

Fulcrum Consulting, Inc
Fiber Optic Locate Services for Denton Independent School District
RFP 160329

FCI proposes to furnish DISD with all necessary personnel, material, insurance requirements and equipment to provide full field locating services on the DISD fiber optic network. FCI will now be responsible for all cable locates for the network under DISD authority to include the 97 pre-existing miles, the 11 miles of the Argyle Loop, and the 1.6 miles of LCAC feeder. It is understood that FCI shall receive all locate requests from TESS into a central location and dispatch them to FCI locate personnel on a daily, almost real time basis. After hours and emergency locates will be dispatched directly to FCI personnel through TESS channels. FCI's responsibility will be to take locate requests and use electronic locate equipment, and go into the field where the conflict may occur, and "hook up" to the network and mark the location of the buried network by use of orange paint (provided by Denton ISD) and orange flags (provided by Denton ISD). These locates will be performed in accordance with industry standards as outlined in RFP #160329 and will take place in a timely manner as set forth by state and regulatory institutions. Usually 48 hours is the time allowed, except over weekends, holidays, and in emergency situations.

For the services listed above, FCI will be compensated monthly in the amount of \$6,864.08. The annual amount to be paid will be \$82,368.96. Any arrears will be billed separately and the new rate will be billed moving forward, once a month.
