GMR School District Investments for Student and Community Use

GMR School District Investments for Student and Community Use

For the past several years there has been on-going developments and significant accomplishments within five key areas in the GMR School District:

1) Curriculum, Instruction and Assessment;

eg: Elementary & High School curriculum cycle, Technology Initiative(s)

2) School - Community;

continue to have a good relationship(s) with the Community

- eg: Board acceptance of donations to school programs during each school board meeting, financial support of summer recreation programming, Board approval of City of Greenbush trail system.
- 3) Safety and Security;
 - eg: Access to school building, video cameras, phone system replaced, A.L.I.C.E. training.
- 4) Facilities;
 - eg: Industrial Tech. air filtering system, Gym Floor replacement,
- 5) Budget and Finance
 - eg: Budget reductions and successful operating referendum to remain financially solid while experiencing a declining enrollment pattern.

Major Demands on District's Limited Resources (FUNDS) to...

- Maintain Competitive Salaries
 - Attract qualified staff
 - Compete for staff in areas of shortage
- Student Programs and Offerings
- Efficient and Cost Effective Operations
- Have Cash Reserves available

How much fund balance is needed?

There is no absolute right answer as to how much a given district should have in its fund balance. A general guideline provided by financial auditors indicate a fund balance of 25% of the general education formula in the unreserved general fund.
 \$6,438 x 25% = \$1,609 x 301 [weighted] funding units (271 K-12 students = 301 weighted funding units) = \$484,459 would place the District in a solid financial position. This represents about 5 weeks of school district operations.

Each and Every Day tasked with...

 the resources available, the School and its employees will continue the Greenbush Middle River's primary mission to provide quality educational programs for Pre-K through 12th grade students and continue to guide the District to an even more impressive standard of excellence.

Mission Statement

The Mission of the Greenbush/Middle River School is to provide quality education which will prepare all students to meet success by developing self-directed thinkers who are productive, responsible, respectful, and accountable to themselves and others.

THE FINANCIAL CONDITION OF THE GREENBUSH MIDDLE RIVER SCHOOL DISTRICT

THE CURRENT 2019-2020 SCHOOL YEAR BUDGET

For the 2019-2020 school year, the budget deficit for the operating funds is estimated to be -\$335,391 to [-\$400,000]. Factors contributing to this school years operating deficit are as follows:

The State Demographer indicates: Among the most persistent problems facing greater Minnesota and rural America is a people shortage. Even as Minnesota's population has risen — it grew by nearly 400,000 since 2010, an increase of 7.5% — rural Minnesota hasn't shared in the gains.

From 2010 to 2018, the seven-county economic development region in Minnesota's northwest corner, which includes Roseau, suffered a 1.3% population decline, according to the U.S. Census Bureau. Roseau County has felt that even more acutely, losing population at more than double that rate.

The percentage of manufacturing workers 55 and older in Roseau County has more than doubled between 2008 and 2018, meaning almost one in three manufacturing workers here are 55 and older. And the problem will get worse before it gets better, as baby boomers continue to retire.

With that said, the parent option to open enroll their student(s) to neighboring schools after the [full] closure of the Middle River School has had an adverse impact on K-12 enrollment and therefore affecting state-aid or revenue generated by pupil count.

– The Problem –

- In 2019-2020 and beyond, Revenue will not be sufficient to maintain the current level of programs and services without deficit spending.
- Specifically, In its Unreserved General Fund, District #2683 is expected to deficit spend ~\$375,000 between anticipated revenues and expenditures for the 2019-2020 school/fiscal year. It is assumed this amount (*at minimum*) will be carried over into 2020-2021.

Challenge

 If the District is to stay out of a financial bind in the future, the school [Board] needs to address budget issues to stay ahead of a wave of [greater] potential problems.

Or, wait and see approach

II. Do not make any budget reductions... The 2020 Legislature may provide much needed revenue in the form of an additional state aid formula increase and / or special education increase. The MN Office of Management and Budget released a revised Budget Forecast on Feb. 27, 2020 indicating the State of MN has a \$1.513 billion dollar surplus. Increase (enhance) revenues

Increase fees

Seek to maximize revenue

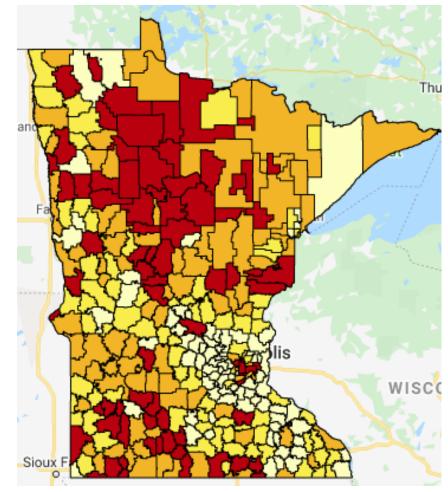

- eg: improve Free & Reduced lunch applications which affect (increase) the amount of revenue received for Title programming
- eg: Title IV funds NOT previously received or applied for.

Reduce expenditures

Seek to improve program efficiency in the areas of buildings & grounds, transportation, etc., etc.

GREENBUSH MIDDLE RIVER SCHOOL DISTRICT DEFICIT REDUCTION SUGGESTIONS

Directions: The Board of Education and the School Administration is soliciting suggestions for making expenditure reductions. Although the primary responsibility for the school budget rests with the Board and the Administration, soliciting suggestions from residents and employees will ensure that all reasonable deficit reduction measures have been considered.

