ensure more students will succeed.

11858524267 Apr 19 2024 C Nothing

11858524552 Apr 19 2024 C I have no complaints about this school year besides having a hard time getting lunch out of campus and eating it all before lunch is over.

11858524540 Apr 19 2024 C I feel that scheduling could be improved to give students the option for more classes or electives like study hall.

11858528461 Apr 19 2024 C I don't know.

11858524985 Apr 19 2024 C I believe the school district can provide more explanation as to why these kids need to try hard in school so they can do great things for everyone's future.

11858525063 Apr 19 2024 C I think doing a 4 day week would be a good change to the district because it allows for more flexibility time for jobs and sports that some students may be struggling to deal with during the 5 day week.

I feel Lakeland school district could improve by making the 4 day school week a thing. I think this should be a thing because attendance rates would go up and the longer days

11858522742 Apr 19 2024 C would benefit.
More clubs should be introduced for the 2024/2025 school year and a positive view of

Having a four day week would be a good thing because having a Friday off could be spending more time at home having more flexible hours to work on homework. It would also be more beneficial because I think it would be better for school sports. Also kids attending high school mostly have jobs, and having an extra day to work would be good in a multitude of ways, including more pay, learning more of being in the workforce and real world problem solving, which could be more beneficial arguably than 5 day school weeks. Better environment, more support for students, bring human rights club back, bring pottery

11858522306 Apr 19 2024 C Make 4 day school weeks.
I feel as if we should improve the next school year by, making four-day weeks a thing. I think it will improve our students' mental and physical health make their days better, and

11858522904 Apr 19 2024 C make them more motivated without Friday school.

11858522382 Apr 19 2024 C Having more classes about the real world outside of school such as a tax class.
Give more academic freedom to the classroom teacher. (just do what we've always done

11858522316 Apr 19 2024 C in this regard)

11858523476 Apr 19 2024 C Better budget management. last school year, some rooms could have used some revampment, but instead, the money was used to refurbish the outdoor restrooms. as well, a large portion of our "Sports" budget was sent to our football team, which seems biased. also, school should push for a Male Volleyball Team!

No violating students personal lives and just let kids be. A change In the phone policy would be great too.

11858522498 Apr 19 2024 C I think that we should remove ALL electives and maybe having 4 day school weeks.

11858522163 Apr 19 2024 C I belive a four day school week would improve the life of students.

11858487797 Apr 18 2024 C Coming from WA this is a breath of a fresh air. Continue to fund

Respect our teachers. Let them do their job. The district lets the parents have too much control. Example: My child should have choices in the library. Other parents or board members shouldn't decide what is in there. It is my job as a parent to see what my child is reading and decide whether or not I want them to read. Just because one parent chooses not to have a child read a book doesn't mean they should make the decision for everyone

11858486670 Apr 18 2024 C else.

11858485875 Apr 18 2024 C Shrink the budget by 3%

A large improvement needs to be made in the actual education of the children. Based on the publicly available video recorded schoolboard meetings, there has been a great political movement within the school board and the districts superintendent to provide direction for the district in a selfish and facistic manner, that does not provide any benefit to the kids. While the school board and superintendent are worried about operational reducing costs, school board procedures, and political pandering, the kids and their teachers are left with schools that are not safe (replacing SROs with "armed guards"). The school districts leadership should be striving to make the district the best education you can receive in North Idaho; they should be investing in the kids through rigorous academics by getting, supporting, and RETAINING the best teachers and school counselors possible; they should be creating, providing, and supporting a CULTURE in the district that strives for positive attitude, enthusiasm, and exceptionalism when it comes to educating; they should be thinking outside of the box to improve the district in so many other ways. Instead, they are focusing on taking free parent consenting public counseling out of schools (heritage health), "book banning" for the sake of political pandering, and

11858486293 Apr 18 2024 C making "rules for thee but not for me".

Having a more supportive school board and a more supportive district leadership (superintendent). Right now the school board does a lot of what "I" want, which is not their role. They should be representing the voices and constituents of their zone and district, not freely dictating whatever they want (or choosing who to listen to, while disregarding others). The superintendent should also be an advocate for staff, families, and students, not cowering to the demands and bullying of the board, or lying and fabricating for her own self preservation . There are unethical and illegal things happening within our district, with the board and superintendent, and it is disgraceful. I would like to see this district once again become the epitome of a stellar education, and not see the mockery being

11858485622 Apr 18 2024 C displayed (and even embarrassingly being shown in newspapers and news outlets).

11858482191 Apr 18 2024 C The superintendent and school board's leadership

11858479526 Apr 18 2024 C More honest communication (for example, the SRO situation)

11858467275 Apr 18 2024 C issue other than telling the bully to just stop and it got worse for my friends kid.

11858546823 Apr 18 2024 C I think we need to back to focusing on what is best for students.
 1. More challenging academics and higher standards in the classroom
 2. Remote classes/learning options combined with in class education

11858465231 Apr 18 2024 C 3. Improve classroom management so disruptive behavior doesn't interfere with learning

11858462955 Apr 18 2024 C improve it so when you have 9 absences you don't have to petition for credits.

11858461486 Apr 18 2024 1 fun and get a job
 Requiring the high school students to use lockers, put backpacks in lockers instead of all over classroom floors or tables.  taking away a school day and making each class longer to allow for more uninterrupted time to focus on each subject. Allow more abstances for students with higher GPAs, these students are proving they do not need to be in school to keep their grades up, if their

Continued updating on facilities, accountability in the middle school math department and
correcting behavioral issues within the classroom. I hear of kiddos with ongoing
behavioral problems being rewarded (lots of "carrots") and allowed to dominate a
classroom and the ability of the teacher to teach the kids ready to learn. The "stick" seems

Some things that could be improved coming up on 2024/2025 is I feel that we should do
more fun school activities for seniors and even lower class man. Like I feel like fundraising

11858450598 Apr 18 2024 1 for a senior trip would be so much fun for our seniors next year.

11858450187 Apr 18 2024 1 more days off
Well the whole reason im taking this survey; a 4 day week would be great. it could help

11858450302 Apr 18 2024 1 with time management and extras activities out of school.

11858450214 Apr 18 2024 1 I have nothing to say here.
I feel that teachers don't often communicate enough, and as a result, it can lead to some

Increase the safety of the students. Safety is the most important part of the school. During

I feel that for the 2025 school year, Lakeland High School should work on its parking lot, it

I feel like if we moved the school weeks to be a 4-day week vs a 5-day week, I think if we

I feel as if some of the students become stressed from the amount of homework in honors

This year seemed a little disorganized for the children, there was a lot of new plans the
kids were not used to from the previous year and made it a little difficult for them to stay
on track with classes. I would say in all organizing the event schedule and following

11858359740 Apr 17 2024 1 Basic Skills- math reading, being able to get a job!

11858359557 Apr 17 2024 1 I do not know how all academic and other offerings would fit into a 4 day week for students and teachers! As a past educator for Lakland School DISTRICT 272, I speak from experience!

11858359058 Apr 17 2024 1 Keeping SROs, improved communication to the community about how important Levy dollars are and how they are spent.

11858359126 Apr 17 2024 1 This applies to any school year: Provide more A/P courses for those students who want to attend colleges outside of Idaho and pursue that education at renowned institutions. These are things that are needed for students to access this type of higher education.

11858358940 Apr 17 2024 1 I am very happy with our district, I love the small town feel and the kids are NOT JUST A number. Programs offered now seem appropriate.

11858358228 Apr 17 2024 1 Always moving to parent directed education.

11858358021 Apr 17 2024 1 Less emphasis on culture of society by spending too much time endorsing the "now" agenda. He, She, They etc.

11858356659 Apr 17 2024 1 STOP WASTING MONEY ON ITEMS THAT DO NOT NEED CHANGED (FENCING AT GARWOOD) 2 SIDES DID NOT NEED CHANGED ALL OTHERS WERE JUST FINE WHEN OUR KIDS WERE THERE.

11858356227 Apr 17 2024 1 Continue with any special programs available for students who struggle.

11858339040 Apr 17 2024 C More focus on actual education for our children and less emphasis on certain people's political, biased point of view. History IS important. Individuality IS important!!!

11858339013 Apr 17 2024 C I believe Lakeland Schools are better focused than other area schools. Lakeland leads the way. Thank you!!

11858336147 Apr 17 2024 C I would say that traffic and foot traffic between LHS and LJHS, should be a priority. Perhaps a footbridge could help?

11858331788 Apr 17 2024 C Lower cost

11858301145 Apr 16 2024 C Hire and retain teachers and administrators that put what's best for our children ahead of their personal agendas

11858299563 Apr 16 2024 C Nothing I love Lakeland

11858296504 Apr 16 2024 C Letting each parent decide what a best for kids not a group of people deciding for them.

11858296059 Apr 16 2024 C Keep an eye on the teachers who may be over loaded with kids who are having trouble or causing distractions.

11858290524 Apr 16 2024 C Get people on the Board who can openly & honestly work with the people who actually deal with the education of the children!

11858289308 Apr 16 2024 C Better training of all teachers on Skyward. Consistency of all teachers on use of Skyward. Training and better Maintaining of newer teachers. Consistency of teachers in the same grade and across schools.

11858287573 Apr 16 2024 C Better pay for the people in the trenches. If .a shortfall in funds occurs the upper management takes a pay cut.

11858287522 Apr 16 2024 C We need to work together rather than putting so much emphasis on our differences, be that our moral, religious, political, or ideological beliefs. Our children need an education, NOT a sermon about how they should think or feel or... This is a school district, NOT a religious or moral pulpit.

11858286046 Apr 16 2024 C Better community communication

11858279912 Apr 16 2024 C Higher educational standards. Allow kids to fail. Allow them a reason to actually try and make their efforts count.

11858279440 Apr 16 2024 C more summer time

11858278017 Apr 16 2024 1 More AP classes

11858276165 Apr 16 2024 1 Student accountability for behavior and how they treat other students/teachers.
my son went to a high school that taught based on a theme for each grade. Every course was aimed at the theme. (for example, his junior year the theme was, launch a rocket to mars. What is required.) They broke into groups, the classes were taught to accomplish this broad task and at the end of the year they were required to present a multi-media program on the Mission to Mars. The 6 periods of class were taught in 2 hour segments. 1,3,5 were taught MWF one week, and T,TH the next. 2,,4,6 were taught in the opposite order. They were able to get more done because instead of having 45 minutes of teaching in a one hour class, they had an hour and 45 minutes, or more.

11858277084 Apr 16 2024 1 Purchase quality, rigorous curriculum

11858245395 Apr 16 2024 C Involving families in sports and booster club activities

11858237441 Apr 16 2024 C Allow ALL students in district to attend the school in their own school zone

11858235163 Apr 16 2024 C Not so much homework. There are many days where my kids get home from school, then for the rest of the night they are at the table doing homework.

11858212919 Apr 15 2024 1 This school district has been incredibly supportive of my special needs son. Nothing to improve--keep up the amazing work!

11858212003 Apr 15 2024 1 Education

11858211510 Apr 15 2024 1 Education first and foremost, politics and the rest after.

11858209408 Apr 15 2024 C Always room to grow, but I don't have a specific response.

11858206893 Apr 15 2024 C Stop focusing on so much negativity and focus on positive things. Our kids hate school because they constantly think they aren't good enough.

11858206418 Apr 15 2024 C Nothing

- transparency in budget
- 4 day school week: somehow the district is overspent in budget, yet this has not been a serious consideration, why? The amount of money that we would save in transportation costs alone would be incredible. That, coupled with improved attendance rates (because parents won't pull their kids out on Fridays) will bring more money in from the state. We will also be able to retain teachers without increasing salaries, otherwise they are going to leave for Post Falls and CDA. Why work more days for the same amount of pay? The excuse to not do it was the facilities funding, but that has now been changed in the legislature. We would be eligible for the funding regardless of school day schedule, and this should be communicated truthfully to parents and staff rather than worded like the question below. The data from Post Falls is super encouraging for student performance as well - students are closing achievement gaps!
- Do not increase class sizes in an effort to decrease staff headcount
- something has got to change in how behaviors are handled. I volunteer at JBE, and have seen some unbelievable student behavior that (at times) has threatened student safety. Parents of other students in the class have not been notified, and the student is back in the classroom just a short time later. It's not working. It's the same students over and over again, shouting obscenities, throwing, hitting, biting, etc. How is this affecting the other students in the classroom when nothing is being done as a consequence?

11858206878 Apr 15 2024 C

11858205609 Apr 15 2024 C Go to 4 days a week
Monday to Thursday so I can have more time with my children
I believe the school district is presently working on improving my primary areas of concern
which include school safety, building improvements on building that have damages,
making sure that parents are involved in knowing what curriculum their children are

11858205195 Apr 15 2024 C engaged in at school.

11858205167 Apr 15 2024 C See above
Keep politicians out of the schools.

11858203857 Apr 15 2024 C Parents are apart of the kids activities in
Paras seem to have patience and kindness for their kids but not the other children in the
school. We attend JBE and we've had issues with 4 paras having unrealistic expectations
and scolding for my 4th grader, yet they are so lenient on the kids they take care of. There
needs to be the "heart of a teacher" from every staff member that works in a school, not

11858199501 Apr 15 2024 C just for some of the kids in the school.
I would appreciate more updates from d.o. administration on short-term plans with the
growth and budget. The Amplify curriculum is also very disappointing. Not sure why more
feedback from teachers didn't guide this adoption like we always did in the past. The

11858199148 Apr 15 2024 C stories are just weird and not age appropriate. I cannot believe it was adopted!!

11858198553 Apr 15 2024 C Be more understanding to certain children's special needs & bully awareness.

11858198324 Apr 15 2024 C New high school

11858198398 Apr 15 2024 C Facilities & Education.

11858198255 Apr 15 2024 C Board/staff Team Work(communication)
More family oriented school activities.

11858197533 Apr 15 2024 C
The safety of my kids in the classroom, the way the class and school cater to the trouble
kids in class is upsetting, I understand they have bad home lives but when they are
throwing chairs and hitting teachers and kids and no matter how bad they behave they
they are still allowed to go to school like nothing has happened is not ok and not setting a

other districts are. We appreciate the safety provided and seemingly non-Liberal content

11858188598 Apr 15 2024 C being taught. Thank you.
Getting rid of dead weight and bloated managerial positions that don't have anything to do
with educating students. Also, getting rid of staff members that are not effective at

11858188449 Apr 15 2024 C teaching and only hanging around to increase their retirement payout.

11858187957 Apr 15 2024 C More transparency from the school board

11858188138 Apr 15 2024 C Focus on helping students develop life skills.
Better prepare the younger students for high school. Holding students accountable for
their actions and dealing with the consequences. So many students are not prepared for

11858188249 Apr 15 2024 C high school rigor

11858187798 Apr 15 2024 C Continue the current standards.
Offer a more engaging/challenging curriculum to keep students, especially seniors

11858187379 Apr 15 2024 C engaged and excited about learning.

11858186489 Apr 15 2024 C Updating older schools like Spirit Lake Elementary.
More accountability for the kids. So many times I've seen my own children come home

11858186230 Apr 15 2024 C with good grades on assignments I know they didn't complete.

11858186121 Apr 15 2024 C Small class sizes or schooling alternatives
More assistance for children failing classes. Look into the football requirements. Not

11858185842 Apr 15 2024 C making children feel bad if they can't attend stuff

11858185417 Apr 15 2024 C More involvement from the district and higher people in the high schools

11858185254 Apr 15 2024 C This is my first year and very impressed with Twin Lakes
Not moving to a 4 day week, causing our kids to spend more hours a day in classes and

11858185448 Apr 15 2024 C less time in extracurriculars

11858185044 Apr 15 2024 C More community engagement
 We have been oretty happy with Lakeland schools. We have one in elementary, one in

11858181801 Apr 15 2024 1 Basic education

 I want to see lockers at Lakeland Middle School. It's detrimental to the students health there to have to carry around heavy backpacks all day. Children at Lakeland Middle School shouldn't have to carry the chromebooks around school with them all day especially since the school doesn't offer them lockers. As a district there should be way less Chromebook usage. Children shouldn't have as much screen time that's required of them at the district right now. Gym updates are needed at Lakeland Middle School. There also needs to be better morning drop off procedures at Lakeland Middle School its way to

11858171488 Apr 15 2024 1 hectic and stressful currently.

11858169850 Apr 15 2024 1 More time to help those struggling.

I think lakeland is doing a great job. Transparent with parents and communities. I wish

11858163797 Apr 15 2024 C TO DO YOUR JOB - EDUCATE NOT INDOCTRINATE
Our child would love to see more clubs and sports available for elementary school. As a
parent, I wish for better communication between teachers and parents without the use of
class dojo. Not all parents use their phones all day every day and I have missed important
information on many occasions. I would prefer send-home flyers or email's if digital

11858163882 Apr 15 2024 C communication is necessary.
Better Traffic flow during morning drop offs and afternoon pickups.

11858156956 Apr 15 2024 C Safety. Keep SRO officers.

11858153847 Apr 15 2024 C Continue listening to the parents

11858150993 Apr 15 2024 C More teacher/student learning program
Make sure that the district staff are aware that parents are in charge of their children.

11858149681 Apr 15 2024 C There is no room for narcissistic employees. Insist they shape up, or get rid of them.

There is a clear “us vs. them” sentiment from some teachers and staff in regards to parents. There is also declining enrollment leading to less funding for the district. In the business of public education the customers are the parents, the employers are the board and admins, and those funding the work are the patrons/tax payers. In searching for a reason for declining enrollment- I submit that watching or experiencing an entire system of people publicly rally at board meetings and other meetings against their own customers, employers, and those who pay for their livelihood, all while then asking them to drop off their most beloved children on a daily basis, might just be bad for business.

11858148932 Apr 15 2024 C

Longer passing period for student to gain access to locker instead of carrying a heavy backpack all day.

11858113679 Apr 14 2024 C

Focus on educating, not on political favor and being a side show with your board meetings.

11858101054 Apr 14 2024 1 Adopt a writing curriculum

11858032118 Apr 12 2024 C Restrict phone use at schools.

11858027777 Apr 12 2024 C 5-10 more minutes at lunch time.

11858026653 Apr 12 2024 C Support for teachers.

11858026317 Apr 12 2024 C Don't come after the tax payer for facility funding.

11858026078 Apr 12 2024 C While it's helpful to ask your community members for input, they should be informed on whether this is best for students in the long run. Because neighboring school districts are embracing this practice, does not mean Lakeland should follow suit, unless research, overtime supports this action.

11858026068 Apr 12 2024 C Cancel all and any woke indoctrination. Cancel all cell phone use in schools. Include a basic life skills class in high school (count change, balance finances, proper eating- too many students are obese). Take less time out of the classroom for get togethers in the auditorium. First day of class impress on all student discipline is expected while attending school. This is not your home.

11858025470 Apr 12 2024 C Less intrusion from legislature on mandating library resources, length of school week and interfering with school districts

11858025396 Apr 12 2024 C I don't know what needs improvement.

We count on the faculty and administration to be aware of and looking forward to the needs of our grandchildren.

11858023972 Apr 12 2024 C I approve of the districts current operations.
Bring back the books and take away the computers. The kids spend more time playing games and social media on the computers than they do on their homework.

11858024254 Apr 12 2024 C Not involved enough to state specifics

11858023809 Apr 12 2024 C Paying attention to kids that are falling behind instead of passing them thru!

11858023496 Apr 12 2024 C Just keep up the good work you do! and keep mindful of mental health.

11858023884 Apr 12 2024 1 Hire only knowledgeable, ethical, dedicated, trained teachers who have a clean background and private life and who genuinely care about the education and well being of every student. If the students are taught to live by the golden rule, it automatically overcomes division, bullying, teasing, outcasting etc. however the educators need to set the example.

11858023166 Apr 12 2024 1 Smaller class sizes! More school facilities to match new development as existing facilities overtaxed!

11858023010 Apr 12 2024 1 Scared that a 4 day work week would end or change benefits & loss of federal funding. How about 4 days from 5 days a week day loss. To me it looks like a way to lose employees, another income reduction.

11858022858 Apr 12 2024 1 Work on your budget - more students less to admin. training out of the area.

11858021993 Apr 12 2024 1 An after school would be appreciated - even at a cost , at Twin Lakes Elementary.

11858020841 Apr 12 2024 1 Continue to offer traditional biblical based education (ie not allowing non traditional lifestyles educate our children).

11858020787 Apr 12 2024 1 week is best for education our children - who are our future adults - hopefully successful, productive, smart and excited about life individuals. Don't be afraid of bucking the tide.

11858020570 Apr 12 2024 1 Do what is best for your students. Not what is easy.

11858020570 Apr 12 2024 1 Positive attitudes with employees, many encounters have been very unpleasant and rude.

11858020506 Apr 12 2024 1 Have a Superintendent that gets out into the schools, sees what is actually happening instead of hiding in the district office. The Superintendent needs to know what is going on in the district. They cant make decisions if they do not see what is happening first hand.

11858020333 Apr 12 2024 1 Getting the most up to date information out to the patrons as soon as possible. For instance the special facilities funding be cut if going to a four day school week lie it says below. I'm extremely frustrated with the lunch schedule at the LMS. Not only do our children have to lug around their heavy back packs ALL DAY. But they do not get an adequate amount of time for eating lunch, my son says almost on a daily basis that he doesn't have enough time to eat his lunch. And we pack a lunch from home because there is no where near enough time to stand in line and get hot lunch and eat it. Our kids need time to rest

How the school board does there budget, it's never right the board is always saying we don't have money for that, but it was put in the levey, that was voted for, so why are we off budget. Maybe parents need a quarterly budget sent home, our money was spent _____, next project is _____. This project went over budget, does anyone have suggestions where we can pull from? I would like to be treated with more trust and respect for my professionalism from the board. I have two bachelors degrees and a masters degree in education. The boards behavior indicates a lack of trust in their highly educated/professional educators. This leads teachers to believe that they are under valued and not to be trusted. I would like to see the board seek out the professional opinion of teachers, their experience in the classroom and their expertise in their content area.

If we do not do the four day weeks then I think we need to change the start times for the middle school and high school. They start so early that we are sending our young drivers

11857683354 Apr 08 2024 C out before the snowplows.

11857683325 Apr 08 2024 C Letting teachers teach, less school board interference and control
To improve, set high standards for academic achievement that truly challenge all students to work hard. A grade of "C" is average; to receive an "A" students must go above and beyond. Encourage teachers to use their professional judgement in how best to teach, not merely read from the teacher's manual. Encourage creative thinking and problem solving, which are real-world life skills. No need to raise taxes. Work within the funds allocated by

I don't think that we should go to 4 days but having it so that we have a little longer of school days so that, for example, we have 55 minute class periods but then keep it at 6 periods. Along with that keeping the 5 minute passing period and the 30 minute lunch would make it a bit longer but have all the classes periods have an equal amount of time

11857680422 Apr 08 2024 C still.

I think the district needs to start making decisions and not ask for so much feedback. Parents are starting to feel entitled and not appreciative of all the hard work teachers do.

11857677160 Apr 08 2024 C The trust of teachers is diminishing because of this:(
Open communication. I know that people try. I wish that all information was in one place for the students, one for staff, and one for community.

The Board being more respectful of the teachers, staff, and administration of the District. We are all here to support our students and the hoops that the Board puts into place without fully vetting or respecting the opinion of the people doing the work make it difficult.

11857676377 Apr 08 2024 C Take politics out of decisions and focus on what's right.
Everything. Stop micromanaging these teachers. And stop with these crazy radical beliefs of people indoctrination of our children. Those who try to push a Bible and a God

I am not sure about a 4 day week...What will happen to parents' work schedules? Will there be more delinquency? Isolation? Suicide? Will test scores drop? Less time in class is more time on social media... that cannot be good. Can the 5th day be life and job skills

11857673063 Apr 08 2024 C instead if they're not in the classroom? Changing oil, doing taxes, growing food, etc.

Thompson and Grissom are the worst part of this district and nothing will improve until they are removed or are out of office. Hoping that Jones and Bain stay strong! They are

11857671047 Apr 08 2024 C Lakeland's only hope!

11857669692 Apr 08 2024 C Smaller classroom numbers and more parent teacher communication

Fight for competitive teacher and staff pay. That's one of the only draws for veteran
teachers to stay in Lakeland. We love the kids and the families but we can only take so
much micromanaging and over-governing from the board. If I wasn't at my school with my
amazing administrator and colleagues then I would be out of Lakeland in a heartbeat
because of the school board, and the fact that I don't see it changing in our future due to
the strength that the extreme community members have gained and the power they have
over the board (and within the board).

Unfortunately, our superintendent is not helping us feel valued either. While we recognize
that her position is tough, she's often doing only what the board directs instead of what's
best for teachers and kids. They are her boss and determine whether she keeps her job
or not so we get it, to a point. But we need Lisa to have our back. The problem is we know
the alternative of what kind of person could be our superintendent if Lisa were to leave
(hello, Priest River). Lisa has many great qualities, we just wish she would stand up for
educators more than what she is and stop inviting the extremists and conspiracy theorists
to have a say in our district (often when they aren't parents but recent Idaho citizens). Lisa
is well known for throwing other staff under the bus (vocally during meetings, school visits,
side conversations) which is very unprofessional. Many staff at multiple schools that I
have worked at feel the same way. It's very concerning that our district is not going to
make a turn around and will begin losing qualified, dedicated and veteran teachers for
surrounding districts where the board is not extremely political and educators feel
supported. But maybe that's the hope all along...it would be much more fiscally beneficial

11857654070 Apr 08 2024 1 to hire a lot of inexperienced teachers when all of us move on to surrounding districts.

11857653369 Apr 08 2024 1 Make the school a funner school and more activities

11857653290	Apr 08 2024	1	Advancing services and knowledge of special needs kids. Also better serve anaphylactic food allergies. If a child has anaphylactic food allergies that item should never be allowed in their classroom (safe space). It puts the child in danger and creates anxiety for both the child and parents. We should feel that our children are safe at all times. And not left out or segregated due to medical needs. It is a minor ask that could save a child's life!
11857652223	Apr 08 2024	1	Teach and challenge students academically. These students need to be able to be employable worldwide, not just North Idaho. There has been a degradation in the Lakeland education over the past 20 years. Students can be held at a higher bar. The school district does a disservice to the student, parents and the community if they are not preparing the students academically.
11857649936	Apr 08 2024	1	See above
11857650880	Apr 08 2024	1	Better use of instructional time and better results. I will not vote for any future levies or bonds if you go to a 4-day week.

11857605544	Apr 07 2024	C	I would love to see more sports in school in terms of soccer etc. We utilize Rathdrum sports and rec but supporting the school itself is always great! Would love to see about a 4 day school week. Lastly, bus routes! I know this is tricky. However my daughter in Thayer Farms has to go out to the bus stop 1.5 hours before school starts and we live 7 minutes away!
11857602169	Apr 07 2024	C	Continue listening and being responsive to staff and student needs. The district administration is amazing. Allow the schools to function by encouraging people who try to jump levels of the chain of command to start with trying to resolve the issues in their child's building first.
11857602011	Apr 07 2024	C	I feel highly supported by the my building and district administration. This is a great place to work and live.

11857601130 Apr 07 2024 C Stop wasting money on projects that are unnecessary ie: fencing at Garwood, at a minimum 2 sides bordering private properties were not needed to be changed. Raising the fence 24" really did nothing to safeguard the children more. It is still only chain link.

11857600550 Apr 07 2024 C The fence was just fine all the years our children went there.

11857600550 Apr 07 2024 C 5 days a week

11857600530 Apr 07 2024 C Most of the school board could spend its time doing what it is supposed to be doing instead of micromanaging every single thing the administration and teachers are doing. This district used to be praised for its staff morale and high academic expectations and performance, and now it is the butt of jokes. Certain people need to stop feeding certain people information to put on Rathdrum Community News. This is not helping matters.

11857599742 Apr 07 2024 C When I attended Lakeland, I was very proud and now I am embarrassed.

11857598793 Apr 07 2024 C It would be helpful and beneficial to have before and after school care at all the elementary schools.

11857598793 Apr 07 2024 C Lack of enthusiasm on some of the staffs part and upgrading a lot of the schools that need it. Not just starting with the one next to the district office.

11857597915 Apr 07 2024 C Keep political views and issues out of the schools

11857594885 Apr 07 2024 C Facilities short and long term. Also, having a more rigorous teaching model.

11857594230 Apr 07 2024 C You could improve on keeping drugs out of the middle and high school. High schoolers selling vapes to middle schoolers right at the middle school. High schooler athletics getting for warned about drug test who find ways around the testing and not getting caught. Install vape detectors and follow up when they detect vapes/substance. It takes a village to keep our kids safe.

11857593331 Apr 07 2024 C Award more sick time hours

11857592424 Apr 07 2024 C Know your students by name & their needs

11857592140 Apr 07 2024 C Lower the enrollment at Garwood and John Brown.

11857591392 Apr 07 2024 C We really need a new high school so the middle school can move over to the current high school. Facilities need updated all around in all school. Need to get the community on board with bonds along with educating and getting the community excited and engaged in the school system as a whole. We also need to help change legislation on how schools are funded so it doesn't always rely on a levy as it continues to get harder to get them to pass. State helps fund schools in other states like Washington and they tend to be much nicer facilities. Idaho could do better.

To our honorable BOT;
Trust that you hired qualified teachers, and let them do their jobs without checking-in with
the board on everything. Admin have been trained to manage each building and the
individual teachers. Let them. The Admin in the district office are qualified, too. None of
them should be treated like the enemy. They show up for kids every day. Opinions vary
on public school, but micromanaging isn't going to help. There is an overall atmosphere of

11857564090 Apr 06 2024 C witch hunting lately. That needs to improve.

11857562854 Apr 06 2024 C Safety
I think the board has way too much power. They are micromanaging way too much and
should be trusting the teachers more. Also having a small majority of parents be the

11857562786 Apr 06 2024 C loudest voice is not ok.

After reading the newspaper - sounds like the teachers need more support from parents,

11857559536 Apr 06 2024 C the district, and their board

11857558790 Apr 06 2024 C Trust that the staff of all schools know their job and how to perform it. Stop trying to micromanage everything. The continual policy updates are ridiculous just because you all are so egocentric that you have to have your name on everything. Their are only two board members who are worth their weight in gold and it's not Thompson or Grissom.

11857558727 Apr 06 2024 C Nothing

11857557533 Apr 06 2024 1 Not changing the calendar in the middle of the year. Focusing on the facts of policies and not be influenced by the stories of outside opinions. Retaining our teachers. Teachers giving less homework. My high school child goes to school 6 hours every day is in honors classes and comes home with on average 3 hours of homework every night in order to keep her grades up. She also has sports on top of that and her teachers don't seem to care.

I think continuing to focus on programs that further kids education beyond the everyday classroom, for example ALP and educational electives in the higher grades. I'd even be willing to pay extra toward further education offerings like with the after school science class being offered by Radical Rick.

Better teacher pay and encourage more support from parents. Sometimes I feel like I'm

11857513152 Apr 05 2024 C the only one.
I know for a fact that LMS and the high school are both very toxic to kids who aren't typical. There are bullies & meanness everywhere. It is truly detrimental to so many

I am not aquainted with the details of Lakeland School District policy regarding how any of aforementioned items are handled. I have heard nothing negative about Lakeland School District functions. I just know the above are issues in many places. Just voicing my

Get back to basics: Teach the 3 R's.

11857509217 Apr 05 2024 C No pass/fail grades: Teach basic constitutional principals, language, culture of USA
Keep doing what you are doing. The staff seem to all care about what is best for kids. The school board seems to care more about their political agendas and pander to a few

11857509031 Apr 05 2024 C community members with the same agenda, not the whole.
School grounds, (improved or more sidewalks), lower student to teacher ratios. Healthier

11857509504 Apr 05 2024 C lunch options, better teacher pay.
Jbe need lots of repairs. Caused from the flood. Also a face lift. It keeps getting up off to

11857508474 Apr 05 2024 C repair other schools.

11857508647 Apr 05 2024 C I am not familiar with Lakeland curriculum but I am concerned that nationwide focus on DEI will lead us away from teaching critical skill sets. The Writing Process, Math Concepts, Reading for meaning and purpose, Scientific Methodology, Computer Coding, etc. We can not compete in a global world and economy if the next generation are not prepared.

11857507964 Apr 05 2024 C Push forward in non election years for needs in future levies. Letting patrons know ahead of time when a new school or other big ticket items are needed.

11857509223 Apr 05 2024 C Communication with the community to what is happening within the district as to the whole education, including what is being taught or influenced by teacher unions or federal/local government. When we live in the district but do not have children attending school, we don't get to really hear what is taking place within our community relating to the children.

11857507621 Apr 05 2024 C Continue your commitment for improvement.

11857507963 Apr 05 2024 1 Get the best training that will inspire teachers and support staff to be their best.

11857505465 Apr 05 2024 1 Keep the funds at the teaching level not admin level. Teachers need better pay and control over their classroom, not admin telling them how to teach and discipline.

11857505198 Apr 05 2024 1 Teach civic, teach a math class about how to live within ones means! Students do not need to pass Algebra.

11857504032 Apr 05 2024 1 Commutation in the higher grade levels above elementary

11857503414 Apr 05 2024 1 Communication that does not come across as sneaky. Open and up front communication with the opportunity for community input.

11857504259 Apr 05 2024 1 Focus on math/english studies and make it a yearly requirement to have a class in each subject. Teach basic economics for compound interest related to credit cards, loans, and investments. Current test scores indicate that 59% of your students are not proficient in math and 43% can't read at grade level. That is terrible!!

11857500164 Apr 05 2024 1 Better traffic flow for pickup/dropoff

11857498706 Apr 05 2024 1 Organization for the All elementary school running event in the fall. Every year it is such a cluster to find out what us going on.

11857497013 Apr 05 2024 1 A new high school and middle school!!

11857495306 Apr 05 2024 1 None I can think of.

11857495267 Apr 05 2024 1 Overall history classes need to be treated with more emphasis. Also, I don't appreciate the boards lack of willingness to listen to their constituents, "We would NEVER have a 4 day work week." If we, as a community want that, then the board should listen.

11857494856 Apr 05 2024 1 In the middle and high school - the electives offered

I would like to see a couple of the board members be more respectful in the way that they speak of and to Lakeland staff members during meetings. The lack of respect for everything the Lakeland staff members do and are can be felt very heavily from some

11857488378 Apr 05 2024 C Nothing
This will be our first year attending Lakeland school district, but I have heard nothing but great things about the Lakeland district as long as I have lived here for 30 years. So I

11857488000 Apr 05 2024 C would say keep doing what is already in place.

11857485641 Apr 05 2024 C I am new to this area so I don't know enough to answer
No distractive cell phones allowed in class except for students whom must stay in contact with family that may require contact. Higher graduation percentage, qualified armed people in place to provide protection of children. Better regular maintenance of facilities. PARKING LOTS NEED A LOT OF REPAIR AND PREVENTATIVE MAINTENANCE, PATCH CRACKS, SLURRY SEAL, RESTRIPING, MUCH CHEAPER THAN REPLACING

11857480897 Apr 05 2024 C Having school board members that are not trying to parent everyone's child. The school board has over stepped on their decision making and they are making a mockery of our district. 11857480888 Apr 05 2024 C We need to get back to trusting our teachers and giving them the freedom to teach without having to get everything approved by the board. The process the board has created takes way too long, and teachers feel like they cannot do their job effectively. I don't mind the philosophies of our school board, but they are making it too difficult for teachers to do what they do best, TEACH.

11857470052 Apr 05 2024 C Working in transportation we have very long days with many challenges, but the hardest one is the increase of serious behaviors with some of the children. Some of the things that are increasing are seriously unsafe.

11857447200 Apr 04 2024 C I feel that the school district is one of the better school districts in North Idaho. The communication is great with the schools and the teachers.

John Brown has had a horrible reputation for long enough! We need a change. We need a new principal who is disciplined, has a 3 strikes policy and suspends and expels students who do not follow school policies. Students who hit, strike, kick, assault any other student or staff member 3 times should be expelled. Students with continuous bad behavior should be suspended and expelled if significant positive change cannot be made within the quarter/trimester. Why is it that all the other elementary schools in our district are not being talked about poorly? Why is it that parent's don't refuse to send their kids to Betty Kiefer or Twin Lakes? It all comes down to leadership of the school. The teachers are there to educate, not parent the children of our community. In the four + years we have been here with our children, I have heard nothing but negativity towards John Brown and that comes from the top. With the amount of people moving here and bringing positive change, the school could change it's reputation if you had the right person running the school. Our family never hears positive things regarding John Brown, only that parent's refuse to send their children there. We're lucky one of our kids only has this year left until they move on to middle school. Tax payers deserve better, they deserve to have their money spent knowing the schools are being run to support their children. Can't emphasize enough, the teachers are responsible to be educators, not parents. Children need to be sent home to be disciplined by their parents. Employees in the school system do not get paid enough to be treated disrespectfully by misbehaved children.

11857446483 Apr 04 2024 C

We have created so many barriers to teachers being able to do what's best to teach kids. Between the supplementary curriculum committee review process, and opt in forms, we've created a culture where teachers are afraid to teach or cant teach in the way they know is best because they cant get materials approved. At any moment Trustee Thompson or Grissom allege they get a complaint, and then it becomes a hunting expedition. The general impression of our staff throughout the district, is that these two particular board members do not trust our teachers, and always assume the worst possible case scenario when they have received a complaint. We need to have the school board represent all of their constituents and not operate as if they are administrators and this has been happening for a long time. I truly hope that all 5 board members be privy to emails and communications happening when "complaints" are made, and that the directives being given to admin to control or interfere with day to day operations are no longer tolerated. Board governance needs to stop fear mongering and being divisive and political. Trustees should be representing their constituents and not their own personal or political ideologies. Some school facilities need maintenace.

11857425580 Apr 04 2024 C Teacher participation in their responsibilities. The battle to get teachers to record grades is ridiculous. Teachers are absent more than the students, and the students are required to beg the board for their semester credits if they miss 9 days. Are teachers required to beg for their jobs if they miss 9 or more days? Don't get me wrong, some great teachers want their students to learn and succeed. However, most of the teachers do the bare minimum to inspire students to learn, and their excessive absences along with waiting until the last minute to enter grades.

I feel that some of the teachers at Lakeland High school could “up their game” by working harder to appropriately challenge students and demand excellence in the classroom. Many teachers do a great job at this, but there are some teachers who do not seem interested in teaching and/or challenging the students. We should not let them get away with this - certainly not give them tenure or renew contracts when their performance is lacking. I understand that administration is often tied by teacher unions, contracts, tenure, etc. I hope that the administration emphasizes and insists on superior educational opportunities.
My third child will be a senior at Lakeland next year. I have seen “lazy” teachers who take advantage of their position by not actually teaching anything - year after year. (For example, we have been disappointed by the agricultural/FFA program. The “curriculum” covered in these classes is minimal, often self-study, uninteresting, handouts, and busy work. The opportunities are endless, and we need a teacher who strives to provide an excellent program for the students.)

I guess just the proper support teachers need to be successful and make a strong positive

11857271919 Apr 02 2024 C influence in the lives of their students.

11857271564 Apr 02 2024 C Can improve/update school facilities
I'm finding that in the Elementary schools, educators are focused on "punishment" based discipline instead of educating children on what they can do to be successful. This is widespread throughout the schools. If time is taken to get to the bottom of issues, children will learn how to handle issues without being punished. More educators should be able to help students that really need the help no matter if they seem "able to handle

11857271606 Apr 02 2024 C things" or not.
As much as I believe that everyone should have a voice in the policies that our district must follow, I feel that a weekly meeting in order to reword and restructure every policy for the sake of the disagreement with the current state of public education in our country is unnecessary. I would like to see more trust from our community, in that, they are able to

11857271471 Apr 02 2024 C form a positive bond with any and all aspects of the Lakeland School District.
- Be more honest, respectful, and transparent with the community.
- Ban cell phones in schools.

11857270028 Apr 02 2024 C Better support for kids with mental health needs
Teach students to read, write and do math and science. Teach students to become good

11857269767 Apr 02 2024 C citizens and stop with woke agendas.
Twin lakes has teachers rotate grades they teach, often resulting in kids getting the same teacher and many of the same class mates two years in a row, I'd personally like to see them get a new teacher and class mates mixed up more each year so kids have

11857269530 Apr 02 2024 C new/different teaching styles and are interacting with new classmates.
Let the teachers teach instead of micromanaging then. None of you morons on the board are teachers and have zero qualifications to be making those decisions. Quit trying to get rid of your seasoned staff so you can get inexperienced replacements for less money.

11857269455 Apr 02 2024 C Quit misrepresenting facts and lying to parents.

11857269478 Apr 02 2024 C Let the teachers do the job they were hired and highly qualified to to do—TEACH
Real classes so kids can really compete globally.

11857269197 Apr 02 2024 C Less sports.
LOCKERS for the middle and high school kids....they were removed due to Covid, but

11857268915 Apr 02 2024 C should be put back. The backpacks are TOO heavy to carry around to each class!

11857262057 Apr 02 2024 C I don't know.
Maintenance of our grounds and buildings is lacking. It is important for our community and our students to see our schools properly maintained and in good working order. Our schools are so important to our community and should shine and be something we can be

11857259968 Apr 02 2024 C I think you are doing a great job!

11857259224 Apr 02 2024 C Cell phone free campus and higher standard for students

11857258862 Apr 02 2024 C Lower the levy amount to a rational level of 6 or 7 million/year.

11857255462 Apr 02 2024 C All of the above.
Eliminate homework which has been shown to not improve education and test scores.

