Dear Mr. Lefko:

On March 31, 2023, the School District received your request for records, as follows:

The request includes two different topics. The first is communications between the D90 data consultant and D90 administration including Ed Condon and Alison Hawley. The second requests the survey given to Roosevelt students regarding block scheduling and all communications between D90 data consultant and any employee of D90 that includes raw data, mention of results, and interpretations.

- 1. Please provide all documents, electronic messages, meeting notes, notes otherwise, recorded conversations or recorded meetings, including all communications between the D90 data consultant and Ed Condon and/or Alison Hawley for the past six months (ending 9/30,2022).*
- 2. Please provide a copy of the final survey administered at Roosevelt Middle School to students regarding block scheduling during the past 12 months. Please also include a copy of all survey results, all raw data and all communications including any mention of survey results or interpretation. Records can be provided digitally or in hard copy.*

While the School District attempts to process all such requests as expeditiously as possible, we anticipate a delay in processing your request for the reason or reasons checked below:

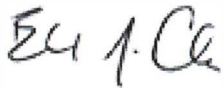

- The requested records are stored in whole or in part at locations other than the office having charge of the records.
- The request requires the collection of a substantial number of specified records.
- The request is couched in categorical terms and requires an extensive search for the requested records.
- The requested records have not been located in the course of routine search and additional efforts are being made to locate them.
- The requested records require examination and evaluation by personnel having the necessary competence and discretion to determine if they are exempt from disclosure or should be revealed only with appropriate deletions.

- The request for records cannot be complied with by the District within the time limits set forth in the Illinois Freedom of Information Act without unduly burdening or interfering with the operations of the District.
- There is a need for consultation, which will be conducted with all practicable speed, with another public body or among two or more components of a public body having a substantial interest in the determination or in the subject matter of the request.

This extends the response deadline by five (5) business days, to April 14, 2023. If you have any questions regarding the content of this correspondence, please contact the School District's Administrative Office for assistance.

Sincerely,

RIVER FOREST SCHOOL DISTRICT NO. 90