When making a deficit reduction suggestion, please phrase your suggestion in terms of a single action. Do not make a broad generalization about the school program. These kinds of statements are difficult to convert into specific cost cutting measures. For example, if you believe that too much money is spent on student athletics, state which sport(s) the school district should delete rather than making a general statement. Another example, if you believe the school district has many frills, identify each item that you consider a frill.

Deadline: Please return this form to the district office, principals' office, or your immediate supervisor ASAP but no later than _____

1			
2.			

Note: Use the back of this form for the identification of more deficit reduction suggestions.

Identifying Respondent by Classification (optional): Some respondents may have more first-hand information regarding the possibility of reducing expenses for specific programs. For example, a bus driver may have more relevant information regarding the reduction of expenses for student transportation than a food service employee. Therefore, please identify yourself by placing a check next to the most appropriate group:

Local Operating Referendum

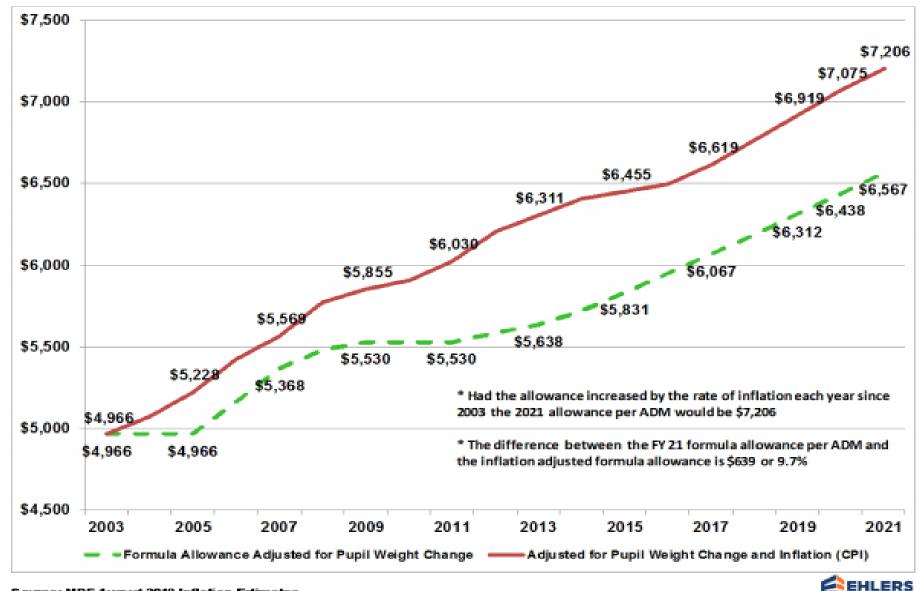

A local school tax called a "referendum" or "operating" levy or "excess" levy. Under MN law, school districts can ask voters to approve an operating levy to provide additional funding for operating local schools. If voters agree, the money comes from local property taxes.

The Legislature and Governor decide the maximum amount that districts can raise in this way.

TIMELINE FOR LEVY REFERENDUMS - NOVEMBER 3, 2020

- Have the board adopt the resolution calling the special election at least seventy-four (74) days prior to the election date (no later than August 21, 2020).
- Notify the Commissioner of Education and the County Auditor of each county, in which the school district is located in whole or in part, of the date of the special election and of the question(s) to be voted on at least seventy-four (74) days prior to the election date (no later than August 21, 2020).
- Coordinate the printing of the ballots for the special election and of the various absentee voting materials and have absentee ballots available at least forty-six (46) days prior to the date of the special election (no later than September 18, 2020).
- 4. Obtain from the County Auditor of each county, in which the school district is located in whole or in part, a list of each taxpayer in the district and mail the required referendum notice to each taxpayer at least fifteen (15) but no more than thirty (30) days prior to the date of the special election (no earlier than October 4, 2020 and no later than October 19, 2020).
- Submit a copy of the required referendum notice to the Commissioner of Education and to the County Auditor of each county in which the school district is located in whole or in part at least fifteen (15) days prior to the date of the special election (no later than October 19, 2020).
- Post the Notice of Special Election at the administrative offices of the district at least (10) days prior to the date of the special election (no later than Friday, October 23, 2020)
- Publish the Notice of Special Election in the official newspaper for two (2) consecutive weeks with the last publication being at least one (1) week prior to the date of the special election (October 20, 2020 is the last day for publication of the first notice and October 27, 2020 is the last day for publication of the second notice).
- Post the sample ballot at the administration offices of the district at least four (4) days before the date of the special election (no later than October 30, 2020) and post two sample ballots at each polling place on election day. The sample ballots shall not be printed on the same color paper as the official ballot.
- 9. Have the board canvass the results of the special election between November 6, 2020 and November 13, 2020 (between the 3rd and 10th day following the election) and notify the County Auditor of each county in which the school district is located in whole or in part of the results of the election.
- 10. Notify the Commissioner of Education of the results of the referendum revenue authorization election within fifteen (15) days (no later than November 18, 2020) after the results of the referendum have been certified by the school board or, in the case of a recount, after the results of the results of the recount have been certified by the canvassing board.

THE ABOVE TIMELINE IS BASED UPON MINNESOTA STATUTES 2019. FAILURE TO ABIDE BY THESE TIMELINES MAY RESULT IN A NEGATED ELECTION.
