Re: Stevenson High School Practice Field Project

I would like an opportunity to share with the Board of Education information on the Stevenson High School Practice Field Project. This topic was originally mentioned to the Board at the Study Session of August 6, 2018. The Stevenson Practice Field Project will give Stevenson High School an additional area to use and help alleviate practice facility conflicts. The scope of work includes tilling and grading the open field (60 yards x 120 yards) directly east of the baseball diamond, adding top dressing, drainage, irrigation and hydroseed. The bid opening for this Sinking Fund project occurred on the afternoon of Thursday, June 28, 2018.

Please add this request to the agenda of the Monday, August 13, 2018, Committee of the Whole Meeting.