11857253800 Apr 02 2024 C Eliminate any liberal ideology.

11857251059 Apr 02 2024 C Less busses running the same routes - maybe coordinating school start and finish times?
The school board needs to let the superintendent and assistant superintendent make the decisions that are the best for the students. Administration has a good pulse on what is happening in the schools and is often discounted by the board. Our teachers at Lakeland work very hard and always do what's best for my child. The board needs to appreciate the amazing staff that we have and not let the minority haters drive what happens in our

11857250335 Apr 02 2024 1 district.
The ability to work with students who need more stimulation and also for those who are

11857248782 Apr 02 2024 1 struggling.

11857247105 Apr 02 2024 1 shorter school week

11857246937 Apr 02 2024 1 Class size.

11857246898 Apr 02 2024 1 Stop fear mongering. The schools af the best intrest of the kids as their priority.
Improve or end the online learning opportunities at the secondary level. The current online platform is not academically appropriate. Students are not held accountable and there is a

11857256132 Apr 02 2024 1 significant lack of supervision.
I would support a 4 day school week as long as it does not reduce the number of days in an academic calendar year and does not take away opportunities for funding for facilities

11857243996 Apr 02 2024 1 or other funding sources.a

11857244151 Apr 02 2024 1 Back to basic education

11857243069 Apr 02 2024 1 Emphasis on the essentials.
For the elementary school I would really like to see a before and after school program.

11857242624 Apr 02 2024 1 Also, Betty Keifer's pick up and drop off line could be improved for better flow.

11857242093 Apr 02 2024 1 Return to the basics and not woke propaganda.

11857242165 Apr 02 2024 1 N/A

11857241653 Apr 02 2024 1 I don't know

11857248560 Apr 02 2024 1 I'd really like to feel more support from the board. I would love to be trusted for the educated professional that I am. Sometimes it seems like the board feels teachers have hidden agendas and they're constantly working to uncover "something." But what that really does is make us feel untrusted. It paints teachers in a negative light to the parents and then the students hear the parents talking and then come in and do not have a positive opinion of education or respect for their teachers. Let me do my job the best way I know how, because I'm far better suited to do it. Teachers love teaching, we love to support students in growing academically, emotionally and behaviorally. We are working with the districts mission in the forefront of our hearts.

11857239683 Apr 02 2024 1 Better management of the learning time the children have when they are in school. For my students I feel there education would not suffer if they were reduced to 4 days as they are academically motivated.

11857238334 Apr 02 2024 1 Teachers taking part in teaching kids instead of depending on the parents doing it. I pulled 2 of my kids out and doing online this yr due to this. If I have to teach them then why have them at the school?

11857238935 Apr 02 2024 1 The district admin needs to stop listening to the very few loud and extreme voices who are in the ears of the school board (or are school board members unfortunately), are part of the KCRCC and are completely off base as to what is actually happening in schools. Why is the district admin letting them dictate what books are read to kids (no one in northern Idaho is indoctrinating kids) and giving them a platform where they can spew their off base comments about CRT (which is a scholarly framework used in law schools), IED and whatever other nonsense is their new boogeyman. The district admin should be supporting teachers and staff but instead is just listening to the very small (yet loud) minority in our community.

11857237458 Apr 02 2024 1 Keep up the good work

11857239109 Apr 02 2024 1 Transparent and proper budgeting, fixing what we have

11857235932 Apr 02 2024 1 Do not fall into teaching this woke progressive ideals. Stay true to the needs of every student. Graduate every student is the utmost goal. If there are teachers in the district that do not adhere to traditional educate Tino AI methods and what to preach their left wing ideas and thoughts to the kids, then they should be fired. Also, the do nothing type teachers should be let go. The teachers union should not have any influence in this district as their goals do not promote or encourage the students. Also, a 5 day school day should stand!

11857235964 Apr 02 2024 1 I can't watch our school board operate and it never used to be this way. Let's start there... it's our biggest reason we lost the Lakeland Way, it's over.

**More accountability for students. I feel that covid really did a disservice to our kids. There are so many low kids that are behind academically now. There need to be ways to help these kids catch up, without it affecting the kids that really do care about school and work hard.
 **I would also like to see schools without cellphones! Cellphones are such a distraction in classes making it much harder for teachers.
 **more variety of electives at the high school level. You need to make school more exciting and somewhere that kids want to be. More choices would be great

11857235153 Apr 02 2024 1

11857234351 Apr 02 2024 1 No Phones in class rooms
 Device use. As a 5th grader, my child spends 5 hours on a Chromebook. Her teacher teaches with the online programs. Looking at your curriculum, you have duplicate programming in online supplemental learning that needs weeding. Additionally, more hands-on learning instead of computers!

11857232680 Apr 02 2024 C

11857231655 Apr 02 2024 C Hire great teachers, pay them well. Don't restrict their resources and curriculum.

11857231597 Apr 02 2024 C Back to basics. Emphasis in reading, writing, math, science.

11857230887 Apr 02 2024 C Making the school week 4 days per week would extremely benefit our family.
 I'm a retired teacher who taught young children (K-3) for 34 years & I volunteered at the local STEM Academy. I believe small class size (20 max) for just 1st grade is an effective strategy for insuring that all 1st graders learn to READ in 1st grade. First grade was the most difficult but most rewarding grade that I taught. First grade teachers have the most responsibility of all levels...K-12.

11857228738 Apr 02 2024 C Smaller class sizes. Classes have grown in size every year the last four years.

11857227493 Apr 02 2024 C Fire your racist, right wing nut job superintendent. Fire Kathy Thomas and Christina Fromm, the worst administrators that have ever seen the inside of a school.
 I think our in person school is good, we need to figure out a way to get kids to be in attendance and maybe how to have a better online program as so many of our kids seem to be leaving for a more flexible school option, which seems to be the way of the world as well with more employees working from home as well.

11857226392 Apr 02 2024 C Adapt and progress

11857223873 Apr 02 2024 C Classroom/facility upgrades (floors, paint, landscaping)
 The community wants to hear and see long term plans for our district. How are we going to improve our building situation? Some of our schools are old, out of date, falling apart. The plan for future needs to be addressed to the community. Also our sports programs are seriously underfunded and it's embarrassing seeing what these minimal coaches and athletes have to work with.

11857224122 Apr 02 2024 C I have a kinder and feel all is well. Communication is top notch from teachers, principal and district.

11857220020 Apr 02 2024 C We would like to see a 4day school week.

11857216030 Apr 02 2024 C I love this school district, I have no complaints
 Conduct consistent daily education. Extend the school year , the number of days in the classroom.

11857219227 Apr 02 2024 C Slip n slide fridays
 Update facilities, less chromebook use/more live teaching, and less reliance on standardized test scores.

11857214099 Apr 02 2024 C Seems you are doing a great job already.
 Not much. My children have always been in Lakeland district and I am so proud of this district. I would be hugely disappointed if anything changes

Please take the time to support your staff. We have the best schools in the state of Idaho! A greater emphasis on Science, History, Arts, and Humanities and less emphasis on COMPETITIVE team sports. I also think a non-church COMMUNITY SERVICE requirement should be necessary to graduate. Surveying and listening to kids to understand what their needs are as well as helping them better fit in today's modern, global world.

11857186158 Apr 01 2024 C I'm happy with the district.

11857186205 Apr 01 2024 C

11857185258 Apr 01 2024 C Special education program to have aptitude/skills testing. Before graduation.
I feel as though the schools should enforce the 4 day school week in the future. It would benefit not only the students but the teachers, staff, bus drivers and parents.

11857184803 Apr 01 2024 C

11857184755 Apr 01 2024 C Education and instruction - don't give in to conservative political bias.

11857184702 Apr 01 2024 C Bring school plus to more schools.
Our schools should focus on doing the most good for all students. From my perspective, too many resources and too much time are dedicated to children with problem behaviors and students who are far behind their peers developmentally. This stress should be removed from the classroom and consolidated in a more efficient manner to allow the majority of students to receive instruction with fewer distractions and the greatest amount of resources possible. I would also like to see more advocacy from our district while

11857184408 Apr 01 2024 C communicating with the electorate regarding levy support.

11857184205 Apr 01 2024 C Accessible field trips

11857183603 Apr 01 2024 C KeepDEI out
go back to the basics of teaching reading, writing, math, critical thinking, and practical trade skills and skip the agenda, pc lifestyle, acceptance, diversity, etc... focus on the

11857183155 Apr 01 2024 C basics and the rest of the stuff no longer is an issue.
I would love for my children to feel "connected" to at least one teacher. I.e. a teacher who

11857182738 Apr 01 2024 C specifically takes an interest in their academics, sports, future ambitions, etc.

11857182638 Apr 01 2024 C Nothing comes to mind

11857181513 Apr 01 2024 C summer.

11857180941 Apr 01 2024 C Offering more kids free/reduced meals

11857180394 Apr 01 2024 C No opinion.

11857180361 Apr 01 2024 C Moving spring break to beginning of April

11857180235 Apr 01 2024 C More musical introduction (instruments) for the young students

11857179941 Apr 01 2024 C Teacher parent communication

11857179933 Apr 01 2024 C Not much, very happy with both middle and high school.
More support for the arts and gay/trans kids. Tattling to parents who already don't

11857179940 Apr 01 2024 C support them just sets them up for more homelessness and violence.

11857179791 Apr 01 2024 C Support for teachers and higher student expectations for learning and behaviors.

11857179793 Apr 01 2024 C After school programs for working parents

11857179591 Apr 01 2024 C Teach the basics.

11857179562 Apr 01 2024 C Communication between teachers and parents
The relationship between the district and community. It is unbalanced and many families

11857179477 Apr 01 2024 C do not trust public education.

11857179423 Apr 01 2024 C Include a report cards tab in Skyward.
Have more Mrs. Hills, Mr. Masseys, Mrs. Johnson's and your school system will be

11857179306 Apr 01 2024 C untouched

11857179212 Apr 01 2024 C Be able to keep good teachers
Worry less about the few and loud, and more about the many families who just want their children to have a great education, supported by mindful, encouraging, well qualified educators. To me this means quit panicking about all the worries of trans, brainwashing, or whatever, and worry about more about the kids you teacher here and now. Sure, we want to make sure our kids aren't being pushed into inappropriate things, but we don't need to have full committees tearing apart every single policy, on a panicked,

11857179175 Apr 01 2024 C inappropriate witch hunt.

11857179121 Apr 01 2024 C Competitive wages

11857179069 Apr 01 2024 C Unsure
Lakeland could work on being an inclusive community accepting people how they are rather than forcing them to be different kinds of people than they really are on the inside while at school. Lakeland could also stop targeting women and girls with antiquated and

11857179040 Apr 01 2024 C patriarchal dress code rules.

11857178985 Apr 01 2024 C More field trips for kids for hands on learning

11857178847 Apr 01 2024 C Community involvement

11857178719 Apr 01 2024 C Continued cracking down on bullying and toxic behavior by students.
The district does a great job. I don't really have any suggestions for improvement. Maybe expanding some of the special education programs throughout the elementary schools

11857178600 Apr 01 2024 C instead of the individual schools having advantages over one another.
No more vertical raise for sport fundraising. Teach our students to "earn" their fundraising through bringing back bake sales, car washes and sports camps for the younger

11857178388 Apr 01 2024 C generation.

Student discipline- way too many students are disrupting the learning experience for others. District image- how are you going to pass another levy? Keep politics out of it. You lost a lot of votes last year when you approached the KCRCC for endorsement.

11857178310 Apr 01 2024 C I am very happy with Timberlake schools.

11857178268 Apr 01 2024 C Keep 5 day school week

11857178066 Apr 01 2024 C No new bonds or taxes I'm tired of paying taxes

11857178000 Apr 01 2024 C Updating the school

11857177967 Apr 01 2024 C Follow through on where levy money is supposed to ho

11857177959 Apr 01 2024 C School zone lines and transportation.

11857177914 Apr 01 2024 C I believe that more time for school work is necessary for many students. I have spoken with multiple students of Lakeland and all have explained that they wish for more time to catch up on school.

11857177898 Apr 01 2024 C Better use of funds to improve the school. 4 day school week would be awesome too!!

11857177811 Apr 01 2024 C Make sure to keep a five day school week .

11857177608 Apr 01 2024 C Promoting and supporting trade skills after high school. Not just college New AD at Lakeland Middle School that actually played sports in high school. Also, middle school and high school sports/coaches need to work together so our kids can be competitive.

11857177515 Apr 01 2024 C 4 day school week to decrease burn out with both students and staff. We need more funding. Our schools are rundown and our sports and other extracurriculars are underfunded.

11857177305 Apr 01 2024 C Funding sports fully. The sport programs are constantly asking the community for more money. The football team was raising 60k for a locker room remodel. That is a facility improvement and shouldn't be a community fundraiser.

11857177033 Apr 01 2024 C Teacher morale

11857176931 Apr 01 2024 C I don't know that there's much that the district can do, and very impressed with everything so far. My only recommendation would be in regards to zone changes and avoiding them, and instead rally for a bond for a new school especially with these thousands of new houses going in.

11857176963 Apr 01 2024 C Not sure right now

11857176849 Apr 01 2024 C Let teachers do their jobs without the board micromanaging them.

11857176863 Apr 01 2024 C More competitive pay

11857176829 Apr 01 2024 C

11857176835 Apr 01 2024 C Long term plan for buildings!! We need to run a levy and a Bond and start advocating for it YESTERDAY.
Our Lakeland middle school is miserably outdated. Our sports programs are seriously lacking at all levels, but we need an emphasis at Middle School sports for sure!
Just one example: 40+ boys came out for 7th grade basketball and we had 2 coaches in one gym trying to make that happen.

11857176629 Apr 01 2024 C Less politically motivated agendas, more common sense based, scientific based and proven policies.

11857176586 Apr 01 2024 C Listening to our community.

11857176580 Apr 01 2024 C Better education and staff that build relationships with the kids.
I think TMS needs to take bullying more seriously. My son was bullied to the point where the bully was telling him to kill himself daily. He was also pushed several times by the bully and I feel that this kid had no punishment as he kept doing it. The principal said they'd take care of it yet the bully was still harassing my son to the point that he wants to leave school. When I asked about any sort of form to fill out for the incidences I was told that it was on file already. I asked my son if he filled anything out and he did not. So yah I think you need to actually implement your bullying policies. Telling a child to kill themselves, in my opinion is disgusting and should be taken very seriously by the district.

Stop chasing boogie men created by fear mongering politicians on the far right and get back to what Lakeland has always done, hiring great members of the community to teach our kids how to become great members of the community. There are no boogie men in are small conservative district, so let's stop listening to those that are constantly trying to convince us to be afraid of them.

The old buildings in the district need some TLC, and LMS desperately needs a new sound system. Voices on it sound unrecognizable during awards ceremonies that I have attended.

11857175399 Apr 01 2024 C
I personally disagree with the current culture. The school is expected to be parents. The school should focus on education with schools separate for those with disabilities from the main school. My nephew achieved when placed in a separate school. Schools would save money if the staff was security, facilities, a principle, and teachers including arts and athletics, etc.

I believe that you guys are doing a good job, but I am concerned with some of the policies being decided by only 2-3 community members (who often do not have kids in the district). I want the school board to stop trying to manage all of the small details and work

11857173704 Apr 01 2024 C on making sure the district has the money needed for the best education for our children. School pick up and drop off... We have lots of people who move here and don't know how voting on levies work or what kind of impact our city will take on if they don't pass. Stop doing the bullshit meetings that 12 people or less come to. Have the meetings at the schools so that parents can come to them. Put signs and materials out everywhere. Pay our teachers better. Quit this transgender protection crap! Stop trying to be PF or CDA. Our local day cares cannot hold all of the elementary aged students if we go to 4 day Weeks. Consistent, uniform District policy enforcement of behavior children at ALL three elementary schools, regardless of title one status or not. John Brown elementary should not be the dumping ground for behavior children. Suspension and expulsion policy

11857158374 Apr 01 2024 1 should be the same thru all three schools.
I feel Lakeland could improve on actually listening to staff and community members' feedback. Choices should be made for an entire district based on community/staff feedback instead of making choices based on one person's personal agenda and beliefs

I am disappointed that a small group of newer parents who are on all the committees. I started learning about this group after they supported trying to cancel mental health services for my grandchild. I do not support their agenda, and their attack on our families and teachers. The parents rights group should not be allowed any decision making authority and I am concerned about all the power they have been given. What is the point

Q4 It appears that all of our neighboring school districts will be running a 4 day school week schedule next year. Our School Board would like to know how our community feels about a 4 day school week for students. It is important to note that there is potential legislation that says if a district moves to a 4 day week in the 2024-25 school year they would not be eligible for the special facilities funding, which for Lakeland would be around \$20mil.

In terms of schedule, I feel that a switch to a modified block schedule with longer classes and alternate days for subjects would allow for more in-depth learning in class and also result in less homework for our students. With this schedule, all classes would meet for a shorter time (like our schedule now) on Fridays or Mondays. This would provide a day that teachers would connect with all kids, give tests etc.

11858535586 Apr 19 2024 1 would be great.
I would like to see the students being comfortable at the pace that they

Not participating in athletic events with transgender kids. My daughter
should not have to compete and lose to a boy from a Washington

I would like to see lakeland take away an elective for the kids who failed first semester & put in a study hall. So that way kids can get

We have hired administration to implement curriculum and policy. Let

11858534168 Apr 19 2024 1 them do there job and stop listening to a minority of people.

I am a school bus driver. I leave my house at 5:30 am for my a.m. route, and I get home after 5:00 p.m. after my p.m. route. i can not add anymore time to my morning start time or to the end of my day. Also, I would lose atleast \$400 from my monthly paycheck, and also loose my health insurance. I really love my job. I don't want to be forced to

11858534447 Apr 19 2024 1 change my professions.

11858531653 Apr 19 2024 14 day school weeks

I would like to see a four day week, whether or not I'm in school longer for four days. I feel like that extra day would help with attendance in

11858531271 Apr 19 2024 1 the school.

11858530727 Apr 19 2024 1 a shorter day

11858530817 Apr 19 2024 C Keeping a 5 day week

11858530865 Apr 19 2024 C New High school!!

I would like to see a better language and science curriculum. Also, making it easier for supplemental materials to be approved. Perhaps having the parents look at the materials or the summary of the materials, and have them sign a form to allow their child to participate.

There could also be alternative materials for the comfort of the

11858530851 Apr 19 2024 C parents, similar to the sex-ed portion of the health class.

I think a major improvement for the Lakeland School District would be to bring in the 4 day weeks, giving the teachers, students, and any other Lakeland employees an extra day of rest before coming back for the small fee of being at the school a bit longer each day. I don't know about you but I could get a whole lot more things done on a 3 day weekend, not to mention I genuinely think that I'd be a more efficient student knowing that after each Tuesday I'm over halfway through the week it would be a major morale boost for most students including

11858531407 Apr 19 2024 C myself.
4-day school day, more competitive sports, and more classes to

11858531082 Apr 19 2024 C prepare for the future.

11858530142 Apr 19 2024 C Nicer school building, better wifi, bigger school.

11858530037 Apr 19 2024 C 4 day weeks
4 day school week for only the high school since we can take care of ourselves but keep a 5 day school week for elementary and middle school since parents have to work and don't have time to take care of

11858530348 Apr 19 2024 C the younger kids.
I wont be here next year, so there is nothing i want to see, but i am not in support of 4-day weeks because the last 4-day week school that i went to was mentally draining, 8:00 to 4:00 was not good for my

11858530162 Apr 19 2024 C mental health.

11858530381 Apr 19 2024 C fewer school days or a higher payroll for our educators.

11858530336 Apr 19 2024 C The only reason I would not want a 4-day week is because we would have to have more homework. But if we didn't get extra homework I would be all for it.

11858530050 Apr 19 2024 C A five-day school week.

11858529997 Apr 19 2024 C A five-day school week.

11858530380 Apr 19 2024 C Again a four day school week would be beneficial to the school district. I believe a block schedule would be beneficial for both students and faculty.

11858528481 Apr 19 2024 C 4 day weeks

11858529261 Apr 19 2024 C Not a four day week, I do not want my child going longer each day due to it makes there days away from home and other things shorter on the other days they do have school!!! Closer bus routes. I live to close to school but struggle getting my child to school and me to work on time.

11858528419 Apr 19 2024 C Better community support.

11858528435 Apr 19 2024 C More participation in school dress up days and other activities

11858529866 Apr 19 2024 C N/A

11858528213 Apr 19 2024 C Get the new high-school built! With all the new homes and people we will need more room. More elementary schools. The jr high looks great but it is wasting money that should go towards the new high school. The city should be helping with this expense as well since they have allowed all the new growth

11858528035 Apr 19 2024 C For things to stay as they are.

11858527700 Apr 19 2024 C i aint a support of a 4 day school week

11858527105 Apr 19 2024 C 4-Day school week without changing the amount of schooling hours. It will be mandatory to run levies and in the near future, bonds for new school buildings.

11858527413 Apr 19 2024 C For our school district to be back to the #1 district in the state by keeping and accuring great teachers

11858526930 Apr 19 2024 C better program with funding

11858526465 Apr 19 2024 C I would like to see improvements for the well bein of the students that attend

11858525348 Apr 19 2024 C to improve the highschool building it self.

11858525128 Apr 19 2024 C more functional days

11858525324 Apr 19 2024 C Better communication with the schools and the families/ other schools that kids go to

11858525347 Apr 19 2024 C A 4 day school week would be cool, but there isn't anything inherently bad about it currently.

11858524663 Apr 19 2024 C Better the school instead of its sports.
A five-day school week. I like to see my friends and I feel like our time at school would be rushed and I don't want it to I want my education prioritized because it matters. I want to go to college and have a great

11858524794 Apr 19 2024 C life and a four-day week would set me back

I'm not sure, but I would only support a 4 day school week if the days

11858528461 Apr 19 2024 C were not extended.
I would like to see the four-day week become a possibility to help

11858524437 Apr 19 2024 C high school should start later and elementary should start early
I would like to see a 4 day week for my senior year so I can have more time to manage work an my sports. going to a 4 day week allows students to learn more with less distractions. doing a 4 day week will also realse. stress and other mental issues that some students may be affected by with the 5 day week because they will have that 3 day weekend to get those bigger assignments done. another benifite to going to a 4 day week is you don't have as much bullying going on and in the state of Oklahoma they have had a decrease in the amount of bullying because you don't have all those kids in a school 5 days

11858525063 Apr 19 2024 C week it gives them time to have a breather.
I would like to focus more on education the post falls education has went down due to the four day a week, and the teachers loose a lot to

11858522742 Apr 19 2024 C 4 day school week!!!!!!!!!!!!

As a student of Lakeland Senior High, I would not like to see a 4-day school due to the reason the 4-day school raises attendance but I believe that it might be lower attended especially around the holidays, a possible reduction in pay for faculty, a difficulty parents and students, and finally issues for teachers who have to do a lot of changes to their curriculum. If the Lakeland school district does have a 4-day school week then we might have a schedule like Post Falls and in return have shorter breaks this means students will not be able to spend more time with family which leads to students not attending school around holidays. Another reason is this could lead to teachers being paid as someone who knows people who work in the Post Falls school district are getting fewer contact hours i.e less pay. Another reason I believe that the 4-day school week wouldn't be helpful is the main reason students want a 4-day school week is to have more fun or hang out with friends, what about the students who have to take care of younger siblings? Finally, I believe that the 4-day week would cause issues for teachers since they would have to make a lot of changes to the curriculum. In conclusion, I believe that a 4-day school week would cause more issues for faculty and students then

A male Volleyball team would be very popular. Buff Puff is one of our biggest fundraisers of the year (for breast cancer awareness) and I hear a lot of the participants wishing we had a male volleyball team. As opposed to female volleyball being in the Fall, Male volleyball is most often held in the spring. the only spring sports for guys is Baseball and Track & Field. Sports is most preferred by males so even if there is a difference in the number of sports being there, I don't think many would care. but if there were complains, I'm sure a district-wide poll could be taken for female students to choose a sport they would

11858443447 Apr 18 2024 C given.

11858443391 Apr 18 2024 C Four day school weeks.
A shortened week will make plenty more time for children to finish homework in time, and have extra days to study at home. For religious purposes, I know this will also help the children greatly. Along with 4-day weeks this will give the school more time to add in activities for the children and further advance in school spirit. As other schools move into 4-day weeks, I believe it is fair for Lakeland to do so as well as it

11858450447 Apr 18 2024 C has so many benefits to the community.

11858443414 Apr 18 2024 C A four-day school week with improved education scheduling
Stop focusing on the needs of the few and focus on the needs of the many. We need a better system in place for students who are disruptive to the learning environment. Students should feel safe not

11858442333 Apr 18 2024 C threatened by out burst of out of out-of-control students.

11858442383 Apr 18 2024 C That we keep up our great education that we provide and that staff are compensated as inflation and housing costs soar.

11858442427 Apr 18 2024 C Improved facilities and an improved culture surrounding school and community. It seems that I hear a lot of kids talk down and that may be normal for teens but it sets them up for a feeling of being content with mediocrity. These kids need to hear that they should strive for more because they have to take over for the future of this country or someone else will.

11858439192 Apr 18 2024 C For the Board Members to be professional and not micro manage every little thing. It is very clear they have never been in a classroom. Listening to a small cadre of people and not realizing that the majority of the District is pleased with how Lakeland has been prior to their takeover. Go back to the way it used to be when no one knew who the board members were.

11858438910 Apr 18 2024 C Transparency

11858437219 Apr 18 2024 C We need a 4-day school week or we will start losing all of our younger staff to districts that run a 4-day week and are still treated as experts and not overruled by a MINORITY of patrons.

11858441343 Apr 18 2024 C Placing a higher priority on student and campus safety in the annual district budget to retain existing School Resource Offices and provide additional School Resource Officers in the place of Armed Guards on our school campuses.

11858418570 Apr 18 2024 C I'd rather see shorter school days than go down to 4 days per week.

11858414642 Apr 18 2024 C Strong school community relationship

11858396490 Apr 17 2024 C Continue with the 5 day school schedule.

11858395185 Apr 17 2024 C That promises of campaign " Children First " would come to fruition at the very least .

Keeping kids in schools. Getting rid of all the board members. Also, Jessica Granthom from the DO does not know what they're doing and should not be working for our school district. Biggest mistake was losing Brian. Remember the little guy, without them the school cannot function. We do not make the big bucks and need to work year round. Spreading our money all year makes it extremely difficult to survive month to month. Losing another day of pay or benefits you will lose people from maintenance and Transportation.

11858390439 Apr 17 2024 C

11858386893 Apr 17 2024 C I would not like to see Lakeland not get the special facilities funding What does the \$20 mil. Special facilities go for and cover. Expand on funding details

11858385576 Apr 17 2024 C

11858379631 Apr 17 2024 C I would like to see a different superintendent, a different board, and get rid of Jessica Grantham. Be able to see where the money went.

11858378160 Apr 17 2024 C MORE SCHOOL BUILDINGS
If CDA and Post Falls are both on 4 day school weeks, this will drive KTEC to adopt that same model which will impact a big group of students at both Lakeland and Timberlake. KTEC would no longer offer science to their students which means the high schools would have to add staffing to serve these students.

11858377835 Apr 17 2024 C
Lots of community participation (positive). Continuing to move forward in all areas, especially curriculum and teacher, parent, community workshops.

11858374207 Apr 17 2024 C Boundary lines that keep elementary kids together when entering into middle school.
The childrens attention span is already so short, even in High school, extending the day only gives more time for them to be "checked out".

11858363888 Apr 17 2024 1 We are also preparing them for 5 day work weeks once out of school.
Build more schools. We need more elementary schools and a new Lakeland High School.

11858362335 Apr 17 2024 1
More schools
We are over overcrowded
stop growth!

11858363436 Apr 17 2024 1 No to a 4 day- it doesnt benefit anyone

11858359740 Apr 17 2024 1 Working with parents, being strong in academics and not activists

11858359058 Apr 17 2024 1 A new high school and possibly another middle school
There seems to be a disconnect between the leadership at the school district and the diverse needs of the parents and students within the district. I know that it would have been an extreme hardship for a 4 day work week when my children were attending. You expect parents to continue to work yet pay for an additional day of daycare if your child is young. This is unrealistic and frankly disrespectful to parents and families. In this day and age both parents if in a dual income home need to work and especially in a single-family home and changing to a 4-day school week is absolutely inconsiderate. There should be more widely publicized community opportunities to have the board listen to the parents. When my children attended I was at at least one school board meeting each month if not more. Now it's impossible to even know when they are especially when your children no longer attend the schools. We as past parents still play a pivotal role and in fact should be considered, we are typically the population who votes, especially when there are bond issues on the ballot and that should be considered!

11858359126 Apr 17 2024 1 Keep five days a week for school.
Would like K-6, JR-High 7-9, & High school 10-12 again.

11858358940 Apr 17 2024 1 I DO NOT SUPPORT 4 days a week -
An active, respected community board of parents and grandparents that oversee and direct school operations from facility use to curriculum to extra- curricular activities and options.

11858358228 Apr 17 2024 1

11858358021 Apr 17 2024 1 Positive student exposure and recognition: not just for the athletics.
Smaller class sizes, more apprenticeship opportunities to meet educational requirements as well as preparing future workers, teaching basic life skills & more financial classes offered to help prepare kids for balancing checkbooks, making budgets, filing taxes etc.

11858357661 Apr 17 2024 1 I BELIEVE A 4 DAY SCHOOL WEEK WOULD PUT MORE OF A BURDEN ON PARENTS FOR CHILDCARE.

11858356659 Apr 17 2024 1

11858356227 Apr 17 2024 1 I do NOT support 4 days a week.

11858339040 Apr 17 2024 C A more open, less Angry and destructive Board!

11858339013 Apr 17 2024 C It does worry me that our school board chair seems to jump and act without the other board members. She has one vote just like the other members.

11858331788 Apr 17 2024 C Lower our tax cost

11858301145 Apr 16 2024 C Build another school to help take the load of incoming population Support teachers and staff I believe they do have our kids best interests at heart we just need to let them do their jobs.

11858296504 Apr 16 2024 C All kids know early on about classes they can do through the summer to progress them ahead for graduation and college. Not just the very high honor roll students.

11858296059 Apr 16 2024 C Can we teach about history without claiming its "critical race theory"? The Civil War was REAL. "Those who don't learn from history are doomed to repeat it" We cannot shield our children from the real world. You're only leaving them vulnerable to the Hatred that seems to be too prevalent in this world.

11858290524 Apr 16 2024 C Open transparency. Better understanding and process with students and transfers between schools. Fairness among sports coach and players.

11858289308 Apr 16 2024 C A more diverse curriculum. Shop,home economics, life skills offered. even abrevated versions of this kind of class would be great.

11858287573 Apr 16 2024 C For it to have an open minded philosophy. To understand that there is a lot more diversity in this community than there was before and, as a school district, we have to a little more compassion and have a realization that not everyone lives under your particular point of view. We don't live in a Communist society. Don't act as if we do! Show some grace.

Look at the size and makeup of the administrative staff. In most schools it is too large and consumes too much of the budget. Take that money for raises for the line level staff of teachers. 11858262617 Apr 16 2024 1 Keep the 5 day school week. In this economy many parents, father and mother, must both hold down jobs. This would leave a child unsupervised for 1 day, or require one of the parents to take a day off from their job, or add additional cost for an adult to supervise their child, or require the child to attend some kind of an activity at the school where he or she would be surrounded by their peers for some kind of unsupervised activities.  New and bigger schools for our growing community; with lockers because my kids backs are getting distroyed right now. 4 day school week would be great, because then they can use it to work on homework, that way they are not at the table all night every night after school!

11858235163 Apr 16 2024 C school!

11858212003 Apr 15 2024 1 Better teachers/staff

- a board that listens to something other than their own agenda.
Michelle and Ramona need to readjust their priorities and start supporting the schools that they serve.

- a balanced budget
- superintendents that are not the second highest paid in the state when teachers are in the bottom 1/3 paid in the state (talk about unbalanced!)
- continued family community within the district and schools
- continued academic excellence (JBE has done some great things with my kids!)

11858205609 Apr 15 2024 C More family with my children

11858205195 Apr 15 2024 C I would like to see the schools start a 4 day a week schedule.

11858205167 Apr 15 2024 C A more responsible school board

11858203857 Apr 15 2024 C Better focus on kids learning the truth and less politics
I think we have an amazing school district between our super intendant, her assistant, and school board. I don't see anything that needs to improve in the future. We were part of the rezoning and at that time I voiced my concerns and what I'd want to see the next rezoning happen. Other than that no complaints! :-)

11858199501 Apr 15 2024 C
I see so many benefits with a 4 day school week!! Please send a survey about this topic to just staff and parents. We need more accurate data from the people it directly affects. Also, do you realize that this survey can be taken more than once? This survey will not provide accurate or usable data. Hopefully the superintendent and school board realizes this when making decisions!
Thoughtfulness & support to students who do not have a full support system at home.

11858197533 Apr 15 2024 C Less pressure on students to be constantly testing! They are
seemingly always under stress and pressure to perform. It's not okay
for students or teachers!

11858197151 Apr 15 2024 C I think that the dissaplin of the students need to be changed, the kids
that are in trouble all the time don't care because they get out of doing
class work like they want and they still get to come to school like
nothing has happened, my kids are afraid to go to school because
they have Kindergarteners in class that throw chairs and yell and hurt
the teacher and other kids and yell all kinds of horrible words I don't
want my kids to hear and they have to evacuate the class because of
these kids and there is nothing the school can do about it and it's not
ok .

11858189979 Apr 15 2024 C Online school
I believe going to 4 day school week could be beneficial in many way
and also effect many parents. I think if you do choose to have children
got for 4 days hours should be 8-4 to give working parents a good
amount of time to give to their jobs as well. I do not want to loose
funding for our children. Their education is very important to me and I
hope that Lakeland can look at post falls and see if it has made a
difference or if it hasn't.

11858189829 Apr 15 2024 C Just because other school districts have a four day week doesn't
mean Lakeland should. These online polls are also easily manipulated
and unreliable.

11858188689 Apr 15 2024 C A new High School! Our middle school is overcrowded and outdated. A new high school would allow the Middle School to move into the existing high school.

11858188449 Apr 15 2024 C Fiscal responsibility and realistic budget planning. The other local districts have failed miserably for years at this as they would always rely on bond measures for more money. Trimming the fat from management would be a start and to ensure kids are getting a proper education that will benefit them as adults.

11858188138 Apr 15 2024 C Focus on curriculum, academics, student and faculty development over expensive new facilities. We need new facilities, however we don't need expensive state of the art facilities at the cost of millions.

11858188249 Apr 15 2024 C Better communication before the social media chaos. Full transparency and to follow the processes that have been put in place. I own the storage units down in Twin Lakes. Twin Lakes Mini Storage. I'm a Credentialized Instructor & taught for L.A. city and Burbank. We did this 4 day week. It is NOT recommended.

11858187674 Apr 15 2024 C What do parents do with their children on the day the kids do not go to school? Yes, School is the baby-sitter for parents that work!!! I am 83 years old.

11858182849	Apr 15 2024	1	My student graduates next year, so in the future for me, I would just like his schedule to stay the same and afford him opportunity such as dual enrollment to continue so he can obtain college credit and HS credit. Don't know if that can happen with a 4 day week.
11858181801	Apr 15 2024	1	Less of a levy against MY home.
11858179490	Apr 15 2024	1	Privatize. Public government schools are an obvious ideological conflict of interest.
11858177880	Apr 15 2024	1	How about "Pay to Play " sports and clubs. If they can't afford it then have the boosters offer scholarships. My taxes shouldn't be spent on such things. My taxes should be spent on education because 99% of these kids are never going to play professionally.
11858170393	Apr 15 2024	1	As a mom of children reaching school age, a 5 day school week with expansion of services available to families.
11858171488	Apr 15 2024	1	I want to see lockers at Lakeland Middle School. It's detrimental to the students health there to have to carry around heavy backpacks all day. Children at Lakeland Middle School shouldn't have to carry the chromebooks around school with them all day especially since the school doesn't offer them lockers. As a district there should be way less Chromebook usage. Children shouldn't have as much screen time that's required of them at the district right now. Gym updates are needed at Lakeland Middle School. There also needs to be better morning drop off procedures at Lakeland Middle School its way to hectic and stressful currently.
11858169850	Apr 15 2024	1	Better educated students.
11858169036	Apr 15 2024	1	Four day school week

11858168634	Apr 15 2024	1	Better help for the struggling kids, a lot of teachers don't seem to have the heart for their job anymore
11858168022	Apr 15 2024	1	More opportunities for the integration of parents and families since we have a more vested interest in our children.
11858167534	Apr 15 2024	1	Emphasis on sports which brings kids together

11858149681 Apr 15 2024 C no more mob mentality from ignorant teachers.

11858148932 Apr 15 2024 C I would like to see the school district leadership set clear expectations for staff regarding the treatment of parents and patrons. Who is running the district? Who is allowing this mob mindset to rule? I know for a fact that there are also teachers and staff who do not agree with these 'loudest voices' among the staff, but they are also scared to speak out. When you have fifty staff members show up to a board meeting, making sure parents and patrons don't get a seat in the room, you've got a problem. And in this situation parents can vote by taking their kids elsewhere and by voting no on levies.

11858113679 Apr 14 2024 C Better traffic control or solution to traffic at Lakeland high school. Involve the community in planning, budget needs. Think security for staff, students, and contractors on school grounds. Work closely with sheriffs, city police other school resource personnel

11858109222 Apr 14 2024 C to upgrade security on school grounds. It is a political year. Please do not buy into the polarization. Focus on our Lakeland students and Lakeland parents at the forefront.

11858037396 Apr 12 2024 C A four day school week, but there needs to be a Friday program for working parents. This Friday program needs to be staffed by teachers, paraprofessionals, or bus drivers to offer more hours for these employees. Kindergarteners should NOT go the full day. It's too long for them.

Continue to memorize multiplication tables because it improves the brain synapses for learning. Every class should have 1 puzzle set up for 2 students to work on at a time (starting with 10 minute periods only). to improve brain synapses, attention span and math skills. Impress upon parents their responsibilities and consequences if the student does not complete homework and maintain discipline. Teacher need to be honest with both students and parents regarding their academics and behavior. Improve quality of teachers knowledge of subject matter and teaching skills. Principals should visit each and every classroom once a month to assess the teachers skills and coach them if need be. School should be a positive and safe experience for students and teachers.

11858026068 Apr 12 2024 C Do we need all the staff in the district office? I have seen bloated management groups in both business and school districts.

11858025470 Apr 12 2024 C Being prepared for the growth that seems to be happening in the district. Recruiting competent, qualified teachers and administrators. Just keep morals, values, patriotism as a necessary foundation to all other subjects. Without a good moral base, students will not be well rounded, careing adult.

11858025396 Apr 12 2024 C

11858025657 Apr 12 2024 C Continue emphasizing the education of our students without pandering to the whims of a few angry people.

11858024137 Apr 12 2024 C We're concerned about space for all the children as houses are sprouting faster than the spring wheat they are replacing.

11858023972 Apr 12 2024 C Keep a five day week. The 4 day model doe not benefit students or patrons.

11858024254 Apr 12 2024 C 5 day a week school, having the teachers teach and not just say look it up on google

11858023809 Apr 12 2024 C \$20 M is too much to lose in special facilities funding. It would have to be made up by taxpayers who are already paying enough. Keeping Lakeland school district with the "small town" community vibe would be amazing.

11858023600 Apr 12 2024 C Our schools being in the higher percentile in Idaho!

11858023496 Apr 12 2024 C A secondary (junior high?) on the east side of the northern Kootenai County, expanded STEM and blue collar training availability.

11858023884 Apr 12 2024 C Children everywhere were set back so severely by the covid fiasco. I would like to see a full 5 day week dedicated to helping all students to catch up and surpass their grade level. Provide facilities for them to store and charge their phones during class time and eliminating other distractions. Reward those who excel and allow them to mentor those who are struggle to absorb instruction. Insist on healthy, nourishing school meals!

11858023166 Apr 12 2024 1 4 day week would be hard on latchkey kids/parents that both work! Not to mention the loss of the funding. Fiscal challenges for school district are daunting as is!

11858023010 Apr 12 2024 1 3 months- in school 4 weeks off for a 3 semester year, having Dec & Jan split 2 weeks off each. Dec & Jan often has our most severe weather for child safety and this would help avoid burn-out, without losing income

11858022858 Apr 12 2024 1 This district has had an extremely high % of population on free and reduced breakfast, lunch and even dinner students! These parents can not afford day care etc!! So we would have children running the streets or we will pay for their care!!

11858021993 Apr 12 2024 1 More teachers like Ms. Knudsen. She is fabulous!

11858021665 Apr 12 2024 1 New Board members - too focused on the things like a library book that should be up to the parent to decide if a child should read it. Board Chair should really learn and understand the financial of the District - They approve and then blame.

11858022505 Apr 12 2024 1 Maintain small town/rural spirit!

11858020959 Apr 12 2024 1 Help those parents that choose to homeschool!

11858021422 Apr 12 2024 1 If 4 day school week I expect my school tax should be reduced by 120%

11858021422 Apr 12 2024 1 Freedom from book banning, religion and lies

11858020841	Apr 12 2024	1	I would like to see Lakeland Junior High get the necessary repairs needed inside the building & upgrades.
11858020787	Apr 12 2024	1	Keep strong and being awesome. Just the fact that you took the initiative to send this out - shows how much you care. I wish Dist. 271 would take a lesson from you, I am sad to say and I am a 1978 grad from CHS. Thank you for this opportunity to give my input.
11858020506	Apr 12 2024	1	More equality of pay for everyone who works for the district. Admisistration that is involved with the employees of the district. Stop wasting money on things that dont need to be done.
11858020333	Apr 12 2024	1	If considering the 4 day/5day school week. To consider other school districts track record on whether it is cost beneficial or not. In addition if only worked 4 days compared to a 5 day work week my pay would be reduced by one day. I think that would only be fair for all employees of the district that work only 4 days (our educators included).
11858019916	Apr 12 2024	1	Arich content of education.
11858019066	Apr 12 2024	1	Lakeland School District has a wonderful academic record and reputation and I feel that a 4 day school week would jeopardize both. Also, do not lose the special facilities funding!
11858018762	Apr 12 2024	1	Study after study shows high school students in America are continuing to fall further behind, Covid changed an entire generation. In our communities, we need to retain lost time.
11858018481	Apr 12 2024	1	I think our expenditures going toward the many amenities, salaries, facilities, maintenance, extra curricular activities, for government schools is considerably higher than for private schools. I am open to a 4 day school week as long as we extend the school year further into summer. Our family loves Rathdrum, dont allow radical school agenda's impact the beauty and value of our community.
11858017828	Apr 12 2024	1	Grow with the dedication you have been going.
11858017698	Apr 12 2024	1	Smart, responsible, and respectful kids. I would support a 4 day school week only if the decision does not keep Lakeland from the facilities dollars that may be allocated.
11858017197	Apr 12 2024	1	1 evening per month- evening event to promote community cohesion

11858008653 Apr 12 2024 C My understanding is the school district would not lose \$20m by going to a 4-day week. Comment #4 is misleading. This could impact the opinions of people taking this survey. Also, I would like to see the school board members be more supportive of the schools. My impression is the school board is actively fighting against the schools. This reflects poorly on the Lakeland School District and the communities it serves.

