Subject: Letter 3-8-2013

Dr. Tenbusch:

On March 12th I requested that the Board engage the school Attorney to investigate and identify the individual(s) responsible for a breach of confidentiality, as stated in my letter dated March 8th 2013. It has been explained to me that this request would require a Board resolution. I am requesting a resolution be prepared and placed on the agenda for Tuesday's meeting for Board action. If Attorney Delaney has not been engaged I would suggest you and a Board member investigate the matter. The findings to be reported to the Board at the next regular meeting.

An Open Letter to the Clio Area School District Board of Education, to be read in open session at the next regular Board meeting.

Clio Area School Board Members:

This letter is a formal request to conduct an investigation concerning making public a confidential Board communication to a former district employee. The information in the communication contained procedural questions regarding personnel matters meant only for the Board and administration.

I believe that providing this confidential communication, along with misinformation, to a former district employee was intentional, meant to cause conflict between the Board and staff, malign my reputation, and interfere with the smooth operation of the Board.

I ask the Board to request our attorney to investigate and identify the individual(s) responsible for this breach in confidentiality. These findings would be reported back to the Board in open session at the next regular meeting of the Clio Area School District Board of Education.

Respectfully,

Bob Gaffney, Trustee
