Targeted Improvement Plan (TIP) for Tison Middle School

### **Background Information**

The Texas Education Agency has identified Tison Middle School as a Comprehensive Support and Improvement (CSI) campus under the A–F Accountability System due to overall performance results. Federal and state law require that campuses receiving the CSI designation develop a Targeted Improvement Plan (TIP) that addresses the areas of low performance, outlines strategies for increasing student achievement, and establishes measurable goals for student growth and closing achievement gaps.

The plan for Tison Middle School has been developed by the campus leadership team in collaboration with district staff and stakeholders. It includes a review of performance data, identification of priority focus areas, and the development of specific strategies to improve teaching and learning. Key elements of the plan focus on strengthening core instruction, providing targeted professional development for teachers, implementing evidence-based interventions for students not meeting grade-level standards, and regularly monitoring student progress with adjustments as needed.

The TIP also outlines measurable goals tied directly to the A–F Accountability domains, with particular attention to student groups included in the Closing the Gaps domain. Progress monitoring will occur at the campus and district levels, with quarterly updates provided to the Board of Trustees. Parent and community engagement are also built into the plan to ensure transparency and shared responsibility for student success.