11858005814 Apr 12 2024 C Stability for the students. fiscal responsibility! I already hate seeing my tax dollars going to a school that my child does not attend. Basing school support solely on property taxes is wrong in my opinion. The system needs changed. I don't really have enough insight into what is needed but I support Traditional 5 days a week classes with Mandatory PE and electives music choir shop and sports programs. I am retired and I always support passing the bond and levy. The children are our future and they need the opportunity to grow into well rounded individuals.

11857999194 Apr 12 2024 C So far everything else has been great! The district is revered for its dedication to its mission, for all of its students.

It is fine to ban a book for your own child, but there is something wrong with a person who bans books for all children. Freedom to learn without fear or shame should be the hallmark of our district; not whatever it is this board is doing right now. The district has a rich history of excellence; stop trying to destroy it.</p>

Keeping the current SRO's in the high schools rather than armed guards. The SRO's do amazing work. They have worked hard to develop a positive relationship with community and law enforcement creating a better atmosphere in the schools. The connections they have to keep our schools, staff and students safe far surpasses that of what an armed guard would have.

Let's put the levy money where it should be going, retain our current staff and recruit the best new staff we can with comparable incentives to all districts and states around us. That is best for kids.

I would like to see your community members stepping up and voting yes for Levis and bonds we have to find a way to get the correct information to our community members on these things. I hear from people in our community saying things like I didn't even know there was a vote happening, or I heard our taxes are going to be way higher, or I heard it's just to pay the teachers more money. We HAVE to do a better job informing the community on what these things are really for and how badly our district needs to pass a bond and be able to give our students improved facilities. We used to live in Hauser and that community gets next to no communication being an invoked parent like I am usually in the know of what's going on, but there are so many out that way that have no idea what's going on, because we

11857909645 Apr 11 2024 0

don't get mailers that the rest of the district does.

11857906049 Apr 11 2024 0 Update the schools

I want our community to have a positive reputation. The schools do a great job of highlighting accomplishments so focus on those and don't get stuck in little things. It's about the kids.

11857904650 Apr 11 2024 0

Concentrate on providing a strong education anchored by math, science, language, and history. A 4-day week is a bad idea that will

11857878527 Apr 10 2024 C

harm education.

11857878109 Apr 10 2024 C Maintain quality staff

I would like to see optional extra-curricular events, after school, etc.

11857877824 Apr 10 2024 C

and ways for parents to be involved as much as possible.

11857877302 Apr 10 2024 C I would like to see a school board that is actually putting students and staff first. It is not the board's job to parent students. That is the parents job. I want to see a board that supports staff. I want Lakeland to be the district it used to be. Where we were proud to say we were from Lakeland.

11857876881 Apr 10 2024 C Extremists having less say in the happening of the district. We are a public school not a religious one. God's place is in the home and church not public school.

11857876057 Apr 10 2024 C Great athletics program

11857873509 Apr 10 2024 C Ask how the community feels about different changes .
In regards to the 4 day week, please be aware as I'm sure you are that retired people and residents without kids will complain about a 4 day week due to kids being out and about for an extra day a week. Please listen to parents with kids in the district. I support a 4 day week but would also like communication about how this would affect sports practices and games and extracurricular activities.

11857870759 Apr 10 2024 C 4-day school weeks!

11857868098 Apr 10 2024 C Get away from chrome books. Revert to old school learning with books. Bring lockers back.

11857863259 Apr 10 2024 C Playgrounds fixed, some elementary schools are losing theirs and John Brown seems to have a lot of playground while others lack. I would like to see a levy passed that goes exactly to budgeted items as it says.

11857860213 Apr 10 2024 C A school board with a service attitude instead of a power hungry attitude.

11857857790 Apr 10 2024 C Teach facts and not beliefs. Be considerate of teen- aged brains that may not function well with early morning tasks.

11857857009 Apr 10 2024 C I would like to see a more unified approach between our staff and school board.

11857846904 Apr 10 2024 1 A new high school

11857838875 Apr 10 2024 1 SROS IN ALL BUILDINGS

11857837390 Apr 10 2024 1 I would really like to see our 6th graders back at the elementary school- this age group is too young to be with 7-8 graders.

11857837283 Apr 10 2024 1

11857834453 Apr 10 2024 1 With the teacher shortage and burnout, due to behaviors, more demands on teacher time, a 4 day work week would help along with decreased absenteeism. Thank you.

11857833943 Apr 10 2024 1 a better school meaning a four day week

11857833923 Apr 10 2024 1 4 day weeks

11857830187 Apr 10 2024 C That only 2 genders are taught to our kids.

11857826069 Apr 10 2024 C N/A pay huge taxes but no kids. do what you want.
Better communication between families, teachers and administrators.

11857824429 Apr 10 2024 C More timely and not just all through skyward or other apps

11857821476 Apr 10 2024 C Keep 5 days a week and keep our SRO
I hope the district maintains a 5 day school week. My wife and I both work Monday through Friday and I'm concerned about the cost of finding childcare if the district goes to a 4 day week.

11857825299 Apr 10 2024 C Other sports like swimming or tennis

11857819596 Apr 10 2024 C Use common sense and responsibility.
A healthy relationship of discord between educators and the school board. Our students would benefit from an environment where all adults are working together.

11857832279 Apr 10 2024 C More dual credit courses available to freshmen and sophomores

11857812525 Apr 10 2024 C Update the schools. They are old and falling apart.

11857804990 Apr 10 2024 C More SROs
There teachers at Timberlake Highschool that are horrible but continue employment. The teachers are well known to the students. You need to get a stronger principle to enforce the policies and protect our kids from bullying and violence. I would give the school a D- as an overall score. Sadly, my words will fall on deaf ears. I will probably not vote in favor of the next levy.

11857786009 Apr 10 2024 C

11857780387 Apr 09 2024 1 Keep 5 day school week. And Garwood keep Deputy Clauson
Avoid the paralyzing political climate if possible.
Let parents decide what their children can read (don't ban books). Any religious education includes all religions or none at all. Include sex education, counseling, arts, theater, as well as vocational training as

11857780421 Apr 09 2024 1 early as possible for students who struggle academically.

11857778297 Apr 09 2024 C Let teachers and families give more input, instead of the school board members making all of the decisions. They are not doing what is best for schools.

11857777326 Apr 09 2024 C Continue to have SRO in all the schools.

11857777246 Apr 09 2024 C 4 days a week, a new high school and middle school.

11857777147 Apr 09 2024 C Board members change
A 4 day work week would be awesome I could keep my kids in school by having that Friday off for doctors appointment, along with teacher would also be able to schedule appointments those days keeping them in the classroom. This would also give teacher the extra time they need to do what they need to for our student.

11857777223 Apr 09 2024 C Keep safety as a number one priority and continue to improve facilities.

11857777053 Apr 09 2024 C

11857775841 Apr 09 2024 C Taking advantage of the 5 day school week.
I dream of a day when the Lakeland School District trustees trust the superintendent and staff to be professionals. By trusting professionals to do their daily tasks we are also returning to an environment in which teachers can teach and students can learn. I would also appreciate seeing a state mandate in which school board trustees are trained before accepting office. Decisions made about education need to be made by people who have the background to do so. This administration as well as the past has been extremely patient teaching to the trustees in matters which are common sense.

11857775846 Apr 09 2024 C Please take 6th graders back to the elementary school and put 9th graders at the junior high. 6th grade is too young to be with the older kids.

11857775349 Apr 09 2024 C A four day week would be so wonderful for families and staff. So many benefits to help with happy and healthy students!

11857775372 Apr 09 2024 C Smaller class size so students can have more hands on help from teachers.

11857774616 Apr 09 2024 C New built high school and move the students from middle school to the high school building. Let john brown move to middle school. We need new structures and more space with a growing town. ~2004

11857774551 Apr 09 2024 C Lakeland Alumni Kristin Falconer

11857774241 Apr 09 2024 C Less oversight by the board. Trust teachers

11857770817 Apr 09 2024 C I was a 12 year graduate from Lakeland. We can't let go of our beliefs and to not let outside influences ruin our district.

11857769908 Apr 09 2024 C For them to be at a 4 days a week and to have a hybrid option for kids who don't want to be in person 4 days a week. Kids, especially boys do not need to be sitting in a class room. If the family's are able to have them home 2 days and they can go into school 2 days I believe it would benefit the child a lot.

11857769087 Apr 09 2024 C A few online courses to help students graduate earlier. Sad, but they need to be in the workforce sooner.

11857764802 Apr 09 2024 C 4 day work weeks

11857757551 Apr 09 2024 C more sports

11857757639 Apr 09 2024 C Great teachers sticking around, more focus on the kids that are there to learn and less focus on the children whom interrupt this learning due too behavioral issues

11857757232 Apr 09 2024 C CONTINUED OPPORTUNITIES FOR STUDENTS TO EXPLORE MUSIC, SPORTS, SOCIAL INVOLVEMENT, PERSONAL RESPONSIBILITY. WE LOVE SEEING STUDENTS INVOLVED IN WHOLESOME ACTIVITIES, WITH STRONG COMMUNITY SUPPORT. THANK YOU FOR EDUCATING OUR FUTURE LEADERS.. KEEP UP THE GOOD WORK!!!

11857754681 Apr 09 2024 C First, LJSD would not spend 20 million from their budget on a 4 day week. That state bill did not pass and all district are an eligible for facilities funding through the state. Also, considering the four-day school week could be a benefit for our district with the state returning to an attendance based funding and requiring instructional hours not instruction days. Districts with four day weeks see higher attendance rates.

11857753598 Apr 09 2024 C A 5 day school week

11857753124 Apr 09 2024 C I would like Lakeland schools in the future to maintain the great sense of community that they have now.

11857752561 Apr 09 2024 C Stay with the current school schedule. There is little evidence that a four day week will improve student outcomes. Any cost savings will come at the expense of the classified employees. Also, there is a very real risk of upsetting the community to the point that future levies will not pass.

You don't ask, but the main reason I do not support a 4 day school week is because I don't believe it is in the best interest of the students. K-8 students will not be able to effectively sit and learn for these longer periods of time. This would impact high school students who play sports or work after school. Just a bad idea from my point of view. Lakeland is an awesome school district with quality staff - I hope we

11857752583 Apr 09 2024 C keep it that way!

11857751983 Apr 09 2024 C 4 day school week.

11857751868 Apr 09 2024 C 4 day school week

11857750974 Apr 09 2024 1 education that most parents/leaders would be proud of

11857750798 Apr 09 2024 1 Less focus on athletics and more on educational development

11857744454 Apr 09 2024 1 More resources and pay increase for support staff.

11857739058 Apr 09 2024 1 More community support

Remembering that your students love you and they need a strong foundation while they are young. For them to succeed - do not take another day of learning from them. We are happy to see you giving the kids spelling words and math problems that challenge them. You encourage them to read chapter books. Keep on and don't change to 4 days a week and miss out on funding that is badly needed. If parents work outside the home, where do they get child care. We don't want kids using iPads to educate them. We want to ensure they get the best education and working with trained educators is important. They have the summers off, holidays, seasonal breaks and education days - longer days is not the answer - add time on the bus and they are putting in a long day for youngsters. You made a stand and kept them in school during COVID - stand firm and do what is right for the students again. The outcome of this decision makes it hard for parents who have to work the regular work week. Not everyone has the luxury of teaching at home with a long weekend. Thank you for this survey. We tried to get Base before and after school, but Garwood gets it not Twin Lakes Elementary. We struggle with the summer vacations, but this 4 days a week blows us out of the water. What happens to those that are not reading to their grade level? We can't leave them behind. They will get it with the great teachers you

11857740582 Apr 09 2024 1 have and you have to be in the classroom.

11857738026 Apr 09 2024 1 Better curriculum, and better curriculum processes

11857738413 Apr 09 2024 1 That community growth supports the needs of the schools.

11857737479 Apr 09 2024 1 Again, quit dumping money into Lakeland middle school.
I would like to see surveys that are designed to get authentic feedback. Not surveys that are made to get the answer you want by

11857736581 Apr 09 2024 1 including what if scenarios.
I would like to see a Lakeland that has a supportive board of trustees that cares for its teachers and students. The current climate is one of

11857739099 Apr 09 2024 1 political agendas and selfishness.
After school care- especially if there will be a 4 day school week. It's too difficult to find affordable child care and this will put a strain on the

11857735167 Apr 09 2024 C family financially and otherwise

11857732133 Apr 09 2024 C No comment

11857725981 Apr 09 2024 C Even more support and funding for schools and teachers.
More appreciation for teachers and administration. You all put up with

11857722876 Apr 09 2024 C a lot. We appreciate you!
More money allocated to additional schools/new schools/upgrades.

11857722042 Apr 09 2024 C Better funding for teachers. Rules/action plans for disruptive students.

11857718651 Apr 09 2024 C Success

11857715314 Apr 09 2024 C 5 day school weeks
Cooperation, trust, and respect among staff, school board, and

11857715023 Apr 09 2024 C parents.

11857714678 Apr 09 2024 C Be more inclusive
Consider how much better attendance could be for students if they had Fridays for appointments, travel, etc. this would also help teachers who have no other time to make their appointments as well without

11857712761 Apr 09 2024 C leaving early.

11857710767 Apr 09 2024 C Not to over tax the people who have lived here there whole lives.

11857689757 Apr 08 2024 1 More money to improve facilities.

11857688269 Apr 08 2024 C Improved infrastructure

11857688074 Apr 08 2024 C New schools
New school buildings to accommodate the growing population and/or

11857688146 Apr 08 2024 C upgrades to the buildings that are falling apart.

11857687028 Apr 08 2024 C More diversity and electives
I would like more transparency and support towards educators. I feel like teachers are constantly put under a lot of judgement, have more things added to their plate and there's a constant feeling of being unappreciated and not supported. People who don't even have kids in

11857687114 Apr 08 2024 C the school district are being heard more than those who do.
A different way to fund schools besides levies, going to the governor in order to voice concern and opinion that there has to be a better way to fund new schools and financial support to existing schools. Better transparency to the public on how important it is to properly fund

11857686917 Apr 08 2024 C schools and build new schools.
Better policy. More forward thinking. Less nepotism. Facilitating higher levels of learning. Less good old boy backward standards. More resources for the parents- online / at home learning- because school time isn't cutting it. Better reading, spelling, math and most importantly- critical thinking skills. Teach kids how to learn on their own as the school system can't keep pace. Better transparency between school, community, parents and students. I don't know the answer to this: but get the bad kids out of the class room because they bring the whole class into their world of bad behavior. Don't put bad kids in with good- it brings society down as a whole. The district should strive for more accountability. Keep our kids safe and wholesome, give them the knowledge to learn how to learn for themselves, set them forward with the ability to be a critical thinker

11857687086 Apr 08 2024 C and teach them acceptance for others.
Keep students in school, keep it conservative, don't follow the tread of

11857685996 Apr 08 2024 C bowing down to the minority.

11857685428 Apr 08 2024 C No new taxes or levies, period.
I would like to see teachers not afraid to lose their jobs and people of the community and parents group stop threatening this. I'd like to see more counselors in our schools to assist teachers, students and

11857685587 Apr 08 2024 C parents when needed not less.
Keep a 5 day school week. Some of us parents work full time and rely

11857685012 Apr 08 2024 C on our kids going to school so that we can work.
Working with the city council so they understand we need young

11857684524 Apr 08 2024 C families in rathdrum

11857684293 Apr 08 2024 C A new high school
More funding for our shop and technology classes. Building onto our
11857684085 Apr 08 2024 C middle school
Perhaps a new elementary school to match the growth and influx in
11857684114 Apr 08 2024 C population to our area.
11857683595 Apr 08 2024 C Decisions made based on facts, not opinions of the loudest parents.
11857683354 Apr 08 2024 C A bigger high school!
11857683325 Apr 08 2024 C A better school board chair
I would like to see all students working toward a higher standard of
11857683668 Apr 08 2024 C academic expectations and behavioral expectations.
11857683020 Apr 08 2024 C Newer schools and maintenance on schools already in place
The complete removal of any and all curriculum or personnel that
suggest any preferences be given for race or mental disorders that
11857683352 Apr 08 2024 C think they are something that they are not!
A just school board that supports teachers and administration. A
school where my student is able to learn to be a critical thinker with
ideas that may not align with theirs so that our next generation can
learn to think outside their small box of comfort. I would like to see
11857681747 Apr 08 2024 C teachers valued again in this community.
11857681421 Apr 08 2024 C 5 days a week
11857681312 Apr 08 2024 C New school buildings for the growing community.
11857681242 Apr 08 2024 C Smaller class sizes
11857680468 Apr 08 2024 C Trustworthy board members
I would like to see updated facilities. Many schools in our district look
11857680639 Apr 08 2024 C dated and old.
Better education about history and current happening issues within the
11857680593 Apr 08 2024 C country. Also continue a 5 day school week.
11857680239 Apr 08 2024 C strong community support for education of the youth
11857679768 Apr 08 2024 C I would like to see a campaign by the schools to educate voters

11857679706 Apr 08 2024 C I like the idea of 4 days a week, as long as extra curricular activities can work with neighboring districts, and that the district gets the monies it needs from the state.

11857679464 Apr 08 2024 C I wish the board would be more open minded about our children's social emotional learning and not worry so much about gay and lesbian topics coming up in school. I don't think any educator is trying to talk students into being gay, lesbian, trans, whatever. I know that many students have close loved ones who are gay, and some of our students are gay. Let's NOT make such a big deal of it.

11857680422 Apr 08 2024 C With the holidays already taking over a fair amount of Mondays, just have that the day that there is no school.

11857679383 Apr 08 2024 C Mostly to have teachers paid more. Shure most of my teachers like what they are doing but having some extra money would probably be nice to.

11857679115 Apr 08 2024 C If enrollment is decreasing..I hope that is actually good for our district which felt like it was getting over crowded. Perhaps students can receive more individual attention rather than being "just a number" especially if they're a middle of the road type.

11857679090 Apr 08 2024 C Elementary schools for the new housing developments to keep our class sizes small and staying 5 days a week

11857678913 Apr 08 2024 C Additional schools! New high school for Lakeland

11857678777 Apr 08 2024 C A 4 dayschool week.

11857678017 Apr 08 2024 C Updated/new facilities, teaching students and faculty about inclusion.

11857678363 Apr 08 2024 C Better education
More contact time with students to teach the state required materials at a depth and breadth to allow as many students as possible to be successful with the material.

11857677514 Apr 08 2024 C Stay strong Lakeland! Remember when everyone else was out for covid and our kids were in school, do what's best for the kids! If it means loosing a ton of money why consider dropping a day.

11857677325 Apr 08 2024 C Staff retained and supported by board

11857677160 Apr 08 2024 C More trust in our teachers and less worried about what happens think.

11857676895 Apr 08 2024 C Happier staff and community that are supportive. I try very hard to be an upbeat voice for our district. It is hard to do that when I feel the board and superintendent don't follow through or change their minds then the rules when it suits them.

11857676447 Apr 08 2024 C To stay at a 5 days school week so we can continue doing the amazing things are students are doing. Timberlake has had all of its seniors apply for college and I currently have a high school graduate from Timberlake attending an out of state 4 year college with dual college credits that will allow her to graduate early.

11857676477 Apr 08 2024 C To be able to retain teachers, athletics, and a new high school building.

11857676345 Apr 08 2024 C Teacher salary increase
School District Boards were meant to be non-partisian. I would love a Board that is serving for the benefit of all - not just their ego and "constituents"

11857676377 Apr 08 2024 C Get rid of Michelle thompson and Ramona Grissom

11857674970 Apr 08 2024 C Plan better for growth
:: Future budget planning communicated with parents and the public. What is long range plan? Are we getting a new school? Things like that.
:: More PLANNED expenditures for building expenses. Were new bleachers REALLY a priority? Where is the priority list for making improvements on buildings?
:: Shorter meetings so your average patron can watch and be informed. Who has time for 3-5 hour meetings?

