GLENDALE COLONY SCHOOL

Glendale Colony is a nice place to teach. I have been spoiled with lunch, homemade buns for my family, vegetables, and honey. The people here are truly generous and kind. The students have a routine that is amazing. I am very impressed. Cindy Show has left her mark. By the way, please thank Roy Crawford Jr. The students love their iPads. They work on SplashLearn and Epic with a fevered goal to learn. My most repeated word is "Vose?". I ask the students "What?" all the time. They are trying to teach me German words. LOL

BIG SKY COLONY SCHOOL

Submitted by: Jackie Racine

The new school year has started off great for the students and teachers at Big Sky Elementary. We started the year reviewing the rules and routines of our school and getting to know our new teacher, Audrey Matthews. The students jumped into their work where they left off last year and are easing into the school year. For our back to school art project, we made window decorations out of coffee filters and washable markers then sprayed them with water to spread the colors around. We are looking forward to continue learning and establishing our routines and make this year super successful!
