San Elizario ISD 2026 Interim Data Growth and Performance

* The scale score cut points for High Did Not Meet GL and High Approaches GL for the 2025-26 Interim Assessment are based on the cut points for those Performance Levels on the 2025 STAAR.

The actual cut points for those 2 performance levels on the 2026 STAAR may be slightly different than the 2025 STAAR.

This Template uses the 2025 cut points as reasonable estimates of the ACTUAL scale score cut points for those 2 Performance Levels on the 2026 STAAR.

** STAAR Interim Assessment results include a **PREDICTED** STAAR performance level.

A PREDICTED Performance Level indicates the level the student is likely to achieve on the same grade/subject or course spring STAAR summative assessment.

TEA's prediction calculation is based on these assumptions:

- (1) the student continues on the same instructional path and maintains the same learning trajectory,
- (2) the student's motivation and test engagement remain the same, and
- (3) the student's exposure to the same or similar questions or tests remains limited.

TEA DOES NOT IDENTIFY HIGH DID NOT MEET GL OR HIGH APPROACHES GL AS PREDICTED PERFORMANCE LEVELS.

TO ASSIST USERS IN EVALUATING GROWTH BASED ON INTERIM ASSESSMENTS, THIS TEMPLATE ESTIMATES THE SCALE SCORE CUT POINTS FOR HIGH DID NOT MEET GL AND HIGH APPROACHES GL.
