FROM THE PRINCIPAL

Dear Parents and Community Members,

This annual report card issued by the Oregon Department of Education shows an overview of what Sheridan AllPrep Academy offers.

For the first year, our students took the SBAC. While our overall results were low, the reported scores were higher than expected. This was a common theme among many schools in Oregon this year. The information we received in the individual student reports will help us to tailor out students' education and focus on areas of need for each student.

Once again, many of our successes are not visible on this report card. We had a record 22 graduates, more than double the number

from the previous year. At least half of those students are not reflected in this report because they did not graduate with their cohort group. We serve many high risk students who had previously dropped out of school. For some of them, we are their last change to graduate from high school. Although we know we will not receive credit from the state for serving these students, they are the reason we exist. Our staff is passionate about helping *all* students succeed, even at the expense of a "good" state report card.

We would like to thank the families and students who are a part of our school. Their partnership and support is invaluable.

Thank you,

Principal | Jesse Eisenschmidt

STUDENTS

OVERALL SCHOOL RATING HOW ARE STUDENTS AT THIS SCHOOL PERFORMING COMPARED TO THOSE AT OTHER SCHOOLS?

The overall school rating is intended to summarize this school's particular successes and challenges. It is based on a combination of up to five factors. Three of these factors come from standardized test scores in reading and math: student achievement, student growth, and the growth of underserved subgroups. Please note that this rating is based mainly on high-stakes testing and, accordingly, doesn't represent a complete view of your school's performance. Other aspects of this report card are designed to put this rating in the proper context.

The U. S. Department of Education has given the State of Oregon approval to temporarily suspend the assignment of school ratings during the transition from the Oregon Assessment of Knowledge and Skills (OAKS) to the new college and career readiness assessments. Schools will not receive an overall school rating on this report card, and will receive a new overall school rating on the 2015-16 school report cards.
