Board of Education

**From:** Jessica Washausen  
PK-5 Curriculum Coordinator

**Date:** January 26, 2026

**Subject:** January Board Report

## **January 2026 Board Report**

### **Aimsweb Plus**

Aimsweb Plus is an online assessment and data platform used to benchmark student performance in reading and mathematics at the beginning, middle, and end of each school year. All students in grades K–5 have been benchmarked twice this year. As staff continue to analyze and understand Aimsweb Plus data, the district is able to make more informed, data-driven instructional decisions. The information provided by Aimsweb Plus is critical for evaluating the effectiveness of district curricula, monitoring student growth at both the classroom and individual levels, and identifying students who may need additional instructional support. This system allows the district to respond proactively to student needs and ensures instructional practices are aligned with student performance data.
