

**Resolution to transfer equipment between  
the Tupelo Public School District and the North Panola School District**

The Tupelo School District has found and determined that certain property is no longer needed for school district or related purposes and is not to be used in the operation of the schools of the district. The board has deemed this equipment surplus property and to be removed from the district inventory. The school board feels it is in the best interest of the school district to donate/transfer the equipment listed below to the North Panola School District instead of selling by public auction. Therefore, the Tupelo School District will enter into a private treaty with the North Panola School District, a local governing authority, to donate/transfer the following items:
