

RESOLUTION # 2005-06-01

RESOLUTION TO TRANSFER CONTINGENCY APPROPRIATION

The Morrow County School District Food Service Fund covers all costs related to running the breakfast and lunch program in the district. Due to increased staffing put in place after the budget was adopted, the current budget does not have the capacity to cover the increased staff costs. Funds need to be transferred from the contingency appropriation to the 3120 expenditure appropriation to cover these increased costs.

In addition to added staffing costs, the sales tracking equipment is in need of replacement in order to reduce labor hours in this area.

Therefore, per ORS 294.450, the Board of Directors of Morrow County School District authorizes the transfer of \$75,000 from the contingency account 223 6110 810 000 000 to various expenditure accounts in 223 3120 100 thru 460 in all cost centers.

Dated: May 8, 2006

Craig Miles, Board Chairman

Mark Burrows, Superintendent
