RE: Enrollment Update

The district continues to monitor student enrollment for the 2025-2026 school year compared to the current school year. This update provides a snapshot of where we stand today in preparation for next year. As a district, our principals and staff continue to reach out to prospective families as part of a broader communications and outreach effort to enroll families.

As of March 28, 2025, student enrollment for the 2025–2026 school year is down by 42 students compared to last year. This includes a significant decrease of 87 fewer kindergarteners enrolled compared to March 22, 2024.