11857675193 Apr 08 2024 C

11857672784 Apr 08 2024 C 4 day school week
Woke garbage kept out so that Lakeland outperforms other schools in this area. Phone use seriously restricted at school.

11857673063 Apr 08 2024 C More activities for the kids; PE, sports. Real world teaching: managing money, taxes, voting, etc.

11857672775 Apr 08 2024 C 4 days would amazing!!!
*Lisa staying forever! ♥

11857671701 Apr 08 2024 C *Lynn as the Superintendent upon Lisa's retirement

11857670819 Apr 08 2024 C Realistic awareness of why children have difficulties in school

11857671047 Apr 08 2024 C I hope Lakeland can retain their quality teachers but as it's looking
now, there will be many jumping ship soon. The kids deserve better.

11857669692 Apr 08 2024 C Smaller classroom numbers and more parent teacher communication

11857669420 Apr 08 2024 C Parent involvement. Easier set up for parental committees
Just maintaining our schools and continue to keep the best teachers

11857669211 Apr 08 2024 C and administrators.
Emphasize well rounded honest education, not the politically
correction education being taught in Idaho schools. Keep the politics

11857669737 Apr 08 2024 C out of the school boards.
More focus on real world subjects in high school, personal finance,
how to file taxes, look for jobs/resume building, cooking, surviving

11857668925 Apr 08 2024 C adulthood etc
We need to fire all 3 women on the board and get new people with

11857668471 Apr 08 2024 C fresh ideas in there.

11857668148 Apr 08 2024 C 4 day a week

11857667920 Apr 08 2024 C A new school board
Keeping a budget. I would like to see the school district keep a whole
week of school, so that way the classified staff will benefit and not lose

11857661176 Apr 08 2024 1 out on money or their jobs.

Number 4 is poorly written and leads people who are uneducated about the bill to choose a choice that is clearly favored by the person who wrote the questions.

A four day school week would allow staff to participate in more collaborative work, along with professional development if the district followed a model similar to Post Falls. The professional development and ongoing implementation of curriculum and learning as a professional is hard to maintain, therefore resulting in staff who are burning the candle at both ends to make ends meet. I believe that if we went to a four day week, the community and the district would have adequate ways to take care of students in the community. This has been proven in neighboring districts, as well as across the state. While a four day week may not save the district millions, it would be worthwhile to have teachers who feel more prepared for their work and therefore provide more quality instruction to students, which is the ultimate goal of education. Just because we are doing things they way they've always been done doesn't mean it's the best way.

I would like to see a district that is not so politically driven and that returns to valuing education of students in a non political way. Our school district seems to be controlled by a small group of very loud citizens that always seem to have a seat at the table, often

11857661219 Apr 08 2024 1 outweighing more reasonable voices in the community.

11857656258 Apr 08 2024 1 Half day kindergarten, less homework for small children

11857656240 Apr 08 2024 1 Have a better budget , help kids get prepared for the real world.

I didn't answer the 4 day school week schedule because I don't care either way. We have much bigger issues in our district.

Unfortunately the future looks grim for the reasons stated above (over-reaching school board, lack of support by 3/5 board members and by our superintendent, and the extreme community members essentially dictating how and what we teach).

(The following was written after the April 3rd special board meeting)... The board is now censoring what books we can read to kids. I mean come on, teachers don't get into teaching to "make kids gay" or to "make kids transgender" or whatever other garbage that you think or have heard is happening in other areas. I have worked in Lakeland for 20 years and not one teacher I know is indoctrinating kids. We got into teaching to help kids be critical thinkers, question others' thoughts and form their own opinions, all while learning how to be a kind and well regulated human. But I'm hopeful we can move toward returning to how we were as a district with previous admin and board members. It is embarrassing to be a Lakeland teacher now, which is something I never thought I'd say. Teachers and admin in other districts know our board is out of control and that we are struggling with our leadership. Hopefully the board will take this feedback to heart and realize there are many unhappy with their decisions and representation of

11857654070 Apr 08 2024 1 Lakeland.

More upgrades on the school and more people want to transfer here

11857653369 Apr 08 2024 1 from other places

Making things fair for all children boys, girls, disabilities, medical conditions. Same expectations/discipline for both boys and girls.

Better training and services for staff about special needs families.

11857653290 Apr 08 2024 1 More medical staff. Really just catching up with the times.

Teach and challenge students. As professionals, the Lakeland school has the ability and needs to stand firm in improving the education of the students. The ISAT test that has been in place for years is not the issue. This test is a baseline, not a GOAL. It is the education they are receiving which directly correlates to the outcome. Our children and

11857652223 Apr 08 2024 1 community deserve better.

11857650880	Apr 08 2024	1	Stop catering to your right-wing board members and focus on kids.
			You do not use your class time as well as you should.
11857635056	Apr 08 2024	C	Kids need P.E. the whole year. Including band students! Studies have shown it increases their test scores.
			Fix the physical buildings Athol elementary is so dingy and disrepair.
			Stop trying to control everything.
11857634382	Apr 08 2024	C	Support a holistic environment with high standards and our schools will thrive.
11857606177	Apr 07 2024	C	N/a
11857606156	Apr 07 2024	C	Small class sizes
			More sports, continued conservative ideals where parents are still the parents (Lakeland has been fantastic about this), 4 day school weeks, better bus routes (I know this is tricky) and no more late starts for snow! There was a survey put out a while back on that... I'm not sure of the outcome but I opted for just having a whole snow day instead :) 5 days a week of in person instruction. Our community does not have the resources to support students as many parents still work 5 days per week. This would be a travesty to our community, and is not what is best for our students.
11857605544	Apr 07 2024	C	
11857602169	Apr 07 2024	C	Continued focus on student success. Commitment to excellence in the classroom, in the community and in extra curriculars.
11857602011	Apr 07 2024	C	Continuing to focus on student success, strong communities and kindness.
11857601927	Apr 07 2024	C	I believe the 4 day schedule would put an undue burden on working families or make latch key situations more prevalent. This is not a benefit for the children. The only ones that benefit are the employees that want 3 and 4 day work weeks. Should this happen then there should not be any more curriculum days do that on the fifth day of the week. I fine production only suffers when the work day is lengthened. 5 days a week. How can losing 6 hrs of instruction time even be ok. How can we justify that kids watching their tablets for a babysitter unsupervised is good? Day off to dwell on mental health issues is not cool. Latchkey kids show bored kids get in trouble.

Common sense and a collaborative working environment between all parties.

11857600530 Apr 07 2024 C There is not a conspiracy by the left wing to take over our Lakeland schools. By trying to accuse the schools of something that is not happening in Lakeland, you are actually hurting the schools. I am a registered Republican and do not agree with the extremism that is driving our school board.

11857599742 Apr 07 2024 C Before and after school care and continued support to give the best education possible to our district.

11857598793 Apr 07 2024 C Keep the 5 day school week.

11857597915 Apr 07 2024 C More support for what we do

11857597734 Apr 07 2024 C Continued focus on traditional values and high-level education.

11857596180 Apr 07 2024 C More art classes

11857595762 Apr 07 2024 C New High School. Community is growing too fast.

11857594885 Apr 07 2024 C Harder standards and better facilities

I would like to see board members communicate with each other. It is easy enough to cc everyone in an email when they respond to community/parents/administration. Then everyone is on the same page.

11857594230 Apr 07 2024 C I would like to see all staff members attend their IEP meetings.

Provide base care to support the 4 day week

11857593331 Apr 07 2024 C Payday twice a month

11857592424 Apr 07 2024 C Sustainability of a strong community based public school district

11857592140 Apr 07 2024 C Student learning the top priority.

New high school and Lakeland middle school moving to the current high school. Current lakeland middle school football field updated. Timber lakeland has nicer schools and it would be nice to separate the school zones with voting for a bond as I believe the voters in the Timberlake zones hinder our votes for a bond as they already have nicer schools.

11857591392 Apr 07 2024 1 Elementary schools for the new housing developments and staying 5 days a week

11857590139 Apr 07 2024 1

11857585190 Apr 07 2024 C Better pay/benefits for employees and language options for classes

11857584604 Apr 07 2024 C Continue to be an excellent district focusing on learning fundamentals of life long skills not getting wrapped up in the social agendas of today. Busing issues resolved! Bring buses closer to remote homes so children don't have to walk up/down miles of roads without sidewalks - becoming even more dangerous in dark winter months with icy roads & fast drivers!

11857584361 Apr 07 2024 C Love the 4 day week. We might be moving to post falls just because they have the 4 day week.

11857579024 Apr 07 2024 C The elementary school in Brookshire be built. Stop the national curriculum and do what's best for Idaho. I e., no child left behind and common core math

11857568832 Apr 06 2024 C Better middle schools

11857568300 Apr 06 2024 C .

11857566776 Apr 06 2024 C Community unity, students being better prepared for college or the workplace.

11857565689 Apr 06 2024 C A school board who trusts that staff and admin know what they are doing and don't assume we are all indoctrinating students.

11857565656 Apr 06 2024 C I would love for there to be a better balance of listening to parent concerns while also backing teachers.

11857564671 Apr 06 2024 C More support and respect for teachers who show up for students every day. A 4 day week. There is a lot of misinformation around about how that would look, but Post Falls has done great with it. If similar structures are put into place, Lakeland could do well with it. It would sure help with the wear and tear on busses!

11857564090 Apr 06 2024 C Continue to update facilities to meet students needs

11857562854 Apr 06 2024 C I think we can do better at taking care of our schools and possibly a new high school.

11857562786 Apr 06 2024 C Less controlling school board

11857562562 Apr 06 2024 C Giving parents a minimum of 6 months written notice of a rezoning of a school that they are currently zoned to.

11857562193 Apr 06 2024 C Additional schools

11857559923 Apr 06 2024 C More communication from the high school teachers that my son has. It has been 2 years since a teacher has called me to check on my child.

11857521004 Apr 05 2024 C More efficiency, less staff
I think it is a great school district but our home school- JBE looks to not receive no where near the same benefits that the other elementary schools do in the district. That is why we do not put our children in the Lakeland School District and choose to have them attend a charter

11857520862 Apr 05 2024 C school in the are.
In regard to #4: I would support if a 4 day school week does not affect

11857519434 Apr 05 2024 C the dollars that may be allocated AND it works for parents.

11857516910 Apr 05 2024 C Please do not go to 4 days with Fridays off
4 day school week would be really beneficial in my opinion for both

11857516468 Apr 05 2024 C staff and students.

11857516224	Apr 05 2024	C	<p>I would only support the 4 days if the days are longer and there is no reduction in amount of time spent educating students. Higher standards.</p> <p>As an employer I need to hire people that are more educated and conduct themselves more professionally and are responsible adults. I would suggest examining North Idaho Stem Charter Academy as an example of a school who is doing a fantastic job training our youth to be well eduacted, professional, responsible and ready to excell. North Idaho Stem has high standards for their students and staff.</p>
11857515739	Apr 05 2024	C	<p>A 4 day school week will result in children home alone. Younger children may be unsafe. Older children may be prone to loitering, vandalism, burglaries, drugs etc. A 4 day schedule does not promote the value of education.</p>

11857512936 Apr 05 2024 C Keep the 5-day school week. It doesn't seem like the kids are in school near as much as 2 decades ago. It is already going in the wrong direction.

11857513152 Apr 05 2024 C The push for a 4 day week is for teacher retention in competition with Washington. Support teachers more via admin and pay and there won't be a need.

11857512494 Apr 05 2024 C Fiscal responsibility!

11857511134 Apr 05 2024 C I think Lakeland School District is a fantastic school district a school board that does not have personnel agenda. teacher that are qualified, coaches that actually know the sport not just a teacher that tries. 11857509227 Apr 05 2024 C Teachers to be paid more

11857509217 Apr 05 2024 C Spend less, make do with what you have.
Stay at 5 days, that is what is best for kids. I fear for the educational

11857509031 Apr 05 2024 C loss that going to 4 days would cause.

11857508725 Apr 05 2024 C It has a good reputation now. Keep up the standards now in place.
Upgraded facilities, better teacher pay, teaching more about essential

11857509504 Apr 05 2024 C survival skills (gardening, cooking, etc)
Quit asking for more money from tax payers if you are not going to use

11857508474 Apr 05 2024 C the money where needed. Fix the schools .
Also of great importance are courses that support alternative career
paths. Welding, wood craft, building construction, floral design,
culinary service, nutrition, business, while incorporating skills using
reading, writing, math, science. Also debate courses that focus on
speaking, listening and defending.

11857508647 Apr 05 2024 C Make sure we are teaching Constitution and Bill of Right!
I would support a 4 day week if instruction time does not suffer.
I am not sure about total enrollments, But I would think a new high

11857507964 Apr 05 2024 C All in all we feel the District does a good job.
Keep "woke" and perverse information (teaching) out of the district.
Stay or be independent of the National School Education/Teachers

independent people. Fight for what is right for the sake of the future

11857509223 Apr 05 2024 C generations! (We have been supporters of the schools up to this time.)

I would only support a reduction in teaching hours or additional

11857504259 Apr 05 2024 1 students need to be successful adults.

11857500164 Apr 05 2024 1 More assistance for students that need additional academic help

11857499094 Apr 05 2024 1 Thanks for all you do
Support from the community, healthy funding and not relying all on the

11857499227 Apr 05 2024 1 tax payers.

11857498706 Apr 05 2024 1 That it maintains it's overall boundaries. We are near the southern edge of the district along highway 95 and I would be very upset and vocal if we were redistricted to the CDA school district.

11857497013 Apr 05 2024 1 A new high school!!!!!!!
More soccer focus through the school district. There aren't many options for it for elementary and middle school other than parks and rec. We'd like to keep it local and avoid other districts or clubs.

11857495306 Apr 05 2024 1 I would love it if we could have a 4 day school week but then I feel like the school year would merge into the summer break for traveling to see family. My son goes to a school that has 4 day school week with optional Fridays. If the child is behind they go to school Friday and if there is a missed day of school they go on Friday I love that and my son gets out of school June 27th so not a huge chunk into summer break. This also gives the teachers a more one on one option when not all the students attend Friday. Maybe that could be something we could look into. Maybe even doing something like this would allow the funding to continue.v

11857495410 Apr 05 2024 1 New schools for the massive growth we are experiencing and a 4 day work week.

11857495267 Apr 05 2024 1 Response to rapid growth - state or city funding for new schools due to their inability to curtail and supply schools for growth.

11857494856 Apr 05 2024 1 Updates to the classrooms.

11857494264 Apr 05 2024 1 New schools to accommodate the growth

11857490141 Apr 05 2024 C Better pay for our wonderful staff
I think the school district needs to weigh the pros and cons of a 4 day school week. While a 4 day school week might be cost effective, there are other considerations. 1.) What will school age children do with a 3 day weekend? 2.)How will this affect working parents?

11857489946 Apr 05 2024 C No opinion

11857489667 Apr 05 2024 C

11857488963 Apr 05 2024 C Continued excellence in education
I would like to see improvements at Lakeland Middle School. From academics to athletics, there are several things that seem to be less than standard from the other schools. There is a lack of drive for

11857491565 Apr 05 2024 C improving instruction and sports programs.
Take senior citizens off your tax rolls. My husband and I have lived in Spirit Lake our whole life and I dont feel it is up to me to pay higher taxes every year to provide an education for everyone elses kid. It is a real hardship to come up with more money every year to support someone elses kid. We havent had any kids or grandkids in school for

11857488731 Apr 05 2024 C 35+ years. Let them pay.
Honestly, I am not sure. It is my first year at Lakeland and so far we

Student education at a level above the 'average'. Kids deserve the

11857485641 Apr 05 2024 C best we have to offer
More attention on basics. Higher efficiency in the three RRR. a FOUR DAY SCHOOL WEEK WOULD GIVE EVERYONE WORKING FOR THE DISTRICT MORE REST AND STUDENTS MORE REST AND MORE TIME TO RECREATE AND MAYBE HAVE MORE QUALITY

11857488208 Apr 05 2024 C FAMILY TIME.

11857484210 Apr 05 2024 C Lower property taxes.
Teach U.S History to the students. Have a dress code. Less computers and more useful info. Boys are boys, girls are girls. Leave

11857484005 Apr 05 2024 C sex education to the parents. No telephones in the classroom.
We no longer have children of school age, but would support

11857483576 Apr 05 2024 C measures that provide the best educational opputunities for children.
The school district should project future growth and develop a plan to provide facilities to meet these needs before reaching crisis mode. I know the school District has attempted this in the past but was shot

11857483120 Apr 05 2024 C down by the voters. I will continue to vote in favor of such proposals.

11857482713 Apr 05 2024 C LETS NOT DICK UP A GREAT SCHOOL DISTRICT. Keep it that way.
A true music teacher at every elementary school. Research shows the major impact music education has on developing minds and how it

11857483646 Apr 05 2024 C positively supports all the core subjects and improves test scores.

11857482507 Apr 05 2024 C Continue with a 5 days a week. You must know cutting days will hurt all hourly paid employees making it harder to find employees. It also puts undue hardship on parents to find childcare for one day.

11857480897 Apr 05 2024 C I would like to see Michelle Thompson and Ramona Grisom off the school board. We also need to stop listening to a small group of extremist conservatives making decisions for the whole district. This small group of noisy people do not speak for the whole area!

11857481452 Apr 05 2024 C No reducing of the school week! This is unfair to children whose education will be short-changed and unfair to parents who need a two income full time work schedule to survive financially. It is unfair to tax-payers who are called on to pay for public education whether they like it or use it or not. Will we tax-payers get a 20% tax reduction if it goes to a 4 day week? I think not. Our son works 4 days a week now because he works 4, 10 hour days instead of 5, 8 hour days. I am sure the students and teachers will not be working 10 hour days.

11857480365 Apr 05 2024 C I am good with whatever is best for the kids, the families and the Distirct.

11857480254 Apr 05 2024 C more classrooms and teacher pay. The 4 day school week may be good for you, however, talk to law enforcement. Who is going to watch the kids on the 5th day? Mom and dad are at work, daycare is unreliable.

11857479787 Apr 05 2024 C Police officers in schools rather than armed guards.

11857480888 Apr 05 2024 C I would love to see a new high school at Lakeland as well as better upkeep to all of our buildings (inside and out). I would also love to see a school board that backs the teachers and administration. The board is empowering parents too much, and because of that, we are dealing with issues we have never seen before. The board also has an obligation to its teachers and staff because most of them are community members and constituents as well. It feels like the board only listens to a few radical parents and then makes decisions based on that. This is unacceptable.

11857470052 Apr 05 2024 C A 4 day week would be devastating to all of us who are not salaried and would loose money and benefits, yet as bus drivers have an even longer day. I can't possibly believe that children learn better with longer days or the parents want to find child care for one day a week. Even posing the question seems to show a lack of support for classified staff.

11857447200 Apr 04 2024 C I would like to keep the school district open 5 days a week as this is the most important thing for the kids. If the kids are out on Fridays that's one less day of education and one more day of the parents having to find daycare for them. It's also an extra day for the kids to get into mischief and cause trouble.

11857445180 Apr 04 2024 C Before and after school care in all elementary schools. Or transportation to one.

More transparency when it comes to levy's and explaining to the community why it's so important to vote. A lot of people move from states where you don't have to vote like we do for levy's. More transparency with allocation of funds.

Our family has been very grateful for the crossing guards as our children walk to school. Please support them and appreciate them as much as possible. I assume they can be left out of appreciation days since they aren't physically in the building. They protect all the children of the community while sometimes almost being hit by vehicles. Consistency among all schools, not a pick and choose environment depending on who is in charge. More community events put on by the school district to bring the community together. The coffee and donuts may get your older folk together, but you miss the majority of the community by limiting it to such a small setting. Events at majestic or the high school to bring commradery.

11857446483 Apr 04 2024 C Going to a 4 day week day, making science and expiraments/projects a priority. Stop teaching to a test.

11857443300 Apr 04 2024 C Smaller class sizes, stem, music classes and more elective classes

11857443100 Apr 04 2024 C Significant improvement of the Teacher/Student ratio. Better Money Management; more accountability of money spent. Specialty teachers ie; Reading, Music, Art, PE, Science, Technology, Shop, Continued

11857443463 Apr 04 2024 C partnership with KTEC

11857442609 Apr 04 2024 C More STEM based learning across the district.

11857442276 Apr 04 2024 C Bring God back in school

11857442573 Apr 04 2024 C I would like to see the district focus a little more on the physical buildings at the elementary school level. We are at SL and the school has the same old heating and fixtures that I had when I went to school there 30 years ago. The focus is so much on the high schools it seems like the aging elementary schools are being forgotten.

11857441712 Apr 04 2024 C see above. Thank you for the opportunity to input. Just because I'm not a parent of a LJSD student, please don't discount my input. As a taxpayer funding the district and voting on bonds and levies, I still have a valid voice and I do care very much about quality education for young people.

11857441117 Apr 04 2024 C Children learning to think more Keep small neighborhood schools and as long as the enrollment numbers continue to increase we need a new highschool in the southern part of the district.

11857440004 Apr 04 2024 C New elementary school in SL and Rath I really do hope the school stays at 5 days a week. 4 days a week would be ok for our family, but would not be for so many others.

