Subject: January Board Report

Institute Day

On January 6, 2025 we held our final institute day of the school year. I want to thank the following individuals who helped make this day a success: Jennifer Hamiti, Dana Becker, Andres Torres, Brad Dorrick, Matt Shanahan, Matt Williams, Matt Wikoff, Phil Pakowski, and Jim Kelly. Also, congratulations goes out to the first place team in our team building activity: Jon Monti, Josh Bell, Julia Riedmaier, Julie Creagh, Julie Ziel, Karen Styrna, Kathy Kipp, Katie Cassidy, Katie Rahn, Kayla Rubino, and Kelly Cash. Finally, if you would like to view our staff photo from this day, please click [HERE](#).

Evaluations

Department Chairs and Administration continuously share strengths and possible areas for improvement for all staff during the first semester. Evaluations of tenured and non-tenured staff continues into the second semester. Domain 4 (Professional Responsibilities) and Summative Rating meetings will take place through mid-February. By the end of February, we hope to have initial staffing numbers for the 2025-2026 school year.

Administrative evaluations for my team have been continuous throughout the school year. Initial goal meetings and review/update on goal meetings have taken place in August, October, and January. A summative meeting will be held with each administrator in March.

Annual Red Out Game

Our Junior Class Committee is working with the American Heart Association as part of their annual Red Out Game Fundraiser. You can join us at the **RED OUT GAME** on Friday, February 14th to show your support for the AHA's mission to bring awareness to the importance of Heart Health, Stroke Awareness, and Hands Only CPR training. They are once again [selling red out shirts](#) that you can wear throughout the month of February to show your support for Heart Health. All proceeds will go to the American Heart Association. Come cheer on our Boys Basketball team as well! There are several fun activities planned that evening.
