
RECOGNITION OF STUDENTS, STAFF AND COMMUNITY

POLICY ISSUE/SITUATION

Tonight, the Board recognizes the following individual for her outstanding achievements and contributions to the Beaverton School District and the community.

BACKGROUND INFORMATION:

Oregon Transportation Supervisor of the Year Award – Jane Langlois

The Oregon Pupil Transportation Association (OPTA) recently named Jane Langlois, Administrator for Transportation, the Oregon Transportation Supervisor of the Year.

The award was established to recognize individuals for their outstanding contribution to student transportation and who possess the leadership qualities of safety, integrity, attitude, and cooperation.

As stated in her nomination; “You will find Jane reaching out or taking on endeavors that enhance District operations and contribute to the success of the District in its “College and Career Readiness” strategies, including serving on the Sustainability Committee, customer service improvement objectives, school bus emission reduction programs. You will also find Jane calling voters to encourage votes on ballot measures.

She is quick with a pat on the back in recognizing staff and department achievements, and all who work with her can count on her open door involvement with department and staff matters. Jane walks the walk, talks the talk and does so with flair and a sense of humor.”

The Beaverton School District Transportation Department was also awarded the Jack Speer Training Award/Grant, which is designed to benefit the training of drivers, support staff, mechanics/technicians, or supervisors, which will be used to develop a video training tool.

Congratulations, Jane.

New Volunteer logo and presence – Beaverton School District website

The Beaverton School District Volunteer Program has a new look. The new logo is featured on the main District web page, and links potential volunteers to a step-by-step process for finding the school or program that is right for them. This redesigned site also has an area to post school and District requests.

With more than 39,000 students in 51 schools, there are many ways a volunteer can help. Volunteers can help tutor or mentor a student, assist in the library or cafeteria, help with school beautification projects, judge a science fair, help coach a team and much more.

RECOMMENDATION:

It is recommended that the School Board recognize Jane Langlois for her contributions to the School District.