11857437593 Apr 04 2024 C Especially those kids who don't have the best home lives.

11857436453 Apr 04 2024 C It's fine the way it is We love our school district, however I think it would be wonderful to see more things like languages in the grade school and more after school programs

11857436018 Apr 04 2024 C Encourage community events to maintain unity in district. We all want the best educated children so they can succeed in life.

11857436035 Apr 04 2024 C Teach students financial responsibility as an elective class. That we stay with our small school atmosphere and make educating kids not just focusing on computerized testing scores.

11857435353 Apr 04 2024 C

11857434898 Apr 04 2024 C Do not change to a four day school week Again teach more in-depth American History especially our

11857433330 Apr 04 2024 C Constitution State and U.S.

So many kids have zero morale. Why do you think they are taking online classes? It is not so they can work. They are uninspired, lazy, not held accountable for their actions or education. THS needs serious culture change. The bullying cannot be tolerated. Creation of a peer counselor to help kids who are bullied or have suicide ideation from being bullied. It is sad. No one takes these kids' mental health seriously. Perhaps a peer counselor network would help kids not feel so alienated. It also would teach compassion and leadership.

11857433750 Apr 04 2024 C I would like to see more information on a 4 day plan. Updated school facilities. Keep small class sizes. Online & in person combo option for kids who need it

11857431553 Apr 04 2024 C The answers above are what I am wanting to see from LSD in the future. I do support the district and have students and family who attend and work for LSD. I also believe LSD is one of the finest districts in the State - but I still want less spending and a goal of becoming more and more conservative. Staying conservative for the education of our children. Teaching true facts and not throwing in liberal agenda.

11857499468 Apr 04 2024 C Having a five day weekend.

11857430915 Apr 04 2024 C A new high school.

11857430621 Apr 04 2024 C Classes that expand into the technical dept.

11857430033 Apr 04 2024 C Education!

11857429235 Apr 04 2024 C Maintain 5 day weeks in all schools, days for students are long enough, they need their sleep and have a difficult time as it is managing with 5 days a week.

11857428179 Apr 04 2024 C Equality in sports

11857425483 Apr 04 2024 C I would like to see Lakeland School District return to an era where we generally trust the professionals in the building to be doing what's right for kids and show that support through allowing the buildings to be governed by building admin and our superintendent. Reduced reliance on taxpayers for bond and levy funding, though much of that has to do with state funding statutes. Also, a community rec center for our student athletes and members we don't have to go to CDA.

11857426224 Apr 04 2024 C Happier teachers and more support for school clubs

11857419980	Apr 04 2024	1	<p>The number of instructional hours per school year might be met but making the school day longer so that teachers get a three day weekend is a dis-service to our kids. What are your priorities, kids or teachers!!!!</p> <p>Quit thinking of retired homeowners as your piggy bank. I worked hard my whole life. 11857404794 Apr 04 2024 C Community growth pushing kids to be mindful of their community and making better humans

11857401463 Apr 04 2024 C Instructional growth and provided resources for necessary building and classroom improvements. Compensation to meet the rising costs of everyday living

11857406410 Apr 04 2024 C I would like to see a lager emphasis on Critical thinking, and the scientific reasoning. Especially as a pertains to main stream media, and social media, and wokeness. This failure to educate the population in the past is what has led to the demise and fall of this once great country.

11857399430 Apr 04 2024 C Not really sure

11857398954 Apr 04 2024 C more classes for the students future, for example learning about taxes, housing, etc.

11857398881 Apr 04 2024 C To start later and make out school a 4 day week

11857398947 Apr 04 2024 C Having a four day school day

11857398920 Apr 04 2024 C Longer lunches, shorter classes

11857399018 Apr 04 2024 C Community support for fully funded schools.

11857398304 Apr 04 2024 C Explore ways of expanding an AP program. Duel enrollment is very valuable for many students but it is not as rigorous as an AP program, and for students interested in applying to competitive universities AP courses will offer them more possibilities.

11857398836 Apr 04 2024 C mental illness counselors in the schools

11857384528 Apr 04 2024 C Rules enforcement, students being more respectful

11857383467 Apr 04 2024 C Focus on the future career success of students.

11857381096 Apr 04 2024 C Please keep the 5 day school week.

11857365331 Apr 03 2024 1 To not grow so big that we loose the relationships we have with each other now

11857363497 Apr 03 2024 C Exposure of students to interests that would lead to careers. Eg. not just college prep.

11857362927 Apr 03 2024 C more understanding and tolerance for ALL students regardless of their gender or sexuality

11857362973 Apr 03 2024 C Facility improvements / replacement.
High standards in studies, staff professionalism, expectations of high

11857361730 Apr 03 2024 C student qualifications.
New high school and elementary school in Rathdrum area to

11857360652 Apr 03 2024 C accommodate new population

11857360820 Apr 03 2024 C For the most part, continue doing what you're doing.

11857360805 Apr 03 2024 C Increased support for the mental/emotional health of students.
Good use of the kids time and focus on their education while keeping

11857360468 Apr 03 2024 C them safe from unnecessary political interference.
Continued independent conservative thinking. Keeping our schools

11857360327 Apr 03 2024 C open, vibrant and supportive of traditional American values
if lakeland goes to 4 day week I will remove my 4 grandchildren from

11857359841 Apr 03 2024 C public school and pay for them to go to private school.
Address the crowding and growth with new schools.
Next time you ask a question maybe you should provide more detail
so parents know what they're voting for. Are 4 day weeks longer days,
longer school year, what do teachers do on Fridays, how is funding

11857359909 Apr 03 2024 C impacted?

11857359779 Apr 03 2024 C A new middle school and high school.

Keep up the great work! Lakeland schools are doing amazing things
for local students with limited resources and many arbitrary rules and

11857358815 Apr 03 2024 C regulations. Proud to be part of this community!
Able to have more options with electives

11857358544 Apr 03 2024 C
We would like to see the enforcement of values that made this country
the shining light of the world.

Patriotism
Courage
Responsibility
Traditional family values

11857356800 Apr 03 2024 C Integrity

11857356278 Apr 03 2024 C Make decisions earlier about future years academic calendars.

11857355553 Apr 03 2024 C Another school or two to better support the growing community.
Hopefully to relieve work load on teachers while also providing better chances to help students that need extra help

11857355053 Apr 03 2024 C Before and/ or after school school care.
I would support a 4 day school week if it didn't reduce pay or benefits for employees.

11857354054 Apr 03 2024 C More dual enrollment classes
Continued improvements on buildings. Possibly even a new high school.

11857351967 Apr 03 2024 C Solid curriculum

11857350711 Apr 03 2024 C Better budgeting.....seriously it's not that hard.
Higher academic standards and continuity between schools, especially high school

11857350103 Apr 03 2024 C Pour into the kids through a solid curriculum that will see them into future development. Leave the social programs behind.

11857349307 Apr 03 2024 C Develop a stronger science program--although I see signs of that already happening. Thank you!

11857348982 Apr 03 2024 C Stick to 5 day school week. Families work
Consistent discipline
My kids goes to Lakeland middle school and their classmates get away with unbelievable nonsense

11857346193 Apr 03 2024 C More facilities, such as an auxiliary gym, for extra curricular activities and classes.

11857345672 Apr 03 2024 C 4 day week

11857343072 Apr 03 2024 C A 4 day school week.
More focus on traditional education and avoid getting involved in the political/ideological games our nation is experiencing.

11857341860 Apr 03 2024 C I would love to see the school district push for a school choice funding system similar tto Arizona as Lakland tends to provide a better experience than neighboring district this would likely increase students and allow more funding in district without additional levys.

11857342249 Apr 03 2024 C More schools for all of the growth to the area

11857340487 Apr 03 2024 C Continued dual credit opportunities for high school students.

11857342286 Apr 03 2024 C Seatbelts in the school buses.

11857337782	Apr 03 2024	C Na	I appreciate the opportunity for input! In the future I would like to see you offer pros and cons to consider on a survey, not just 1 negative, no matter how important. It seems like any results are going to be

11857316067 Apr 03 2024 C I don't know

11857316264 Apr 03 2024 C Better funding

11857315866 Apr 03 2024 C field trips

11857316072 Apr 03 2024 C better teachers
To stay conservative and not cave to all the "woke" agendas being thrown the world. The world is crazy out there, we love the protective, sane environment Rathdrum and Lakeland schools have thus far

11857314936 Apr 03 2024 C provided
Someway to figure out funding, so a bond is not needed to build the land set aside for the elementary school in Brookshire, and for a possible high school near the technical schools.

11857313939 Apr 03 2024 C One thing I would like to see added is a Golf program for the 7th and 8th graders.

11857314418 Apr 03 2024 C 8th graders.

11857313189 Apr 03 2024 C Focus on the basics.
Continued excellent education and thanks for allowing churches to come along side Lakeland to help families and communities be stronger together!!!

11857310100 Apr 03 2024 C stronger together!!!

11857308217 Apr 03 2024 C Keeping up with the appropriate facilities due to the influx of families.

11857305772 Apr 03 2024 C Higher scores

11857305406 Apr 03 2024 C Improvement in the middle school
Please do not put in a 4 day school week. It would not be in the best interest of education, would have a negative effect on our children and families, and there is no evidence it even saves much money.

11857303588 Apr 03 2024 C I am also concerned about racism in our area. We need to figure out how to reach these kids. It is a family and community responsibility. Schools play a major part. The schools can bring in speakers, that can tell a compelling story in hopes of reaching our kids.

11857302007 Apr 03 2024 C I would like to see the track at the Jr High fixed, and the playgrounds that are dangerous to be fixed.

11857301100 Apr 03 2024 C

11857294932 Apr 03 2024 C School buildings and curriculum we can be proud of.
Elementary schools starting earlier

By the time they get out of school and home and get homework done
its dark and kids have to get ready for bed. They need to get out

11857277153 Apr 02 2024 1 earlier so they can be kids and have time to play.

11857275796 Apr 02 2024 C Teacher appreciation

11857275620 Apr 02 2024 C 4 day school week

11857275146 Apr 02 2024 C I would like Lakeland to be the best school district in Idaho

11857274958 Apr 02 2024 C More dual-credit classes from U of I.
A 4 day week requires students to stay a long time. And they will not
get the same amount of learning. There is only so much concentration
in a day. Parents need supervision for students. So the school should
offer very low cost day care on the 5th day. We need more learning,

11857274577 Apr 02 2024 C not less.
Place "In God We Trust" over all the main entrances to the schools as

11857274039 Apr 02 2024 C previously suggested.

11857273439 Apr 02 2024 C Education
Continuing our conservative values and building a couple more

11857273950 Apr 02 2024 C schools.
Buildings and infrastructure brought up to current standards. More

11857273721 Apr 02 2024 C modern multi-media equipment used for instruction.

11857273314 Apr 02 2024 C School building improvements.
A 4 day school week sacrifices our classified staff who already don't
get paid enough. Students need more instruction time not less. Less

11857273098 Apr 02 2024 C instruction/contact days will lead to worse isat score.
Try to add life skills that are age appropriate, Shop, cooking,

11857272877 Apr 02 2024 C budgeting, investing
Parents no longer feel kids are getting the education they need and

11857272783 Apr 02 2024 C chose charter or homeschool

11857271961 Apr 02 2024 C 4 day work weeks and changes towards increasing education.
Mentally the kids are overworked and do not have enough time to get

11857271858 Apr 02 2024 C certain projects done

11857271849 Apr 02 2024 C Hire more quality teachers expand the schools if needed

11857271772 Apr 02 2024 C Small to medium class sizes. Options for extracurricular activities for kids. Enough schools and teachers for all the students.

11857271919 Apr 02 2024 C Financial support for extra curricular educational clubs.

11857271173 Apr 02 2024 C PE and quality arts and music education SRO at all of the schools.
All schools safely should be treated equally.

11857271469 Apr 02 2024 C Better school quality and more money for further education and programs

11857271564 Apr 02 2024 C A better understanding of "invisible" limitations in students. I'd like educators to be tolerant of those children with invisible limitations and not punish them or make examples out of those students when they know they are limited in certain ways. I'd like those same educators to not form their own opinions that then hinder their ability to treat those with limitations less than what they deserve. One way doesn't work for everyone. Not all students able to fit into the same box. What works with one, may not work with another. I am hosting this response with spark some training in invisible disabilities.

11857271606 Apr 02 2024 C I would like to see less conflict of interest amongst our parents, policies, and school board. As a parent, I feel as though I am being spoken for from our parent groups. Unfortunately, I cannot dedicate every single Thursday to sitting in a seemingly toxic environment, just to have my thoughts pushed aside. There are too many meetings for people to voice their opinions. I know that these requests aren't the conventional requests, but I figured that this may be a descent place to shed light on them.

11857271471 Apr 02 2024 C The only reason this survey exists is to measure the community's interest in a four-day school week. Rather than camouflaging it with attempts to ask people about nebulous opinions you're not going to pay attention to, do the community a favor and pay us the respect, to let us know what you are considering so we can have an informed decision. Four day school weeks may be appealing to teachers and staff, but they are a burden on families.

Lakeland Schools have a long tradition of quality education. I would like to see that continue. Small schools and small class sizes are mandatory. It also includes paying our teachers and staff and quality wage. I appreciate our Board of Trustees looking into ways to cut back but ultimately, it is not possible to maintain our excellence with what the State of Idaho gives us currently. Please keep running Levies and when needed, Bonds. Our kids and our community need our schools to be the best.

I also place a high value on remembering tradition.

I would like to see our traditions safeguarded. Our school colors, mascots, traditions, names of valued and esteemed employees past and present, should be recorded and safeguarded. Thank you.

11857262267 Apr 02 2024 C I would love to see more integration with home school students.. ie home schoolers come 1 day a week or a couple hours a day.

11857261019 Apr 02 2024 C Take a sober look at staffing levels, particularly in admin and fluff positions. I'd start with counselors. There is no reason that a school district of this size should have 15 mental health counselors. Mental health counseling should be obtained by the family while considering that family's values. I can pretty much guarantee that a public school counselor will not support the values of a Christian family for instance. One size does not fit all, making this an inappropriate function of public schools. At least consider if you could get by with fewer.

Five, full time supervisors in your transportation department to supervise just 28 part time drivers and monitors? Another area to look into. I'm sure there's plenty of other opportunity that would yield \$2-3Million a year in operational savings.

Keep taxes down, I'm 65 and can't continue to pay increased taxes to support something that I have nothing to do with, and I believe the school system is failing. I stated I would support the 4 day week however I would like to learn more about the impact on the students education. 11857238935 Apr 02 2024 1 Not sure

11857237458 Apr 02 2024 1 To teach and keep morals and hometown values, everything is getting out of hand and the changes being seen in our town are not good. We need to fix the problems we have, the city needs to put a stop to building. The schools need to be transparent with budget and needs. I voted in favor of levy last time but I may not again. Any proposals in the future need to be accompanied with current and years past income, spending, current needs, etc. The community should not have to dig for this information, it should all be put together out in the open, especially when being asked to vote yes to money for schools.

11857239109 Apr 02 2024 1 continue to provide students with a quality basic education: math, science, reading and writing...

Focus on kids with mental health problems. Get back how Lakeland used to be. The teaching morale is terrible, as I know teachers and I used to be a teacher for more than 30 years. Some out of control kids run the school and make it hard to run smoothly because we lack basic discipline. The teachers don't feel backed by the school board. And lastly, as I could go on, the mix of problems the school board has caused on this district will watch it get worse and worse.....look at some of these so called "parent committees" making

11857230887	Apr 02 2024	C	4 day school weeks would be awesome.

I don't believe a 4 day week is best for young learners. As a teacher, I would have loved a 3 day weekend but I don't think it would be best for young learners, K-3. I think it would be tough to cover all the required course material in just 4 days even if the school day is from 8-4. K's & 1sts would be very tired during those last couple of hours. I know STEM Charter is very successful with the 4 day week, but they also are able to "weed out" students who have learning or behavior difficulties. I know that they counseled out several students in the class where I volunteered. They were then enrolled in Lakeland SD. How can you get the children's abilities up (especially math) going to a 4 day week.

11857232514 Apr 02 2024 C Continue improving school buildings, replacing damaged/broken items, supporting students and putting them first, always! We love our school district! Keep up the good work

11857230715 Apr 02 2024 C I would like to see a plan from the district how they could implement 4 day school week and maintain the same education or better.

11857230414 Apr 02 2024 C Back to teaching the basics that made this nation great. If a 4 day week equates to the same hours as 5, why would facility funds be in jeopardy. Seems like if other school districts are doing this then something is off. Who is lobbying to correct this? How are the other districts able to do this without the funding support.

11857228738 Apr 02 2024 C Try not to let people who hate public education run the school board!

11857228158 Apr 02 2024 C Teacher retention

11857228029 Apr 02 2024 C I would love to see a 4 day week and a better online option next year.

11857227493 Apr 02 2024 C Newer schools. And programs so all kids can learn. The 4 day school week would be fine but with 20% less output from the faculty (ALL of the Faculty) then an appropriate wage reduction would be a great relief to the tax payers.

11857226392 Apr 02 2024 C A laser focus on teaching fundamentals, reading, writing, math and critical thinking skills.

11857207218 Apr 02 2024 C to accommodate the amount of people moving into our area. Stop sending stupid surveys like this. You circle jerkers will do what you want anyway. Our kids suffer while you line your pockets. How do

11857203982 Apr 02 2024 C you even sleep at night? No student goes hungry and every student feels safe in school. Also

11857196461 Apr 02 2024 C every student gets the best education in the state.

11857194625 Apr 02 2024 C If sports will still run 5 days a week and 4 days a week would increase the hours at school and make kids cram even more for testing I am not sure it is a good idea. Would Ktech also run 4 days a week? I feel like we need more information to make a good decision

11857193863 Apr 02 2024 1 14 day school week

11857192070 Apr 02 2024 1 Bullies effectively dealt with and fewer kids leaving for charter schools. Educating kids so we can compete with China. As they move go longer school days, we have early release and are moving to 4 days a week. It is a mistake.

11857181966 Apr 01 2024 C Sports, Art, band, science projects. Hand writing skills. A new high school that isn't along one of the busiest highways in town and competing with the Jr High traffic also. But my kid won't be in school by the time that happened, so I wouldn't want to influence any residents that may be impacted by the extra cost of that. Figure out how to get money from the extensive developers and new housing.

11857181513 Apr 01 2024 C More opportunities for our children More support for teachers. A board who doesn't have a hidden agenda and isn't supported by political groups who don't support public education and want to make decisions based on their interests.

11857179591 Apr 01 2024 C it!

11857179562 Apr 01 2024 C Upgraded schools
For the Lakeland School District, I would like to see more positive relationships with the community. I would like to see more patron support (bonds and levies). I would like to see us regain the trust we once had when it comes to library books, curriculum, and other learning resources. And by that, I don't mean kowtowing to a couple squeaky wheels that want to control the experiences of all children. I would like to see a board that 100% supports the mental health of our students. I would like to see a sex Ed curriculum in high school that actually educates about sex and how our kids can protect themselves emotionally AND physically. Finally, I would like our district to be in line with the scheduling of our surrounding districts. It only makes

11857179477 Apr 01 2024 C sense.

11857179423 Apr 01 2024 C A new high school.

11857179386 Apr 01 2024 C Nothing
The special needs programs expanded but i love this school district

11857179306 Apr 01 2024 C and Garwood is next level amazing

11857179212 Apr 01 2024 C Better wages for all staff
Encourage high school teachers to trade some of the "sit and get" time for more cooperative, hands on, authentic experiences in the classroom.
Focus more on the kids who don't want to go to college (college is great, but so are the trades). How can we keep them interested and invested in school to graduate?
I know that many students are listed as "unenrolled", rather than

11857179175 Apr 01 2024 C dropped out. How can we help them succeed?

11857179121 Apr 01 2024 C 4 day school week

For Lakeland to do what's best for the students by keeping them in a safe space with food and caring adults for five days a week rather than four. A four day school week is not in the best interest of the children. Instead it's a political interest that will only degrade our strong performing district.

11857179040 Apr 01 2024 C performing district.

11857179069 Apr 01 2024 C Concentrate on fundamentals before going on to fancy things

11857178847 Apr 01 2024 C Community involvement
Continued dedication to the best of the students and the desires of the parents/guardians .

11857178719 Apr 01 2024 C parents/guardians .
Lakeland School District does great. As I already stated, I would love to see continual growth in the special needs program.

11857178600 Apr 01 2024 C to see continual growth in the special needs program.
Not qualified to say as my children and grandchildren in this district have all graduated.

11857178494 Apr 01 2024 C have all graduated.
I would like to see my last child graduate from this district while maintaining QUALITY teachers. I do not see that happening if the surrounding districts go to a 4-day week. Also, adding the "potential legislation" detail in this survey makes it obvious you are trying to sway opinions in a certain direction. This legislation has not passed and very well may not. Please work on your survey bias.

