Subject: School Board

Ms Guerra, I George Rice, would like to speak before the ECISD School Board, on a couple of topics, mainly the 4 Members that voted against the Sex classes in School. And "Democracy in America" by Alexis deTougville. (last name may be spelled wrong) I feel at this time, it is time to let the Board know, that I am not just walking around talking thru my hat. That I am well read, and the Knowledge that I claim to have is not off handed.
