Re: Approval of Networking Equipment at CHS

The 2023 Bond election includes the renovation of CHS which added additional classrooms in the new CTE area and New Tech High School which added needed network infrastructure. The new equipment would support the additional spaces.

The proposal from World Wide Technology was procured in accordance with Texas Education Code §44.031 through the cooperative purchasing method of procurement with the DIR Cooperative. We will be paying for these upgrades out of remaining funds from the 2023 bond proceeds.

RECOMMENDATION: That the Coppell ISD Board of Trustees approve the proposal from World Wide Technology for the purchase and installation of network switching equipment not to exceed \$125,000.