11857177959 Apr 01 2024 C Stop over spending. I'm tired of higher and higher levies

11857177933 Apr 01 2024 C Variety in extra curriculars

11857177914 Apr 01 2024 C Keep 5 day school weeks.
I would love to see the 4-day school week put into place for the lakeland school district.

11857177898 Apr 01 2024 C lakeland school district.

11857177811 Apr 01 2024 C Updated facilities

11857177608 Apr 01 2024 C A five day school week
Adding onto Timberlake middle school providing more classrooms and gym space

11857177515 Apr 01 2024 C gym space

11857177305 Apr 01 2024 C New AD at middle school; funding sports better so the kids don't have to fundraise literally year round; pay coaches

11857177059 Apr 01 2024 C More community involvement to want to benefit the future of the students

11857177049 Apr 01 2024 C With the growth on the Rathdrum prairie and lack of funding I feel it would be beneficial to split the Lakeland district. Allowing Timberlake schools to have their own district I believe would greatly ease the burden of lack of funding and issues with our levies passing. I also would like more transparency showing where funds are being allocated to district wide.

11857177033 Apr 01 2024 C Build an additional gym at the high school and the middle school. Gym space is a major problem.

11857176931 Apr 01 2024 C Inspiring educators excited about preparing young people for the challenging future ahead

11857176963 Apr 01 2024 C I would love to see a new elementary school and high school for the Lakeland School district. I would also love to see more parental involvement in all aspects. I would love to no longer see you threatened zone changes for the elementary schools, New elementary school opened. Improvement on facilities.

11857176863 Apr 01 2024 C Higher retention of quality teachers

11857176849 Apr 01 2024 C Armed guards in all schools that stay at the school

11857176810 Apr 01 2024 C Ranking better than we do for education
Long term plan for buildings!!

11857176835 Apr 01 2024 C More support towards our sports programs at all ages.

11857176829 Apr 01 2024 C Continued to progress with educational success
Less discrimination, harsher consequences for hate and bullying. Less control by school board member's decisions on what is best for all children, not just their own. Less religion based decisions.
Less emphasis on sports and sport related expenses.

11857176586 Apr 01 2024 C More attention to our aging facilities.

11857176580 Apr 01 2024 C An entire new school board built of old locals.
More openness and transparency

11857176502 Apr 01 2024 C

11857176514 Apr 01 2024 C More attn to your policies already in place and follow through.

11857176430 Apr 01 2024 C A new high school and updated facility for the remaining schools.
No answer at this time. We have been very happy in this district and

11857176303 Apr 01 2024 C grateful that our kids are here!

11857176315 Apr 01 2024 C 5 day school schedule
Keep up the good work

11857176239 Apr 01 2024 C

11857176076 Apr 01 2024 C New high school in Rathdrum

11857175992 Apr 01 2024 C Nothing
In regards to the previous question, I would like to know what "special

11857175901 Apr 01 2024 C facilities funding" goes toward.
Back to basics. No need for gold stars for everyone. Reward those that really Excel in areas of development. Get the teachers back to work and make sure they are doing their job. But pay reward those teachers that excel teaching. Build a great teacher team. Either manage the bad teachers to perform accordingly or manage them out

11857175911 Apr 01 2024 C of the district.

11857175858 Apr 01 2024 C Preparing our young people for a productive and responsible life

11857175867 Apr 01 2024 C Move to a 4 day week!
Whether 4 or 5 days a week, the most important thing is that teachers are using their time wisely and teaching with intent and purpose from

11857175783 Apr 01 2024 C bell to bell.
Reasonable class sizes, better pay and appreciation for teachers, more educational field trip opportunities, maintain the importance of

11857175742 Apr 01 2024 C band, art, drama, as well as sports.
Raises for staff and a school board that actually cares about staff and the success of students rather than discouraging votes in favor of

11857175672 Apr 01 2024 C levies and bonds.

11857175664 Apr 01 2024 C Make non-woke education and fiduciary responsibility a priority
Less support of a far right minority and more support of the majority of the patrons that just want what is best for all kids in our community. When you feed the bears, they keep coming back. Stop placating the craziest members of the community and just make sure the buildings are safe, warm and filled with great teachers and support staff. That is

11857175563 Apr 01 2024 C the job of a school district, period.

11857175520 Apr 01 2024 C Building updates

11857175473 Apr 01 2024 C A highway bypass for the safety of our students.
I would like to see a 4 day school week moving forward. It's nicer for families, and would help with attendance. Students could plan appointments for the day off. Especially with so many districts moving to this model, I also feel we might lose quality staff to other districts if we don't move to this.

11857175399 Apr 01 2024 C Separate schools for handicapped students, new or upgraded buildings.

11857175183 Apr 01 2024 C A magnet school!

11857174877 Apr 01 2024 C Continue to provide a quality education and maintain tradition.

11857174818 Apr 01 2024 C 5 day school weeks

11857174783 Apr 01 2024 C More before/after school care availability.
Continue to be the great schools you are. Don't ever change the direction and values you've stood for over the years. When the pressure is on to cave to new and not-improved curriculum and policies, don't do it!!

11857174391 Apr 01 2024 C More schools to prevent overcrowding.

11857174182 Apr 01 2024 C More open financial accountability

11857174139 Apr 01 2024 C A badly needed new high school

11857173847 Apr 01 2024 C All is great
We need more bus drivers so that we can bring back the old schedules. There is not enough time for the kids to eat, especially in the middle school and highschool.

11857173772 Apr 01 2024 C Continue to grow and adapt

11857173739 Apr 01 2024 C Better soccer program
We need to updated some of our buildings, they are getting quite old and run down.

11857173753 Apr 01 2024 C Quality teachers & effective mental health options for at risk kids.

11857173704 Apr 01 2024 C More field trips

11857173696 Apr 01 2024 C Higher teacher wages.
A board open and willing to listen to opposing viewpoints. A board that isn't arrogant and smug that actually cares for students.

11857173661 Apr 01 2024 C

11857173607 Apr 01 2024 C

11857173528 Apr 01 2024 C

11857173334 Apr 01 2024 C A new highschool

11857173224 Apr 01 2024 C NO COMMENT

11857173048 Apr 01 2024 C Fewer feuds between the district and the board.
Stop praising the football team unless you are going to praise all the other sports too. Smaller clubs need funding too. High school teachers should care about the education these kids are half way getting. Are we really preparing them for life? Not hardly. We need to teach them to have morals and not bully each other. Life skills need to be taught

11857173000 Apr 01 2024 C too. We all need to be better. It's not happening at home.

11857173005 Apr 01 2024 C I would like to see the school be a phone free zone.
Better facilities and more opportunities for gifted kids at the jr high and

11857173021 Apr 01 2024 C high school levels

11857172974 Apr 01 2024 C Trust

11857172958 Apr 01 2024 C Not sure

11857172926 Apr 01 2024 C Building, infrastructure, and amenity improvements.

11857172859 Apr 01 2024 C More respect towards family's
The high school doesn't feel as well-rounded as it used to. There is a big focus on athletics. I would like to see more opportunities for

11857172798 Apr 01 2024 C students not interested in sports.
Continued traditional education

11857172807 Apr 01 2024 C We appreciate the clear communication and calendar of the district.

11857172555 Apr 01 2024 C Transparency in how money is allocated and spent.

11857172572 Apr 01 2024 C No 4 day week. It doesn't help children or the families involved.

11857172497 Apr 01 2024 C New HS, MS and another elem.
Continued gig quality education and prepare for future growth possible

11857171990 Apr 01 2024 C more middle and high school options

11857171575 Apr 01 2024 C Change in the Board.

11857171465 Apr 01 2024 C New buildings. The buildings are old.
To be the only school district that does not go into a 4 day a week.

11857171210 Apr 01 2024 C Most jobs are 5 days a week your setting up our children to be lazy.

			Better communication between middle and high school sports in preparation of athletes and distribution of equipment. If high school gets new equipment middle school or other schools in district would be notified old equipment was available.
11857171257	Apr 01 2024	C	Better allocation of funds between Lakeland and Timberlake. Ability to maintain good education with the influx of people moving into
11857171155	Apr 01 2024	C	the district.
11857171046	Apr 01 2024	C	4 days
11857170787	Apr 01 2024	C	Smart, critically thinking graduates
11857170802	Apr 01 2024	C	Continuing to improve facilities and building new schools Later start times. Read the studies on teenagers and the importance of sleep. Later start times will accommodate the ever important
11857170025	Apr 01 2024	C	teenage sleep I feel a four day schedule would be beneficial for students and
11857170073	Apr 01 2024	C	teachers. More transparency. School boards and special councils/committees should not be determining anything without parents being notified and
11857169933	Apr 01 2024	C	the parents approval/disapproval also . A new Highschool built and the middle school to move to the
11857169840	Apr 01 2024	C	highschool. Continued success for all students, improved budgeting skills to

			Again, new schools are a must to deal with old buildings and the growth of our town. Classroom teachers need more help with dealing with behavior issues so they can teach while also addressing the
11857167118	Apr 01 2024	C	things that go on.
11857166679	Apr 01 2024	C	N/A

11857165764 Apr 01 2024 C A 4 day school week to be on the same schedule with kiddos in neighboring districts.

11857165587 Apr 01 2024 C 4 day school week!

11857164742 Apr 01 2024 C Possibly newer schools (elementary, jr high, and high school) along with elementary outdoor equipment.

11857164653 Apr 01 2024 C Base for all the schools. Also base on Fridays if school goes to 4 days. New play equipment for elementary schools.

11857164155 Apr 01 2024 C Nothing

11857163307 Apr 01 2024 C Children are not robots and need more time and space for interaction and socialization. They do not carry jackets/in winter or bad weather because they are stuck with them for a whole day carrying it around. I wish pay was better for our teachers.

11857162884 Apr 01 2024 C I would love if the schools were not on main Street in town. The traffic is horrendous when doing drop off or when the kids are released. As the rathdrum population grows this will have to be addressed in the future

11857162294 Apr 01 2024 C Safe schools that prepare students for their futures, including rigorous academic instruction and also career preparation.

11857162030 Apr 01 2024 C Better teachers, better management of school district and school monies. Hold teachers more accountable through a yearly parental board review.

11857161622 Apr 01 2024 C To keep doing what it's doing!

11857161537 Apr 01 2024 C Transparency

11857161564 Apr 01 2024 C Building updates or new schools

11857161288 Apr 01 2024 C More athletic or extracurricular choices for kids

11857161236 Apr 01 2024 C Continue to uphold the conservative values the community has. I think the district is doing a great job of this currently and I'm sure it will get more challenging every year. It's so important! Please continue!

11857161093 Apr 01 2024 C I would also love to see our community support our levies and a bond for a new school if needed!

11857160108 Apr 01 2024 1 A new high school

11857159895 Apr 01 2024 1 I like 4 day option

11857159895 Apr 01 2024 1 Im all in favor of 4 day week

11857159538 Apr 01 2024 1 That they listen and respond to the communities needs and wants

11857159518 Apr 01 2024 1 Decisions made by competent professional educators.
No more levies, especially if the district is getting another 20 million on top of the last levy, the levy monies should be refunded to tax payers if

11857159277 Apr 01 2024 1 the dist gets 20 million more.
More of the same quality education you've been doing, great sports

11857159193 Apr 01 2024 1 programs, continuing integrity and personal responsibility training
Stay conservative and work to keep #1 ranking in North Idaho for high

11857158784 Apr 01 2024 1 schools!!
4 days a week, better staffing and support for the teachers. Better nursing staff... when a child has a doctors note they should not be graded less for what they cannot do due to injury or post surgery. Mr.

11857158455 Apr 01 2024 1 Schroeder is unkind and unwilling to work with students.
Small class sizes, strong support for teachers, adequate funding from

11857158394 Apr 01 2024 1 the state.
District must be more involvement in getting the word out to VOTE.
This last school levy vote proved this. New people moving here are unaware of the Idaho school levy process. A non biased remind to

11857158374 Apr 01 2024 1 vote can be appreciated on all sides.

11857157864 Apr 01 2024 1 I would like to see a 4 day school week.

11857157544 Apr 01 2024 1 Less sports, more education

11857157219 Apr 01 2024 1 New facilities
I would be totally in favor of a four day work week. But what is best for

11857156449 Apr 01 2024 1 the students?

11857155921 Apr 01 2024 1 Continue to improve old buildings, keep reaching out to the community

Our community is growing, have we looked into building schools/adding on to help with this? If so why is this information not shared? Lots of communities in our district and not enough communication, many roomers go around and frustration in not being consistent or following thru with the plans at hand. It's always stated before meetings that we start and end on time to respect others time but then the agenda changes from what is advertised without informing the community. Some of us parents make arrangements to attend some meetings when there topics we want to give input on and its hard to do when you attend a meeting and that topic is not

11857155860 Apr 01 2024 1 discussed when it was on the agenda.
 Absolutely no 4 day school week. I'll pull my kids out of your school

11857155429 Apr 01 2024 1 and enroll them in a charter school.

11857154963 Apr 01 2024 1 transparency

11857153721 Apr 01 2024 1 5 day in person school

11857153530 Apr 01 2024 1 5 day school week stay
 Better education on planning for the future for the students. I.e taxes,

11857152809 Apr 01 2024 1 retirement accounts, money management etc.

11857152750 Apr 01 2024 1 New high school

11857152560 Apr 01 2024 1 More spending on students not administration.

11857151911 Apr 01 2024 1 I'm not sure at this time.
 I would like to see the schools continue to support mental health programs, and behavioral support because children do not function the way they did 20 years ago, and parents are not holding their own

11857151711 Apr 01 2024 1 children accountable for their behavior.

11857151658 Apr 01 2024 1 Pay the teachers what they are worth and educate the kids well.
 I am disappointed every time a levy comes around how little Lakeland does to promote it. As a business owner I would help pay for the advertising of a levy because it is important. Too many in our community don't understand where the money for education comes from in Idaho. I stand with the educators in Lakeland but am

11857151075 Apr 01 2024 1 disappointed that they are so poorly compensated.
 Emotional support for the kids. Social and emotional skills need to be

11857150663 Apr 01 2024 1 taught in schools. Helps to eliminate bullies and other other issues.

11857150236	Apr 01 2024	1	Start times closer to one another for elementary school and middle school
11857150105	Apr 01 2024	1	Honestly, I'd support growth of new schools if they were better designed to be built up instead of out to better support future growth.
11857149234	Apr 01 2024	1	NA
11857149151	Apr 01 2024	1	Better maintenance of our schools and better ventilation systems. A new high school or middle school. If a new high school could be built, LMS could move to the current high school which would give the middle school more room, which is desperately needed, as well as
11857148902	Apr 01 2024	1	giving Technology a better space to have their department. New high school. Make current high school the middle school. Sell old middle school land to a big developer to bring in a large business to
11857148668	Apr 01 2024	1	help with taxes. Support sports. Upgrade facilities and equipment
11857148560	Apr 01 2024	1	Another school for crowded rooms I would love to see a 4 day school week, we've been in a school who
11857148456	Apr 01 2024	1	had this and it was a great benefit for families and students!
11857148037	Apr 01 2024	1	Splitting the district. Make Timberlake and Lakeland separate districts. Better staff that don't abuse the children and disrespect the parents
11857147734	Apr 01 2024	1	and have complete disregard for the parents wishes
11857145573	Apr 01 2024	C	The middle school is full, and we need a new high school. Opportunities to increase our salary beyond the 2% per year Converting to a 4 day work week to avoid moving districts
11857145344	Apr 01 2024	C	
11857145190	Apr 01 2024	C	I would like to see consistency with both staffing and curriculum. Schools that can accommodate the growth of the area. New high
11857144519	Apr 01 2024	C	school and middle school. Smarter kids who do go for our City, state, county etc. Breathe life into
11857144023	Apr 01 2024	C	these kids and make them feel like they matter and can do good. I would support a school district that actually cares about ALL students
11857144025	Apr 01 2024	C	and not just the popular kids, athletes, and bullies
11857143460	Apr 01 2024	C	A 4 day school week to help school attendance. I would like to see more sports facilities being built to help hold our
11857143373	Apr 01 2024	C	several athletes. Example: A track at LMS.
11857143156	Apr 01 2024	C	A 4 day school day to help improve school attendance and academics.

I love that we take community input but also want to see us constructively analyze that feedback as professionals. Our district leadership, teachers and school board need to take feedback in and then process how that looks as a whole and the impacts it has. We need to value voice that comes with experience and invested time in the educational setting. We must meet people where they are but that does not mean changing something for the good of a few not the good of the whole.

11857142753 Apr 01 2024 C of the whole.

11857142671 Apr 01 2024 C Start building new schools

11857142498 Apr 01 2024 C A board that supported teachers as well as the community. To lead the way in structure and student expectations. A Lakeland degree should signify a rigorous education that turns out well rounded and intelligent students. Education is slipping across the board since Covid. Let's regain excellence.

11857142097 Apr 01 2024 C Covid. Let's regain excellence.

11857141933 Apr 01 2024 C I would like to see new buildings and facilities updates. Continue to teach real history and try to do some cost cutting on the next bond or it may not pass. We as a community don't always want to shoulder the whole burden as we also have to deal with inflation. There are many more people moving here and many are retired and have no children in public schools. This influx of tax payers who are paying in and at the same time have no children using the bond money for trips, supplies etc should more than cover your needs if you maybe trim your budget a little like taxpayers have had to do.

11857141596 Apr 01 2024 C maybe trim your budget a little like taxpayers have had to do. New middle school, updated high school, more choice for students: classes, electives, sports, clubs...

11857141410 Apr 01 2024 C classes, electives, sports, clubs...

11857141499 Apr 01 2024 C 4-day school week More middle and high schools so class size stays small due to increased population, more bus drivers- increase bus drivers wages

11857139848 Apr 01 2024 C increased population, more bus drivers- increase bus drivers wages

11857139089 Apr 01 2024 C More funding, but I understand it is at the state legislature level.

11857138855 Apr 01 2024 C Bring drivers education back.

Question #4 is very invalid. Are we only considering a 4 day week because of neighbors? Provide more information. What is the impact of a 4 day week on academics? finances? student attendance? teacher retention? What is the experience of North Idaho STEM? Post Falls? If there is a 4 day week would there be additional options for day care? etc.

11857137320 Apr 01 2024 C Younger age group before and after school programs. Go back to a 1990 curriculum. They actually prepared children for reality. A 4 day work week is a horrible idea. Who is supposed to watch the children on the fifth day if both parents need to work? No 4 day a week school week also some after school programs that can be paid for by parents

11857115867 Apr 01 2024 1 New high school

11857111250 Mar 31 2024 (More parent involvement Better support for students with physical disabilities. I understand that a lot of the funds for special education are spent on students with learning disabilities and attention deficit disorders. Please also actively consider students who have physical disabilities.

11857109055 Mar 31 2024 (Producing educated kids that can be productive citizens! A focus on ACADEMICS. Stop trying to be heroes, stop trying to take over other areas of child development/care.

11857109000 Mar 31 2024 (Fiscal responsibility, the board choose to not run a facility levy yet continued to spend money as if the levy was in place. Now we are running a deficit that will effect our districts ability to remain competitive with wages and building upkeep compared to schools around us.

11857108981 Mar 31 2024 (Transparent spending. Follow-up in communicating spending of the listed items from advertisements supporting each passed bonds/levies. Great that you are fixing up the middle school. How long will John Brown be left to rott away? The landscaping, the soffit, etc. Where is the pride???

11857108874 Mar 31 2024 (Thank you.

11857108637 Mar 31 2024 (Updated schools

11857108570	Mar 31 2024	(100% on board for 4-day! That would promote more family time and the entire community would benefit. Seems like kids would be happier and healthier!
11857108121	Mar 31 2024	(Expansion and upgrades to our schools I adamantly oppose a 4 day school week. I chose Lakeland because of their reputation of being the best option in the area with regards to education. To be honest things started well but I have been disappointed with the level of education provided to my child the past few years. I feel like they already have so many days they aren't in school and missed opportunities, that I feel like their education with further decline by shortening the school week. My plan is for both of my children to complete their schooling in the Lakeland school district and I have another one beginning elementary in a year. I am hopeful but also extremely apprehensive with all of the rumors and discussions happening behind closed door. You earn my respect with

With the lack of before, and after school education, it's already extremely difficult for working families to figure out childcare. Going to a four-day school week would make this more difficult, considering not having any opportunity for childcare on this fifth day of school. I strongly disagree with this decision as it would greatly impact choice to

I feel personally, that the 4 day school week will contribute a large improvement to all people who get the privileges of them. I would love to see more focus on students that need help: I, a student, have many friends who need the help or adjustments from teacher to aid them in their education that simply do not provide the help they need. I have even heard the principal during an assembly speak on low GPA students, something along these lines were said, 'those who do not plan to graduate with a < 2.0 GPA can graduate somewhere else, we do not need them,' this concerns me as not only are the staff not willing to give the time and effort to help struggling students, but they are also kicking them to the wind for help elsewhere. I would like to mention that I have absolutely nothing against our principal, he is a man with reasonable expectations on his student body, as well as having very good character (in my opinion). The school can be a little backwards at times, and the teaching staff can be a little burnt out at times, however I feel that the school is heading in the right direction.
